After qualification, the offering price will be adjusted after each fiscal month to reflect the current net book value (divided by the total number of outstanding Class A, B and C shares), which is the current net worth (assets less total liabilities divided by the total number of outstanding common shares (initially Class A, B and C shares). OFFERING SUMMARY

This summary highlights selected information from this document and may not contain all the information that is important to you. To understand the Offering fully, you should carefully read the entire document.

Agri-Laboratories, Ltd. ("Agri-Labs") is a Delaware corporation formed in August of 1984. It is a wholesale distributor of pesticides, insecticides, pharmaceuticals and biologicals in the global animal health market. It purchases these products from over 50 manufacturers and resells them at mark up over its cost to animal health product distributors (its Class A shareholders). These distributors in turn sell the product to veterinarians, retail stores, livestock producers and other consumers. Title to the goods passes to the distributors when sold, and Agri-Labs recognizes revenues on an accrual basis when the goods are sold.

Agri-Labs' current capital structure consists of Class A common stock, Class B and Class C common stock. Class A shares are voting shares with each Class A stockholder entitled to one (1) vote for each Class A share held. Class A shareholders are entitled to vote on any matter which shareholders are entitled to vote on pursuant to the Bylaws of Agri-Labs. The Company was initially organized with 15 Class A shareholders each purchasing 10,000 shares followed by a second purchase of 5,000 shares for a total of 15,000 Class A shares at \$1 per share, amounting to an initial capitalization of \$225,000. There are currently 17 Class A shareholders, with each owning 15,000 shares. The most recent purchase of 15,000 Class A shares occurred in 2006 for a price of \$21.17 per share for an aggregate purchase price of \$325,500. Class A shareholders are all retail distributors of products distributed by Agri-Labs.

Class B and Class C shares are non-voting shares which only entitle Class B and Class C shareholders to dividends. Class B shares are only offered to employees of Class A shareholders and employees of Agri-Labs or outside directors. Class C shares are only offered to veterinarians and/or veterinarian clinics who purchase product from Agri-Labs. Class B shares are offered to create an incentive within the Agri-Labs distributor network for sales people to market Agri-Labs' products. This ownership stake of the distributor network allows the marketing force to participate, through dividends, in the overall profitability of the Company. Class C shares are offered to create an incentive within the veterinarian channel of trade to recommend Agri-Labs products for use by customers of the veterinarians.

Class B shares historically have been purchased at book value, as adjusted on a monthly basis by the Company. Initially, in 1986, a limited number of Class B shares were issued. Since 1991, Agri-Labs has offered ownership of Class B shares on a continuing basis to its distribution network of sales representatives and staff. Agri-Labs has declared an annual dividend on Class B shares every year since 1987. From 1993 through 2006 that annual dividend has been either \$1.00 or \$1.10 per share. For 2007 that dividend was \$1.15. For the period from 2000 through 2002 dividends on Class B shares were prorated to reflect the length of ownership of the shares during the calendar year for which the dividend was declared.

The Class B shares have been a key factor in Agri-Labs developing one of the most successful distribution networks in the United States. Ownership by its distributor shareholders, with its attendant participation and loyalty, has been a primary ingredient in this success. In

addition to continuing its Class B shares incentive program for its distributors on a larger scale, Agri-Labs proposes to build on this success in developing other market areas through the issuance of Class C shares.

Class C shares historically have been purchased at book value, as adjusted on a monthly basis by the Company. Initially, in 2004, Class C shares were issued. Since 2004, Agri-Labs has offered ownership of Class C shares on a continuing basis to its distribution network of veterinarians. Agri-Labs has declared an annual dividend on Class C shares every year since 2004. In the year 2004 the dividend declared was \$0.50. For the years 2005 & 2006 the dividend was \$1.10. For the year 2007, the dividend was \$1.15.

In October of 1998, under a unique manufacturer/distributor agreement, Agri-Labs helped develop and launch a new line of MLV cattle vaccines, marketed under the trade names of TITANIUM® and MASTER GUARD®. Agri-Labs has the exclusive right to distribute these vaccines. It proposes to primarily grow the market for the vaccines through distribution to consulting veterinarians who control large numbers of cattle by servicing feedlots, dairies and ranchers who control large numbers of cattle. The target market for these efforts will be Arkansas, Georgia, Illinois, Indiana, Kansas, Kentucky, Michigan, Missouri, Montana, Nebraska, New York, California, Oklahoma, Texas, South Dakota, Idaho, New Mexico, Wisconsin, Minnesota and Iowa, Pennsylvania.

Agri-Labs implemented a program which emulates the successful features of its Class B shares with its Class C shares which creates an incentive for veterinarians to distribute Agri-Labs vaccines. This program involves the issuance of Class C stock, which is only available to licensed practicing veterinarians or business entities comprised of veterinarians. The Shares are purchased for cash consideration at the equivalent price of Class A and B shares. The Class C shares must be purchased in 1,000 share increments. The Class C shareholder is required to maintain sales of \$50,000 annually in the sale of Agri-Labs' products or the shares will be subject to redemption by Agri-Labs at the then current book value. The Class C shares can also be redeemed at book value in the event of death, disability, retirement, loss of license to practice veterinary medicine, dissolution, merger or withdrawal from the practice of veterinary medicine for any reason.

The declaration of dividends is subject to the discretion of the Board of Directors. The Board is not obligated to declare dividends equally across all classes of shares. Historically, the Board has declared dividends with respect to Class B shares for each calendar year since 1987 through 2005. The first dividend for Class B shares was \$0.25 per share in 1987. The dividend has been a \$1.10 per Class B share for the years 1998 through 2006, and \$1.15 for the year 2007. For the years 2000 to 2002 the Class B dividend was prorated to reflect the length of ownership of the shares. A dividend in the amount of \$0.50 per share was declared for 2004, the dividend was \$1.10 per Class C share for the years 2005 and 2006, and the dividend declared was \$1.15 for the year 2007. Agri-Labs has never declared a dividend on Class A shares.

Investors who desire to subscribe to either Class B or Class C shares must complete and sign the appropriate Subscription Agreement. All purchasers of shares will be subject to substantial restrictions on transfer of the Shares provided in the Bylaws of Agri-Labs and in the

Subscription Agreement. These shares may not be sold or transferred by the holder without the consent of Agri-Labs. Upon notice of intent to transfer the shares, Agri-Labs has an option or right of first refusal to purchase the shares at book value. See the “Description of Securities” section of this Offering Circular.

RISK FACTORS

Before you invest in our Class B or Class C common stock, you should be aware that there are various risks, including those described below. You should carefully consider these risk factors, together with all the other information included in this Prospectus.

This Is A Best Efforts Offering Without A Minimum Sales Amount Or Escrow. This Offering is being made on a best effort basis, directly by Agri-Labs, and there is no minimum offering amount that must be reached before Agri-Labs can access the funds. No escrow account has been established and all subscription funds will be paid directly to the Company. Subscriptions are irrevocable. A shareholder will not be entitled to a return of his or her purchase price based on the failure of Agri-Labs to achieve any minimum level of sales in this Offering. If a shareholder wishes to rescind the purchase, that request will be subject to Agri-Labs ability to redeem the shares as provided in its Bylaws. Also, since no minimum purchase amount is required, it is possible that the issuer would only sell a nominal amount of shares and might not have sufficient proceeds to further the goals of this Offering.

¹ The shares are being offered at the book value per share, which is the net worth (assets less total liabilities) divided by the total number of outstanding common shares (Class A, B and C shares). The current book value is \$24.10 per share. The offering price will be adjusted after each month to reflect the current book value (net worth divided by the total number of outstanding Class A, B and C shares). In no event will this adjustment exceed a price per share which would result in the aggregate offering price exceeding \$4,963,486.04.

² See Footnote 1

There Are Substantial Restrictions On Transfer Of The Shares. The Class B and C Shares purchased in this Offering are subject to strict restrictions on transfers contained in the Bylaws of Agri-Labs. The Shares may not be sold or transferred without the consent of Agri-Labs, and Agri-Labs has an option of right of first refusal for 60 days from written notice of the proposed transfer to exercise its option to purchase the Shares at the book value of the Shares as determined by the Company's accountants at the end of the month preceding the date Agri-Labs notifies the shareholder it is exercising its option.

Historically (from 1994 through 1998) 45 Class B shareholders have requested approval to transfer 34,791 Class B shares to third parties. Agri-Labs has always allowed the transfer when the shareholder has proposed to transfer Class B shares and has not been required to redeem any of the shares in these transactions. No Class C shareholders have requested a transfer of their Class C shares.

No Obligation To Repurchase The Shares. Even though Agri-Labs has the option of right of first refusal to purchase the Shares of any shareholder proposing to transfer the Shares, it is not obligated to do so. Further, depending on the number of shareholders proposing to transfer at any point in time, Agri-Labs may not have the financial resources to do so.

There Is No Trading Market For The Shares. There will be no active secondary trading market in the Class B and C shares purchased in this Offering. The Shares will not be eligible for listing on any stock exchange or for quotation on NASDAQ, and Agri-Labs does not intend to obtain such a listing or approval. Investors may not be able to liquidate their investment in the event Agri-Labs elects not to or is unable to redeem the shares.

Ownership Of Class B Shares Can Be Terminated At The Option Of Agri-Labs If The Shareholder's Employment Or Affiliation With The Company Or A Class A Shareholder Is Terminated. Under the terms of the Bylaws and terms of the Subscription Agreement, in order to purchase Class B shares, a purchaser must be employed by Agri-Labs, be an outside director of AgriLabs, or be a Class A Shareholder of Agri-Labs or employee thereof. If the shareholder's employment or affiliation with that Class A Shareholder or with Agri-Labs is terminated for any reason (including death or retirement), or if the Class A shareholder shall no longer be a Class A shareholder or a retail distributor of Agri-Labs for any reason, under the Bylaws and terms of the Subscription Agreement Agri-Labs has the option to repurchase the Shares at book value, as determined by the Company's accountants at the end of the month preceding written notice of the Company's intent to exercise this option.

Historically, when a Class B shareholder has terminated employment, has died, is no longer an Outside Director of the company, or when that shareholder's employer has terminated a Class A shareholder distribution agreement with Agri-Labs or has been terminated by a Class A shareholder, the Class B shares have either been redeemed or a transfer to a qualified third party has been approved. In total 128 Class B shareholders holding 88,198 Class B shares have been subject to redemption or transfer of shares because of termination of qualified status. Of these, 90 Class B shareholders holding 64,197 shares have had their shares redeemed by Agri-Labs. The remaining 38 shareholders holding 27,501 Class B shares have been allowed to transfer their shares to qualified third parties.

Ownership Of Class C Shares Can Be Terminated At The Option Of Agri-Labs If The Shareholder Ceases To Practice Veterinary Medicine Or Fails To Maintain Minimum Product Purchase Requirements. In order to purchase Class C shares, a purchaser must be a licensed, practicing veterinarian or a business comprised of veterinarians. Further, the purchasers must generate on an annual basis \$50,000 of Agri-Labs' product sales. Subsequent to the purchase of Class C shares, if the shareholder ceases to be engaged in the practice of veterinary medicine, or fails to meet the minimum annual sales requirements of \$50,000 of general products, Agri-Labs has the option to repurchase the shares at book value, as determined by the Company's accountants at the end of the month preceding the written notice of the Company's intent to exercise this option.

Forward-Looking Statements May Be Inaccurate. This Offering Circular contains financial projections and forward-looking statements that are based on management's beliefs and assumptions as determined by current information available. When used in this Offering Circular words such as "anticipate," "believe," "estimate," and depending on the context "may," and similar expressions are intended to identify forward-looking statements. However, such statements only reflect management's current view with respect to future events, and are subject to risk of uncertainty and the risk that the underlying assumptions may prove inaccurate. Agri-Labs' actual performance may fall materially short of the financial projections and actual results may vary from those anticipated or estimated.

Agri-Labs' Ability To Pay Dividends On Class B and Class C Shares In The Future Can Not Be Guaranteed. Agri-Labs has declared a dividend on Class B shares for each calendar year from 1987 through 2007. The first dividend declared by Agri-Labs in 1987 on Class B shares was for \$0.25 per share. The dividend has been \$1.10 per share between 1998 and 2006. The dividend was \$1.15 per share for the year 2007. For the years 2000 to 2002 those dividends were prorated to reflect the length of ownership of the Class B shares during the year for which the dividend was declared. Class C dividends have been paid since the issuance of Class C shares in 2004 with a \$.50 per shares dividend declared for 2004, a \$1.10 dividend declared for the years 2005 and 2006, and a \$1.15 dividend declared for the year 2007. Though the Company historically has been able to pay dividends on Class B and Class C shares, there is no guarantee that Agri-Labs' profitability and ability to pay dividends on Class B or Class C shares in the future will continue.

The declaration of dividends is subject to the discretion of the Board of Directors. The Board is not obligated to declare dividends equally across all classes of shares and it may act preferentially with respect to one or more classes of shares. Historically, the Board has declared dividends on Class B and Class C shares, but not Class A shares. Going forward it intends to declare dividends on Class B and Class C shares equally, but not on Class A shares. However, the ultimate decision on declaring dividends in the future is subject to the unrestricted discretion of the Board of Directors.

Changes In The Animal Health Biologicals And Pharmaceuticals Industry Could Adversely Affect Our Business. The wholesale distribution industry for pesticides, insecticides,

pharmaceuticals and biologicals in the global animal health market is subject to changing political, economic and regulatory influences. Both state and federal government agencies regulate the distribution of certain animal health products. All pharmaceutical products Agri-Labs sells are regulated by the Food and Drug Administration ("FDA"). Biological products are registered by the United States Department of Agriculture ("USDA"). Insecticides are regulated by the Environmental Protection Agency ("EPA"). Also, Agri-Labs is subject to regulation by the Drug Enforcement Administration ("DEA"). Each of these regulatory agencies have significant rules and regulations that must be adhered to in order to remain in compliance. An adverse finding regarding the compliance of Agri-Labs with these regulations could negatively impact sales and profits of the Company. Furthermore, the regulatory stance these agencies take can be affected by who is in control of the executive and legislative branches of government. Our suppliers are subject to regulation by the Department of Agriculture and rely, in part, on farm and agricultural subsidy programs. If funding for such programs is reduced, there is a risk our product supply would diminish, which would lead to decreased sales. These factors affect our purchasing practices and the operation of our business.

There is a trend within this industry toward consolidation to create integrated delivery systems with greater market presence. As this industry consolidates, competition for customers will become more intense and the importance of acquiring each customer will become greater.

Loss Of Agri-Labs' Relationship With Key Distributors Could Materially Affect Its Business. Agri-Labs' customer base is comprised of several retail distributors of its animal health products. Ninety Six percent (96%) of its annual revenues are generated by its 17 Class A shareholders. Agri-Labs top five (5) distributors in 2007 represented approximately Sixty Seven and One-Half Percent (67.53)% of its total revenues. The U.S. animal health market over the last 12 years has experienced consolidation of manufacturers and distributors. It is predicted that this trend will continue and consolidation of distributors could have a negative impact on Agri-Labs' customer base. A change in ownership of its top five (5) distributors has the potential to adversely impact future revenue for Agri-Labs if new owners determine to discontinue doing business with Agri-Labs.

Loss Of Agri-Labs' Relationship With Key Suppliers Could Materially Affect Its Business. It is typical for many animal health products produced in the United States, especially generic drugs, to rely on raw ingredients from international sources. Some of the raw materials used for Abbreviated New Animal Drug Applications ("ANADA") products owned by Agri-Labs are sourced from raw ingredient suppliers outside the United States in such countries as China, India and Ireland. Adverse conditions related to trade relations, international affairs or other political factors could limit the supply of key products marketed to and/or sold by Agri-Labs. This could result in a supply shortage for its customer base, which could affect its revenue and profit potential.

The Introduction Of New Products Into The Cattle Vaccine Market To Compete With TITANIUM® And/Or MASTER GUARD® Vaccines Could Materially Affect Agri-Labs' Business. In the event new product vaccines are developed that compete with Agri-Labs cattle vaccines, the company's annual revenues could be affected, which may materially adversely affect its revenues.

USE OF PROCEEDS

The primary business purpose in issuing Class B and Class C shares is not to raise capital for business needs, although the funds raised will provide working capital for the general needs of Agri-Labs to fund future growth and the redemption of Class A, B and C shares as needed. The primary reason for issuance of the shares is to create an incentive within the distribution network of Agri-Labs to market Agri-Labs' products. This ownership stake provides an economic incentive for salesmen to market and veterinarians to use and prescribe Agri-Labs' products. It builds and promotes brand loyalty within the distribution network and key veterinary clinics. The proceeds from the Offering will be reflected on Agri-Labs' balance sheet as contributed capital, and will be retained as working capital and applied by Agri-Labs for its general business needs to maintain current levels of capital as industry consolidation occurs.

The anticipated uses of the proceeds from this Offering is contained in the following table:

Gross aggregate proceeds	\$4,820,000.00
less offering expenses	\$0.00 ³
net proceeds after offering expenses	<u>\$4,820,000.00</u>

Principal Purposes	25% Proceeds		50% Proceeds		75% Proceeds		100% Proceeds	
	(.00)		(.00)		(.00)		(.00)	
R & D Investments	\$1,205,000.00	100%	\$1,205,000.00	50%	\$1,807,500.00	50%	\$2,410,000.00	50%
Product Acquisition			\$964,000.00	40%	\$1,084,500.00	30%	\$1,446,000.00	30%
Infrastructure			\$241,000.00	10%	\$361,500.00	10%	\$482,000.00	10%
Marketing					\$361,500.00	10%	\$482,000.00	10%
Total	\$1,205,000.00	100%	\$2,410,000.00	100%	\$3,615,000.00	100%	\$4,820,000.00	100%

The research and development (R & D Investments) use of proceeds described above will fund the development of extensions to current product lines involving cattle biologicals, and the development of new biologicals, generic pharmaceuticals and new animal pharmaceuticals. The Product Acquisition category would potentially fund the cost of acquiring biological and pharmaceutical products from other animal health manufacturers currently marketing such products who are divesting themselves of the products. Infrastructure expenditures would involve the cost to fund additional equipment and personnel as the Company grows. Finally, anticipated use of proceeds for marketing would involve supporting strategies to grow and enhance products and markets such as advertising, customer education, industry promotional events and customer purchase incentives.

³ Offering expenses estimated at \$30,000 which include printing, accounting and legal services, are paid directly by the Company from revenue sources other than the Offering Proceeds.

Agri-Labs is a leader in distribution, marketing and sales in the United States.

Agri-Labs is a marketing and sales company with a history of successful product introductions in all animal health species. Agri-Labs is owned by its distributor shareholders. Their combined

sales represent over \$1.2 billion in product sales or 47% of the total animal health products sold in the United States. In an era when manufacturers are cutting back on direct sales forces and relying more on outside distributors with marketing capabilities, Agri-Labs stands apart. Agri-Labs functions as an active marketing partner exploring markets and developing products with its animal health product suppliers.

Agri-Labs' mission goes beyond providing quality animal health products to the industry. Agri-Labs believes it is critical to strengthen the partnerships with its customers, its distribution network and the manufacturers with which it works. These professional partnerships will enable Agri-Labs to better serve its mutual customers.

Agri-Labs represents the interests of the manufacturers in the industry. The Company's distribution network allows animal health product providers to maintain and increase production volume while introducing and supporting products in new market territories. In an effort to expand animal health sales both domestically and internationally, Agri-Labs has entered into joint ventures with manufacturers which have helped develop and market new products, and reintroduced and extended the market life of existing, older products.

Agri-Labs facilitates the development and marketing of new animal health products by serving as an intermediary between researchers and research & development firms/manufacturers. It actively seeks out researchers who are developing solutions to meet the need for new products and arranges a relationship between researchers who originate the product concept and research & development/manufacturing firms who can provide the resources to obtain government approval and bring the product to market. In exchange for its services, Agri-Labs attempts to position itself to obtain the exclusive right to market the resulting product. It is currently engaged in such projects with at least five manufacturers/research & development entities.

Distribution and Sales.

The heart and soul of Agri-Labs is its distributor network. From its founding, every distributor was in an ownership position with the Company. Currently, elected representatives of shareholders serve on the Board of Directors participating actively in policy making. This management/distributor relationship gives Agri-Labs a unique perspective on the market. A direct result of shareholders' input is the Company's marketing approach. It does not market its products based on individual animal species market demand. Rather, it bundles its products across multiple species markets, e.g., bovine, equine and swine market demand. This offers end-users virtually all products needed for any operation whether they be pharmaceuticals, biologicals, insecticides or accessories. This 'bundling' makes product decisions simpler and provides a springboard for driving sales across multiple species market opportunities. Agri-Labs distribution network consists of 425 outside sales representatives of Class A shareholders who market the products by traveling to and personal contact with potential purchasers. It also utilizes a staff of 225 inside sales representatives who are engaged in on-site telemarketing from Class A shareholder's office locations. In addition, Agri-Labs has field-based sales representatives and a field technical service staff to support our products. Agri-Labs distribution through its Class A shareholders has 140 locations located throughout the United States to reach

customers in all specie segments. These distribution locations are retail stores or branch stores of Class A shareholders which are retail sales outlets for products distributed by Agri-Labs. Agri-Labs provides comprehensive training, up-to-the-minute technical data and complete product information. The Company's approach to marketing is also seen in its sales training seminars and incentive programs. Agri-Labs markets, distributes and sells products through our warehouse and shipping facility based in St. Joseph, Missouri. Agri-Labs' experienced and knowledgeable sales and marketing team can provide manufacturers a strong partner to bring products to the marketplace.

Support

Aside from the efficiency of the distribution/sales network, the biggest advantage manufacturers derive from a partnership with Agri-Labs is the marketing support. The Agri-Labs management team represents over 150 years of marketing and sales experience. This wide-ranging experience has allowed management to develop and initiate a marketing program that has proven success.

Agri-Labs' Purpose.

Agri-Labs' fundamental purpose is to be the most reliable, honest and innovative animal health company by providing more value and service to its customers.

Agri-Labs targets all marketing efforts toward making purchasing decisions easy. The distinctive and attractive labeling on all of the Company's product lines is designed to achieve maximum brand awareness and encourage brand loyalty and cross-purchasing. Product catalogs are directed at individual market segments. Veterinarians, beef/dairy, swine and poultry producers can find all their pharmaceutical, biological, insecticide and sundry needs in one place, as can pet owners and horse owners.

The Company engages in extensive advertising efforts on national and regional levels while providing distributors, veterinarians and retailers with promotional materials and powerful incentive programs. The sales force is provided with technical information, product comparisons and sales oriented consumer aids. To increase market demand and resulting sales the Company frequently employs direct mailings to targeted market groups. Agri-Labs can respond rapidly to the market and most requests and inquiries can be handled immediately on the local level.

Innovation.

The establishment of Agri-Labs in 1984 was an innovation in itself. Since then the Company has continued to break new ground in the industry.

Agri-Labs was one of the first agri-marketing distributors to apply for, and be granted, an Abbreviated New Animal Drug Application (ANADA) under the Generic Drug Law. To date the Company has been awarded twelve (12) ANADAs and continues to be active in ANADA and New Animal Drug Application (NADA) development and acquisition. The Company currently owns twelve (12) ANADAs. It owns no NADAs.

The Generic Animal Drug and Patent Term Restoration Act (GADPTRA) was enacted into law in 1988. Essentially it established a mechanism for obtaining approval of generic copies of pioneer NADAs with reduced testing requirements since the products had already been proven safe and effective. This created the Abbreviated New Animal Drug Application or ANADA. It also has a provision to restore a certain amount of patent protection to the pioneer company to compensate for protection lost during FDA regulatory review. The regulatory approval process requires demonstration of either chemical equivalency or actual bioequivalency depending on the dosage form in question. All true solution dosage forms or products that are constituted into a solution prior to administration (soluble powders) qualify for a waiver from conducting bioequivalency testing and only require demonstration that the product formulation is the same or nearly the same as the pioneer and is stable. Other dosage forms (pastes, tablets, suspensions) generally require bioequivalency testing versus the pioneer product. This usually is in the form of a blood level bioequivalency study but can be a clinical bioequivalency study if measurable blood levels of the product in question are not attainable. These studies along with other data are submitted to the Center for Veterinary Medicine (CVM) as an ANADA. CVM is a division of the Food and Drug Administration (FDA). If all data submitted is determined by CVM to be satisfactory and the manufacturer of the finished product is considered to be in compliance with Current Good Manufacturing Practices (CGMPs), the CVM will issue an approval letter to the sponsor of the application. The product can then be legally marketed.

The significance of owning ANADAs has been and is providing a proprietary product and position to remain competitive and provide a greater return to our shareholders than simply buying and selling product owned by manufacturers or suppliers. It also affords Agri-Labs greater control and flexibility in managing and growing our business.

Agri-Labs has also been recognized by the industry for its marketing support. Throughout the years the Company has been an active and enthusiastic supporter of the National Cattlemen's Beef Association ("NCBA") and the National Pork Producers Council ("NPPC") programs and events.

The company took another innovative step in 1998. To expedite product development, conduct first hand product research and provide technical assistance, the Company hired a Doctor of Veterinary Medicine to head up its Tech Services Team. Today, the Company has a full team of experts to provide technical support to its customers. Additionally, veterinarian distribution was added in 1997 and currently represents approximately 45% of annual revenue.

Since 1997 Agri-Labs has entered into exclusive business arrangements and technology transfer agreements which have allowed the Company to introduce TOP LINE® and DOUBLE IMPACT® ivermectin, insecticides and launch a line of MLV cattle vaccines: TITANIUM® and MASTERGUARD®.

In 1984, the founders of Agri-Laboratories, Ltd. took a look at the animal health industry and decided that things could be done in a different, better way. They recognized that a well managed network of diversified, independent distributors could get more manufacturers' products into the hands of more producers, more efficiently. Innovation is a way of life at Agri-

Labs. Everyday the Company continues to look into opportunities and possibilities for improvement upon how it does business.

Agri-Labs currently markets more than 750 products through its branded product lines of Agri-Labs®, ProLabs®, and Tradewinds®. Through these multiple brands it can reach the United States' market in each marketing channel for its customers.

Number of Employees

During the 2007 calendar year Agri-Labs had fifty-three (53) full time employees. In 2004 it had forty-four (44) full time employees and three (3) part time employees.

Short-Term Liquidity and Capital Resources

The Company's amount of accounts receivable vary from month to month and can reach relatively high levels. However, this is not indicative of any cash flow problems or difficulty with collections. Rather, it is largely a consequence of extended payment terms offered to its customers. This is a common practice in the animal health industry utilized to move inventory because of the dating or relatively limited shelf life of the products. Extended payment terms are frequently provided by Agri-Labs' suppliers and are passed through to customers. Also, these terms are utilized as a marketing and promotional tool to move product out of the Company's warehouse to our customers. To the extent Agri-Labs can load up its customers' inventory, it lessens the opportunities for competitors to make inroads in selling their products to our customers. The extended payment terms can vary from 60 to 120 days, or longer, depending on the profitability of the product and how critical the sale of the product is to current business needs. Notwithstanding the occasional spike in the level of these receivables, the Company has never experienced significant collection problems. Historically, less than one percent (1%) of accounts receivable have become past due. The Company has a solid record for customer collections. Consequently it does not believe any allowance for doubtful accounts is warranted in its financial statements.

The Company does have short-term working capital requirements to carry these receivables, purchase inventory and meet its operating needs. However, these needs are adequately provided for by adequate credit limits and payment terms provided by the Company's suppliers and through outside bank financing. The Company has a \$10 million line of credit through Commerce Bank, the Company's lender for over 15 years, at 1% below prime. The Company is in compliance with the covenants of the loan agreement and engages in periodic discussion with bank officers on the Company's direction and needs. Agri-Labs believes an increase in this line of credit could be obtained if needed. The Company's short-term working capital requirements is not one of the reasons for this Offering.

Competitive Conditions

Manufacturers of biologicals and pharmaceuticals products have the option of selling their products directly to livestock producers, veterinarians and dealers or using independent distributors, private label companies and marketing companies. Agri-Labs is positioned in the

industry as a private label company and marketing company with no proprietary manufacturing capacity. It works with manufacturers to produce the Company's private label and proprietary products. Agri-Labs aligns itself with manufacturers who need sales and marketing expertise and a distribution network to bring products to the veterinary and retail livestock and consumer markets in the most economical manner. Agri-Labs competes with manufacturers of products with similar label indications that sell their products directly to veterinarians and these retail markets.

Agri-Labs has successfully competed in this market since 1984 by providing an outlet for manufacturers of animal health at a competitive price. By utilizing the volume purchasing opportunities of its distribution networks, it is able to provide animal health products to its distribution customers and their customers at competitive prices. Its competitive advantage is gained from having less infrastructure and overhead expense than its competitors, manufacturers who directly market their products, who must maintain the overhead and staff to support manufacturing operations. Agri-Labs supports its competitive pricing with marketing and sales support for its distribution network.

Agri-Labs' ownership of generic drugs and its development of proprietary biologicals has provided Agri-Labs an additional opportunity to compete with major manufacturers in product categories that are more profitable and have a longer product life cycle than comparable products.

The animal health industry continues to experience consolidation of the livestock industry that includes beef and dairy cattle, swine and poultry. This consolidation has given rise to pricing pressures on commonly used animal health products. The need of manufacturers to move products through production to maintain large inventories has provided pressure to discount the price of products. Also, significant FDA regulations have inhibited suppliers to Agri-Labs from introducing new products and maintaining a consistent supply of current products to distribute. These factors combine to limit supplies and therefore sales opportunities.

The Business of Tradewinds, Inc., a Wholly Owned Subsidiary

Tradewinds, Inc. ("Tradewinds") is a wholly owned subsidiary of Agri-Labs. The officers of Tradewinds are all officers of Agri-Labs: Steve Schram is President, Terry Christie is Secretary and Helen Taylor is Treasurer. The business of Tradewinds consists of selling selected animal health products of Agri-Labs under the brand name of Tradewinds to distributors who are not Class A shareholders of Agri-Labs. This allows Agri-Labs to reach a broader market with these selected products. The focus of these products is the over-the-counter, companion animal, pharmaceutical and biological products.

Research and Development/Technical Trials

Agri-Labs in the regular course of its business enters into joint development agreements with manufacturers. Pursuant to these agreements Agri-Labs obtains exclusive marketing rights for the resulting products and/or royalty payments or a share of profits in exchange for funding part of the research and development costs. Agri-Labs is constantly looking for ANADA and NADA products to develop and acquire. It routinely funds technical trials, veterinary tests and research and development costs to insure there is a market for these products.

Terry Christie, Vice President of Research and Development of Agri-Labs, serves as the leader of a Product Review Team ("PRT") whose function is to review and approve all biological and pharmaceutical research projects. Once a project is approved by the PRT and Agri-Labs' Board of Directors, the PRT assigns responsibility for each project and monitors the progress on a monthly basis. Mr. Christie leads and coordinates any pharmaceutical project if developmental work is required. This work typically requires finding and developing an active ingredient source, finding and reaching an agreement with a finished product manufacturer, developing a finished product, coordinating all testing and compilation of data necessary to file an ANADA. Mr. Christie prepares the ANADA application if Agri-Labs is going to be the sponsor of the application and does all of the regulatory follow up with the CVM until the application is approved. He also does all post-approval regulatory work.

Agri-Labs is involved in research and development activities to obtain a proprietary interest in products. This leads to higher risk, but also creates the opportunity for higher profitability and return to shareholders than simply buying and selling product. To date, the Company has been successful in these endeavors and returns have outweighed the risk. Of course, there is no guarantee this trend will continue.

During the 2007 calendar year Agri-Labs spent \$439,567.00 on research and development. In 2006 it spent \$685,899.00 on research and development.

Characteristics Of Agri-Labs' Operations And Industry Which May Have An Impact Upon Future Financial Performance.

Agri-Labs currently has the exclusive right to market certain products. Investors should review the RISK FACTORS section of this Offering Circular with respect to the risk that Agri-Labs could lose the exclusive right to market these products.

Agri-Labs has entered into an agreement with Diamond Animal Health, Inc. for the exclusive right to market certain bovine vaccines. These products are known by the trade names TITANIUM® and MASTERGUARD®. Agri-Labs was given the exclusive right to market these products in exchange for its agreement to meet certain escalating levels of product distribution. The Second Amendment to the Amended and Restated Bovine Vaccine Distribution Agreement is dated December 10, 2004 and extends through December 15, 2009. The Third Amendment to the Agreement dated May 26, 2006, revises the 3rd and 4th quarter 2006 purchase orders, and revises the terms of the loan between Agri-Labs and Diamond. The loan has since been paid in full. The Fourth Amendment dated November 16, 2007, removes the exclusive right to market the products in Canada, and states that the distribution rights become non-exclusive after Contract Year 2009 through the remainder of the term of the Agreement. The exclusivity provisions in the contract are further expressly conditioned on Agri-Labs meeting a certain minimum volume of sales on an annual basis over the life of the contract. If Agri-Labs fails to meet these minimum product sales requirements it could lose the exclusive right to sell these vaccines. However, Agri-Labs owns the exclusive rights to the trade names and other potential future distributors of these vaccines could not use these trade names.

Investors should also review the RISK FACTORS section of this Offering Circular with respect to the risk that Agri-Labs' business could be materially adversely affected by the loss of its relationship with key distributors and suppliers.

The wholesale distribution industry for pesticides, insecticides, pharmaceuticals and biologicals in the global animal health market is subject to changing political, economic and regulatory influences. Both state and federal government agencies regulate the distribution of certain animal health products. All pharmaceutical products Agri-Labs sells are regulated by the Food and Drug Administration ("FDA"). Biological products are registered by the United States Department of Agriculture ("USDA"). Insecticides are regulated by the Environmental Protection Agency ("EPA"). Also, Agri-Labs is subject to regulation by the Drug Enforcement Administration ("DEA"). Each of these regulatory agencies has significant rules and regulations that must be adhered to in order to remain in compliance. An adverse finding regarding the

compliance of Agri-Labs with these regulations could negatively impact sales and profits of the Company. Furthermore, the regulatory stance these agencies take can be affected by who is in control of the executive and legislative branches of government. Our suppliers are subject to regulation by the Department of Agriculture and rely, in part, on farm and agricultural subsidy programs. If funding for such programs is reduced, there is a risk our product supply would diminish, which would lead to decreased sales. These factors affect our purchasing practices and the operation of our business.

Agri-Labs is directly affected by regulation by the FDA and the CVM, a division of the FDA. The CVM reviews all applications Agri-Labs submits for ANADAs and either denies or approves those applications. Furthermore, the FDA has authority to inspect Agri-Labs' physical facility with regard to storage and handling of pharmaceuticals. The FDA also has authority to remove from distribution products which Agri-Labs distributes.

Agri-Labs is only indirectly affected by regulation by the USDA, EPA and DEA. Agri-Labs does not directly interact with the USDA. It does not submit applications to the USDA for biologicals. However, it could be affected if the USDA took any adverse action with respect to the license for TITANIUM® and MASTERGUARD® held by Diamond Animal Health since Agri-Labs holds the exclusive rights to market these products. Also, the USDA and EPA have authority to remove from distribution products which Agri-Labs distributes. Agri-Labs has no direct interaction with the DEA. It does not distribute drugs which fall under the jurisdiction of the DEA, and therefore would not be affected by DEA action to remove products it regulates from distribution.

There is a trend within this industry toward consolidation to create integrated delivery systems with greater market presence. As this industry consolidates, competition for customers will become more intense and the importance of acquiring each customer will become greater.

There are currently 19,000 shares of Class C common stock outstanding.

Holders of Class A common stock are entitled to one vote per each Class A share held. Class A shareholders are entitled to vote on any matter for which shareholders are entitled to vote pursuant to the Bylaws of Agri-Labs. The voting rights of the holders of Class A shares are non-cumulative, which means that more than 50% of the Shares voting for the election of directors can elect all of the directors if they so choose. Class A shareholders are all entities that are retail distributors of Agri-Labs' products.

Class B and Class C shares are non-voting shares which only entitle Class B and Class C shareholders to dividends, if declared. The declaration of dividends is discretionary with the Board of Directors and the Board is not obligated to declare dividends equally across all classes of shares and it may act preferentially with respect to one or more classes of shares. Historically, the Board has declared dividends with respect to Class B shares every calendar year from 1987 through 2007. It has not declared dividends on Class A shares. The first dividend on Class B shares was \$0.25 per share in 1987. The dividend has been a \$1.10 per share for the years 1998 through 2006, and \$1.15 per share for the year 2007. For the years 2000 to 2002 those dividends have been prorated to reflect the length of ownership of the shares. Class C dividends have been paid since the issuance of Class C shares in 2004 with a \$.50 per share dividend declared for 2004, a \$1.10 dividend per share declared for 2005 and 2006, and a \$1.15 per share dividend declared for 2007. Going forward, it is the intention of the Board to declare dividends on Class B and C shares equally, but not Class A shares.

Class B shares may only be purchased by employees or outside directors of Agri-Labs or Class A shareholders or their employees. Class B shares are offered to create an incentive within Agri-Labs distributor network for sales people to market Agri-Labs' products. This ownership stake of the distributor network promotes brand loyalty and allows the marketing force to participate, through dividends, in the overall profitability of the Company.

Class C shares are only offered to licensed and practicing veterinarians or business entities comprised of veterinarians who qualify by purchasing minimum levels of Agri-Labs' products. The Class C shares must be purchased in 1,000 share increments. If the Class C shareholder does not maintain certain minimum levels of participation in distributing Agri-Labs' product in years subsequent to purchase (\$50,000 in annual general product sales) Agri-Labs has the option to redeem the Shares at the then current book value as determined by the Company's accountants at the end of the month preceding the written notice of the Company's intent to exercise this option.

The Class B and C shares when duly issued and sold pursuant to this Offering will be fully paid and non-assessable. Class A, B and C shares have equal rights with respect to any preference on liquidation.

None of the shares have any preemption rights or conversion rights. All of the shares (Class A, B and C) are subject to redemption rights contained in the Bylaws of Agri-Labs.

Class C shares are only offered to licensed and practicing veterinarians or business entities comprised of veterinarians. Purchasers must qualify by generating minimum levels of Agri-Labs' product sales. If the Class C shareholder does not maintain certain minimum levels of participation in distributing Agri-Labs' products in the years subsequent to purchase (\$50,000 of annual sales of general products) Agri-Labs has the option to redeem the Shares at their then current book values, as determined pursuant to the corporation's Bylaws.

Pursuant to Agri-Labs' Bylaws certain other acts or events will be deemed a "transfer" which will trigger the option of Agri-Labs to redeem the Class A, B or C Shares at book value and terminate the shareholder's ownership of the Shares. These acts include the breach of any contract by the shareholder existing between the shareholder and Agri-Labs, including but not limited to a breach of any confidentiality agreement, distribution agreement, license agreement or consignment agreement. Further, it includes termination of employment with Agri-Labs or a Class A shareholder, termination of the current Distribution Agreement between Agri-Labs and the Class A shareholder, or acquiring an equity ownership interest in a competitor of Agri-Labs within the animal biologicals or pharmaceuticals business. Also, if an individual Class C shareholder ceases to be engaged in the practice of veterinarian medicine, (by death, retirement or for any other reason), or if a business or entity comprised of a group shall be dissolved, merged or discontinue the active practice of veterinary medicine Agri-Labs has the option to repurchase the Class C shares at the then current at book value as determined by the Company's accountants at the end of the month preceding the written notice of the Company's intent to exercise this option.

Indemnification Of Officers, Directors and Employees. As authorized by the Delaware Code, the Bylaws of Agri-Labs provide that every person who is a director, officer or employee of the corporation shall be indemnified by Agri-Labs to the fullest extent permitted by the General Corporation Law of the State of Delaware. Further, Agri-Labs, if authorized by the Board of Directors, may purchase and maintain insurance on behalf of any such person to the fullest extent permitted by the General Corporation Law of the State of Delaware.

Limited Transferability And Lack Of Market Ability. The Class B and C shares purchased in this Offering are being offered in reliance on an exemption under Section 3(b) of the '33 Act and Regulation A. These Shares, as well as the Class A shares, are also subject to substantial further restrictions on transfer as contained in the Bylaws of Agri-Labs. Pursuant to these restrictions, the Shares may not be sold or otherwise transferred by the holder without the consent of Agri-Labs. Upon notice of intent to transfer the Shares, Agri-Labs has an option or right of first refusal to purchase the Shares at book value. This option must be exercised by written notice within 60 days of the next regularly scheduled Board of Directors meeting following the

Company's receipt of written notice of the proposed transfer. The purchase price is the book value determined by the Company's accountants at the end of the month preceding the date Agri-Labs provides written notice of its intent to exercise its option, and the closing on the purchase must occur within 30 days after the aforesaid 60 day period. If Agri-Labs does not purchase the Shares, the Shares may be transferred subject only to the requirement the Shares have been registered or confirmation that the transaction is exempt from registration under the '33 Act.

There is no public market for the Shares and there can be no assurance that a market will develop. The Shares will not be traded on any established market. The Shares will not be eligible for listing on any stock exchange or for quotation on NASDAQ, and Agri-Labs does not intend to obtain such a listing or approval. Investors may not be able to liquidate their investment should they choose to do so. The Shares should be purchased for long-term investment purposes only.

TERMS OF THE OFFERING

All purchasers will be required to execute a written Subscription Agreement to purchase either Class B or Class C shares. This Offering is being undertaken directly by Agri-Labs without an underwriter. Under the terms of the Offering, Agri-Labs is proposing to offer up to 100,000 shares of Class B stock and up to 100,000 shares of Class C stock. The shares are being offered at the book value per share, which is the net worth (assets less total liabilities) divided by the total number of outstanding Class A, B and C common shares. The current book value is \$24.10 per share. After qualification, the offering price will be adjusted monthly to reflect the current book value. In no event will this adjustment exceed a price per share which would result in the aggregate offering price exceeding \$4,963,486.04, (\$5,000,000 less \$36,513.96, the amount of securities sold under Regulation A within one (1) year prior to the qualification of this offering - since June 30, 2007). At the time of making any adjustment, the aggregate offering amount will be recalculated considering the shares already sold under the Offering and the shares to be sold at the new adjusted price. If the recalculated new aggregate offering amount would exceed \$5 Million the Company will either lower the aggregate number of shares it will issue under this Offering or it will adjust the price. In either event it will be mathematically impossible to exceed \$5 Million under any future adjustment based on terms disclosed in any supplemental Offering Circular. Class B shares must be purchased in minimum increments of 50 shares. Class C shares must be purchased in minimum increments of 1,000 shares. Class B and C shares are non-voting shares which will only entitle Class B and C shareholders to dividends, if declared. For the period 2000 to 2002, Agri-Labs pro-rated Class B dividends to reflect the length of time the Class B shares have been held during the year for which the dividend was declared.

Plan of Distribution

The Class B and C shares will be offered directly by Agri-Labs management. The individuals who will participate in the offer and distribution of the shares will be Steve Schram, the Chief Executive Officer of the Company, Cary Becker, Vice President of Sales and Helen

Taylor, the Chief Financial Officer. None of these individuals are subject to statutory disqualifications as defined in Section 3(a)(39) of the Securities and Exchange Act of 1934 (“1934 Act”), nor will any of them be compensated in connection with their participation in the offering by commission or other transaction-based compensation. Further, none of these individuals are associated persons of a broker-dealer, and all of them meet the conditions stated in Rule 3a4-1.(a)(4)(ii) under the 1934 Act. None of these individuals will be deemed a broker by virtue of compliance with Rule 3a4-1.

Class B shares may only be purchased by employees or outside directors of Agri-Labs or Class A shareholders or their employees. Ownership of Class A shares is limited to entities that have a current Distribution Agreement for Agri-Labs’ products. Class B shares are offered to create an economic incentive within Agri-Labs’ distribution networks for the sales force to market Agri-Labs’ products. This ownership stake of the distribution network promotes brand loyalty and allows the marketing force to participate in the profitability of the Company.

Class C shares are only offered to licensed and practicing veterinarians or business entities comprised of veterinarians. Purchasers must qualify by generating minimum levels of Agri-Labs’ product sales. If the Class C shareholder does not maintain certain minimum levels of participation in distributing Agri-Labs’ products in the years subsequent to purchase (\$50,000 of annual sales of general products) Agri-Labs has the option to redeem the Shares at their then current book value, as determined pursuant to the corporation’s Bylaws.

Pursuant to Agri-Labs’ Bylaws certain other acts or events will be deemed a “transfer” which will trigger the option of Agri-Labs to redeem the Shares at book value and terminate the shareholder’s ownership of the Shares. These acts include the breach of any contract by the shareholder existing between the shareholder and Agri-Labs, including but not limited to a breach of any confidentiality agreement, distribution agreement, license agreement or consignment agreement. Further, it includes termination of employment with Agri-Labs or a Class A shareholder, termination of the current Distribution Agreement between Agri-Labs and the Class A shareholder, or acquiring an equity ownership interest in a competitor of Agri-Labs within the animal biologicals or pharmaceuticals business. Also, if an individual Class C shareholder ceases to be engaged in the practice of veterinarian medicine, (by death, retirement or for any other reason), or if a business or entity comprised of a group shall be dissolved, merged or discontinue the active practice of veterinary medicine Agri-Labs will have the option to repurchase the Class C shares at the then current at book value as determined by the Company’s accountants at the end of the month preceding the written notice of the Company’s intent to exercise this option.

Agri-Labs reserves the right, in its sole discretion to refuse to accept a subscription from any person or entity, in whole or in part, for any reason or for no reason. This Offering will commence upon the date of this Offering Circular and will be done on a continuous basis thereafter until all of the allotted Shares are sold. The Offering is not contingent upon achieving a minimum offering by a specific date or ever. No escrow account has been established for deposit of the Offering proceeds. Subscription funds will be paid directly to Agri-Labs, and Agri-Labs will have immediate access to such funds. Subscriptions are irrevocable.

How To Subscribe. A purchaser of Class B or Class C shares must execute a "Subscription Agreement" which must be completed in full, signed and returned to Agri-Labs. The Subscription Agreement and full purchase price for the Shares should be delivered in person to Agri-Labs or by mail to:

Agri-Laboratories, Ltd.
Notes to Financial Statements
For The Years Ended December 31, 2007 and 2006

Note 1: Summary of significant accounting policies

Nature of Business – Agri-Laboratories, Ltd. is a sales and marketing company that markets private labels and distributes pesticides, insecticides, pharmaceuticals, and biologicals in the animal health market. The Company is owned by its distributors.

Principals of Consolidation – The consolidated financial statements include the accounts of the company and its wholly-owned subsidiaries, Tradewinds, Inc., and Pro Labs, Ltd. All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts Receivable – Receivables are reported at net realized value. The company calculates an allowance for doubtful account if deemed necessary after reviewing the accounts. No allowance was recorded at December 31, 2007 and 2006. There is no collateral on the accounts receivable.

Inventory – Inventory is stated at the lower of cost (average cost method) or market. Reported amounts have been reduced by an allowance for obsolete product based on a review of inventory on hand compared to future sales and product dating.

Property and Depreciation – Property and equipment are recorded at cost. Depreciation is provided on the straight-line method over the estimated useful lives of the respective assets.

Intangible Assets – Intangible assets relate to acquisition costs for trademarks and for marketing rights. Trademark acquisition costs are amortized over fifteen years. For the years ended December 31, 2007 and 2006 amortization expense included \$9,600 related to trademark acquisition cost for each year. At December 31, 2007 and 2006, accumulated amortization of Trademark was \$103,392 and \$93,792, respectively. The costs of the marketing rights are being amortized over the term of the agreement.

Deferred Tax Assets and Liabilities – Deferred tax assets and liabilities are recognized for the tax effect of differences between the financial statement and tax bases of assets and liabilities. A valuation allowance is established to reduce deferred tax assets if it is more likely than not that a deferred tax asset will not be realized.

Recoverability of Long-lived Assets – The company continually evaluates whether events and circumstances have occurred which might impair the recoverability of the carrying value of its long-lived assets, including intangibles. An asset deemed impaired is written down to its fair value if estimated future cash flows are less than its carrying value.

Income recognition – The Company records revenue at the time products are shipped to the customers. The Company does not allow for the return of merchandise except for certain sales of pharmaceuticals and biological products where there is an expiration date less than six months at

the date of the sale. These products, if not sold by the customer, are returnable to the Company. A reserve for obsolescence and returns is recorded by the Company, which includes estimated returns under this policy.

Advertising, Repair, and Maintenance Cost – These costs are expensed as incurred. The advertising expense was \$1,482,552 and \$1,304,866 in 2007 and 2006, respectively

Costs of Goods Sold – Includes, among other things, inbound and outbound freight cost while other warehousing cost are included in marketing and administrative.

Reclassification of Accounts – Certain reclassification of accounts in 2006 were made to conform to the 2007 presentation. These reclassifications had no effect on net income.

Note 2: Marketing Rights

In 2004 the Company amended the distribution agreement with a key supplier. Under the amended agreement, the Company agreed to pay a non-refundable fee to the supplier and agreed to an increase in pricing on certain bovine vaccines. The Company received marketing access to these bovine vaccines for distribution in the United States, Africa, and Mexico to December 2013. The Company will have exclusive marketing rights in these regions at least to December 2009 and non-exclusive marketing rights to distribute these products in Canada to 2009. To obtain these exclusive marketing rights the Company has agreed to purchase a certain amount of these products per year, subject to adjustment if additional products are developed as discussed below. As part of the amended agreement, the Company agreed to a Take or Pay Obligation where by the Company advances the supplier \$750,000 per quarter with the last payment due September 15, 2009. Any portion of the advance not used for qualified purchases during the quarter will be retained by the supplier.

The company in 2004 also entered into a Research, Development and License Agreement with the supplier to develop specific products. The Company has agreed to pay the costs incurred by the supplier in the development and licensing of the products, and will be entitled to certain additional product rights and/or reimbursement of expenditures.

As part of the Research, Development and License Agreement, the key supplier was to develop specific products. If the products were not developed and licensed by a certain date, the Agreement specified that the key supplier had to make an election on July 31, 2007 to either begin cash payments for a maximum period of up to 30 months or extend exclusivity. The election was made by the key supplier to make monthly payments of \$25,000; the effective date to determine the 30 month period was May 31, 2006. Consequently, the Company has recorded an amount due for the 19 months from May 31, 2006 until December 31, 2007 in the amount of \$475,000. The Company received payments of 5 months or \$125,000 in 2007. Because of the election made by the key supplier, the Company has recorded \$475,000 of additional amortization to offset recorded amounts due under the agreement. The effect of this was to reduce net Marketing Rights at December 31, 2007 by \$475,000.

The income reported from the key supplier was \$475,000 in 2007. The amounts are included in marketing and administrative expense on the report.

Note 3: Note Receivable – Supplier

The company had advanced a supplier \$500,000. The note has interest at the prime interest rate plus 1 percent. The note was repaid in 2007.

Note 4: Line-of-Credit Note Payable

The Company has a line of credit in the amount of \$10,000,000 which expires on September 1, 2009. The line has an adjustable interest rate. At December 31, 2007, the interest rate was 6.25%. At December 31, 2007, \$2,042,076 including \$1,152,401 of advances in progress are recorded as line-of-credit note payable.

The line of credit is secured by the Company's accounts receivables, inventory and other collateral. The line of credit requires the Company to maintain a tangible net worth of at least \$4,500,000 as defined in the loan agreement and to not have debt exceed four times consolidated tangible net worth.

EXHIBIT 2.2

AGRI-LABORATORIES, LTD.

FIRST AMENDMENT TO

FOURTH REVISED AND RESTATED BY-LAWS

Pursuant to the power vested in the Board of Directors in Article XI, Section 11.1, of the Fourth Revised and Restated By-Laws of Agri-Laboratories, Ltd., the Board of Directors have elected to amend the Second Revised and Restated By-Laws of this corporation as follows:

1. Sections 3.1 and 3.2 of Article III, shall be deleted in their entirety and the following inserted in their place:

Article III

Directors

Section 3.1. Number. The number of directors which shall constitute the whole Board shall be nine (9), which number can be increased or decreased at the discretion of the Board of Directors, but any decrease in size shall not affect the term of any director currently in office and shall take effect upon the end of such director's term. Directors need not be residents of the State of Delaware or stockholders of this corporation.

Section 3.2. Classes of Directors; Staggered Election of Directors; Restrictions on Serving as a Director. The Board of Directors shall be divided into four (4) classes, Class 1 through Class 4. Each Class shall consist of two (2) directors. Class 1 through 3 Directors shall serve for a three (3) year term, and Class 4 Directors shall serve for a two (2) year term. Class 1 through 4 Directors need not be residents of the State of Delaware or stockholders of this corporation. Class 4 Directors are to be "outside" directors, which Directors shall not be Class A stockholders of the corporation or employees of stockholders of the corporation.

Class 1 through 3 Directors shall be elected by the stockholders, and shall have staggered. At each annual meeting of stockholders, nominations shall be made for directors to succeed the Class 1 through 3 Directors whose terms expire at such annual meeting .

Such nominated succeeding directors shall be elected for a term of office expiring at the third (3rd) succeeding annual meeting of stockholders after their election and shall hold office until their successors are elected and qualified.

Class 4 Directors shall be nominated by the Board and elected by the Executive Committee. The Class 4 Directors shall have staggering terms, with the term of office terminating at the annual meetings of the stockholders in alternating years. Class 4 Directors are to be “outside” directors, which Directors shall not be Class A stockholders of the corporation or employees of stockholders of the corporation. At each annual meeting of stockholders, directors chosen to succeed the “outside” director whose term then expires shall be elected for a term of office expiring at the second (2nd) succeeding annual meeting of stockholders after their election and shall hold office until their successors are elected and qualified.

No Class 1 through 4 Director shall serve as a director of this corporation for more than two (2) consecutive terms.

In the event of an increase or decrease in the number of Class 1 through 3 Directors on the Board, the additional or remaining directors, as the case may be, shall be allocated to classes so as to make the Classes 1 through 3 as nearly equal in size as possible. No decrease in the size of the Board shall shorten the term of any incumbent directors.

In addition to the Class 1 through Class 4 Directors, there shall be one unclassified Director who shall be the President/CEO of the Company, and who shall serve for an indefinite term until such director’s successor is elected and qualified.

2. Section 3.3 of Article III - Directors-Elect; Advisors - shall be deleted in its entirety.

3. Any references to Directors-Elect or Advisors made in the Fourth Revised and Restated Bylaws shall be deleted as if the same were never in existence.

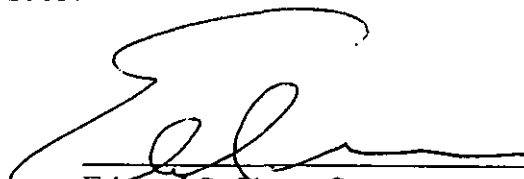

4. The remaining provisions as set forth in the original, Fourth Revised and Restate By-Laws of this corporation shall continue in full force and effect, not to be affected or modified by this Amendment.

CERTIFICATE OF SECRETARY

I, the undersigned, do hereby certify:

- (1) That I am the duly elected and acting secretary of Agri-Laboratories, Ltd., a Delaware corporation;
- (2) That the foregoing First Amendment to Fourth Revised and Restated By-Laws, comprising three (3) pages, constitutes the original First Amendment to Fourth Revised and Restate By-Laws of said corporation, as duly adopted by the Board of Directors at the annual meeting duly held on the 15th day of March, 2005, and as adopted by the Shareholders at the annual meeting duly held 17th day of March, 2005.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name this
1 day of April, 2005.

ARTICLE II

Meetings of Stockholders

SECTION 2.1. Annual Meeting. The annual meeting of the stockholders shall be held at such time and place as shall be designated by the Board of Directors, for the purpose of electing directors and for the transaction of such other business as may come before the meeting. If the election of directors shall not be held on the day designated for the annual meeting, or at any adjournment thereof, the Board of Directors shall cause such election to be held at a special meeting of stockholders as soon thereafter as convenient.

SECTION 2.2. Special Meetings. Except as otherwise prescribed by statute, special meetings of the stockholders for any purpose or purposes, may be called and the location thereof designated by the Chairman of the Board or the President and shall be called and the location thereof designated by the Secretary in writing at the written request of a majority of the Board of Directors or of stockholders owning capital stock

of the corporation having not less than a majority of the total voting power. Such request shall state the purposes of the proposed meeting.

SECTION 2.3. Place of Meetings. Each meeting of the stockholders for the election of directors shall be held at the office of the corporation at 6221 North K Highway, St. Joseph, Missouri 64505, unless the Board of Directors shall designate any other place, within or without the State of Delaware, as the place of such meeting. Meetings of stockholders for any other purpose may be held at such place, within or without the State of Delaware, and at such time as shall be determined pursuant to Section 2.2 and stated in the notice of the meeting or in a duly executed waiver of notice thereof.

SECTION 2.4. Notice of Meetings. Written or printed notice stating the place and time of each annual or special meeting of the stockholders and, in the case of a special meeting, the purpose or purposes for which the meeting is called, shall be given not less than ten (10) days nor more than sixty (60) days before the date of the meeting. (See also Articles IV and XI.)

When a meeting is adjourned to another time or place, no notice of the adjourned meeting other than an announcement at the meeting need be given unless the adjournment is for more than thirty (30) days or a new record date is fixed for the adjourned meeting after such adjournment.

SECTION 2.5. Stockholder List. At least ten (10) days before every meeting of stockholders, a complete list of the stockholders entitled to vote at such meeting, arranged in alphabetical order, and showing the address of each such stockholder and the number of shares registered in the name of each such stockholder, shall be prepared by the Secretary. Such list shall be open to examination of any stockholder of the corporation during ordinary business hours, for any purpose germane to the meeting, for a period of at least ten (10) days prior to the meeting, at the office of the corporation in St. Joseph, Missouri, or at the place the meeting is to be held, as designated by the Board of Directors, and the list shall be produced and kept at the time and place of meeting during the whole time thereof, and subject to the inspection of any stockholder who may be present.

SECTION 2.6. Quorum. The holders of capital stock of the corporation having a majority of the voting power thereof, present in person or represented by proxy, shall be requisite for, and shall constitute, a quorum at all meetings of the stockholders of the corporation for the transaction of business, except as otherwise provided by statute, the certificate of incorporation or these by-laws. If, however, such quorum shall not be present or represented at any meeting of the stockholders, the stockholders entitled to

vote thereat present in person or represented by proxy shall have power to adjourn the meeting from time to time until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally notified.

SECTION 2.7. Proxies. At every meeting of the stockholders, each stockholder having the right to vote thereat shall be entitled to vote in person or by proxy. Such proxy shall be appointed by an instrument in writing subscribed by such stockholder and bearing a date not more than three (3) years prior to such meeting, unless such proxy provides for a longer period; and it shall be filed with the Secretary of the corporation before, or at the time of, the meeting.

SECTION 2.8. Voting. Unless the certificate of incorporation provides otherwise, at every meeting of stockholders, each stockholder shall be entitled to one (1) vote for each share of voting stock of the corporation entitled to vote thereat and registered in the name of such stockholder on the books of the corporation on the pertinent record date. When a quorum is present at any meeting of the stockholders, the vote of the holders of a majority of the stock having voting power which is present in person or represented by proxy shall decide any question brought before such meeting, unless the question is one upon which, by provision of the statutes, the certificate of incorporation or these by-laws, a different vote is required, in which case such provision shall govern and control the decision of such question. If the certificate of incorporation provides for more or less than one vote for any share on any matter, every reference in these by-laws to a majority or other proportion of stock shall refer to such majority or other proportion of the votes of such stock.

SECTION 2.9. Voting of Certain Shares. Shares standing in the name of another corporation, domestic or foreign, and entitled to vote may be voted by such officer, agent, or proxy as the by-laws of such corporation may prescribe or, in the absence of such provision, as the Board of Directors of such corporation may determine. Shares standing in the name of a deceased person, a minor or an incompetent person, and entitled to vote may be voted by his administrator, executor, guardian or conservator, as the case may be, either in person or by proxy. Shares standing in the name of a trustee, receiver or pledgee and entitled to vote may be voted by such trustee, receiver or pledgee either in person or by proxy as provided by Delaware law.

SECTION 2.10. Action Without Meeting. Unless otherwise restricted by the certificate of incorporation or these by-laws, whenever the vote of stockholders at a meeting thereof is required or permitted to be taken for or in connection with any corporate action, the meeting and vote of stockholders may be dispensed with if a

consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented thereto in writing. Such consent shall be filed with the minutes of proceedings of the stockholders and shall have the same force and effect as a unanimous vote of stockholders.

SECTION 2.11. Treasury Stock. Shares of its own stock belonging to the corporation or to another corporation, if a majority of the shares entitled to vote in the election of directors of such other corporation is held by this corporation, shall not be voted at any meeting and shall not be counted in determining the total number of outstanding shares for the purpose of determining whether a quorum is present. Nothing in this section shall be construed to limit the right of this corporation to vote shares of its own stock held by it in a fiduciary capacity.

ARTICLE III

Directors

SECTION 3.1. Number. The number of directors which shall constitute the whole Board shall be nine (9), which number can be increased or decreased at the discretion of the Board of Directors, but any decrease in size shall not affect the term of any director currently in office and shall take effect upon the end of such director's term.

SECTION 3.2. Classes of Directors; Staggered Election of Directors; Restrictions on Serving as a Director. The Board of Directors shall be divided into four (4) classes, Class 1 through Class 4. Each Class shall consist of two (2) directors. Class 1 through 3 directors shall serve for a three (3) year term, and Class 4 directors shall serve for a two (2) year term. Class 1 through 4 Directors need not be residents of the State of Delaware or stockholders of this corporation. Class 4 Directors are to be "outside" directors, which Directors shall not be stockholders of the corporation or employees of stockholders of the corporation.

Class 1 through 3 Directors shall be elected by the stockholders, and shall have staggered terms with the term of office terminating at the annual meeting of the stockholders in following years: Class 1 - 2003; Class 2 - 2001; and Class 3 - 2002. At each annual meeting of stockholders, Class 1 through 3 directors nominated to succeed those whose terms expire at such annual meeting shall be elected for a term

of office expiring at the third (3rd) succeeding annual meeting of stockholders after their election and shall hold office until their successors are elected and qualified.

Class 4 directors shall be nominated by the Board and elected by the Executive Committee to serve as Advisors until elected as Class 4 Directors by the Shareholders at the March meeting of the stockholders. Of the two initial Class 4 directors appointed at the March 2001 meeting, one shall serve a one (1) year term, expiring in March 2002, and one shall serve a two year terms, expiring March 2003. Thereafter, Class 4 Directors nominated shall serve for two-year terms.

No Class 1 through 4 Director shall serve as a director of this corporation for more than two (2) consecutive terms. A Class 1 through 4 Director shall be considered to have served two (2) consecutive terms notwithstanding the fact that the director served as a "Director Elect" (defined below), if applicable, "Outside Advisor" (defined below), if applicable, and/or as an officer of this Corporation for the entire period between two (2) otherwise consecutive terms as a director.

In the event of an increase or decrease in the number of Class 1 through 3 Directors on the Board, the additional or remaining directors, as the case may be, shall be allocated to classes so as to make the Classes 1 through 3 as nearly equal in size as possible. No decrease in the size of the Board shall shorten the term of any incumbent directors.

In addition to the Class 1 through Class 4 Directors, there shall be one unclassified Director who shall be the President/CEO of the Company, and who shall serve for an indefinite term until such director's successor is elected and qualified.

SECTION 3.3. Directors-Elect; Advisors.

a) Directors-Elect. At each annual meeting of stockholders, in addition to electing new directors, the stockholders will elect two (2) directors-elect for Classes 1 through 3, which directors-elect shall be nominated by the Shareholders and shall be invited to attend all Board of Directors meetings during the year following their election, with the intention that the directors-elect shall be elected as directors at the next following annual Shareholders meeting.

b) Advisors. The Finance Committee and the President shall nominate two individuals that are not stockholders of the corporation or employees of stockholders of the corporation to serve as Advisors to the Board of Directors, which such Advisors shall be elected as the first Class 4 Directors at the March 2001 annual meeting of the stockholders. Following the March 2001 meeting, the Board of Directors may, at their

sole discretion, ask up to two individuals (which individuals, if any, shall be nominated by the Finance Committee and by the President) to act as Class 4 Advisors to the Board of Directors. Any individuals appointed as a Class 4 Advisor shall be required to sign a Confidentiality Agreement.

c) General Conditions of Directors-Elect and Advisors. Class 1 through 3 Directors-elect and Class 4 Advisors, if any, may be replaced, changed, expanded or eliminated at the direction of the Board of Directors at any annual or special meeting. Class 1 through 3 Directors-elect and Class 4 Advisors shall not be entitled to notice of directors meetings, shall not be counted for purposes of quorum and shall have no voting rights as directors.

SECTION 3.4. Resignations and Vacancies. Any director, director-elect or advisor may resign at any time by giving written notice to the Board of Directors or to the President. Any such resignation shall take effect at the date of the receipt of such notice or at any later time specified therein; and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective. If, at any other time than the annual meeting of the stockholders, any vacancy occurs in the Board of Directors, Directors-Elect or Advisors caused by resignation, death, retirement, disqualification or removal from office of any director or otherwise, or any new directorship is created by an increase in the authorized number of directors by amendment of Section 3.1 of these by-laws, a majority of the directors then in office, although less than a quorum, may choose a successor, or fill the newly created directorship, and the director, director-elect or advisor so chosen shall hold office until the next annual election of directors by the stockholders and until his successor shall be duly elected and qualified, unless sooner displaced.

SECTION 3.5. Removal. Any director, director-elect or advisor may be removed, with or without cause, at any meeting of the stockholders, by the affirmative vote of the holders of a majority of the stock of the corporation having voting power, and the vacancy created by such removal may be filled by the stockholders at such meeting.

SECTION 3.6. Management of Affairs of Corporation. The property and business of the corporation shall be managed by its Board of Directors, which may exercise all such powers of the corporation and do all such lawful acts and things as are not by statute or by the certificate of incorporation or by these by-laws directed or required to be exercised or done by stockholders. In case the corporation shall transact any business or enter into any contract with a director, or with any firm of which one or more of its directors are members, or with any trust, firm, corporation or association in which any director is a stockholder, director or officer or otherwise interested, the

officers of the corporation and directors in question shall be severally under the duty of disclosing all material facts as to their interest to the remaining directors promptly if and when such interested officers or such interested directors in question shall become advised of the circumstances. The affirmative votes of a majority of the disinterested directors shall then be required to authorize the contract or transaction, even if less than a quorum. In the case of continuing relationships in the normal course of business such disclosure and authorization shall be deemed effective, when once given, as to all transactions and contracts subsequently entered into.

SECTION 3.7. Dividends and Reserves. The Board of Directors may declare dividends upon stock of the corporation at any regular or special meeting, pursuant to law. Dividends may be paid in cash, in property, in shares of stock or otherwise in the form, and to the extent, permitted by law. The Board of Directors may set apart, out of any funds of the corporation available for dividends, a reserve or reserves for working capital or for any other lawful purpose, and also may abolish any such reserve in the manner in which it was created.

SECTION 3.8. Regular Meetings. An annual meeting of the Board of Directors shall be held, without other notice than by this by-law, immediately after or immediately before, and at the same place as, the annual meeting of the stockholders. The Board of Directors may provide, by resolution, the time and place, either within or without the State of Delaware, for the holding of additional regular meetings without notice other than by such resolution.

SECTION 3.9. Special Meetings. Special meetings of the Board of Directors may be called by the Chairman of the Board, the President or upon the request of any two directors, and shall be called by the Secretary to be held at such time and place, either within or without the State of Delaware as shall be designated by the call and specified in the notice of such meeting; and notice thereof shall be given as provided in Section 3.10 of these by-laws.

SECTION 3.10. Notice of Special Meetings. Except as otherwise prescribed by statute, written or actual oral notice of the time and place of each special meeting of the Board of Directors shall be given at least two (2) days prior to the time of holding the meeting. Any director may waive notice of any meeting. (See also Articles IV and XI.)

SECTION 3.11. Quorum. At each meeting of the Board of Directors, the presence of not less than a majority of the whole Board shall be necessary and sufficient to constitute a quorum for the transaction of business, and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the Board of Directors, except as may be otherwise specifically provided by statute, the certificate

of incorporation or these by-laws. If a quorum shall not be present at any meeting of directors, the directors present thereat may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present.

Unless otherwise restricted by the certificate of incorporation, any member of the Board of Directors or of any committee designated by the Board may participate in a meeting of the directors or committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by means of such equipment shall constitute presence in person at such meeting.

SECTION 3.12. Presumption of Assent. Unless otherwise provided by statute, a director of the corporation who is present at a meeting of the Board of Directors at which action is taken on any corporate matter shall be presumed to have assented to the action taken unless his dissent shall be entered in the minutes of the meeting or unless he shall file his written dissent to such action with the person acting as Secretary of the meeting before the adjournment thereof or shall forward such dissent by registered mail to the Secretary of the corporation immediately after the adjournment of the meeting. Such right to dissent shall not apply to a director who voted in favor of such action.

SECTION 3.13. Action Without Meeting. Unless otherwise restricted by the certificate of incorporation or these by-laws, any action required or permitted to be taken at any meeting of the Board of Directors, or of any committee thereof, may be taken without a meeting, if a written consent thereto is signed by all members of the Board or of such committee, as the case may be, and such written consent is filed with the minutes of proceedings of the Board or committee.

SECTION 3.14. Presiding Officer. The presiding officer at any meeting of the Board of Directors shall be the Chairman of the Board or, in his absence, any other director elected chairman by vote of a majority of the directors present at the meeting.

SECTION 3.15. Executive. The Board of Directors may, by resolution passed by a majority of the number of directors fixed by these by-laws, designate two or more directors of the corporation to constitute an executive committee, which, to the extent provided in the resolution and by Delaware law, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the corporation and may authorize the seal of the corporation to be affixed to all papers which may require it.

SECTION 3.16. Other Committees. The Board of Directors may, by resolution passed by a majority of the number of directors fixed by these by-laws,

designate such other committees as it may from time to time determine. Each such committee shall consist of such number of directors, shall serve for such term and shall have and may exercise, during intervals between meetings of the Board of Directors, such duties, functions and powers as the Board of Directors may from time to time prescribe.

SECTION 3.17. Alternates. The Board of Directors may from time to time designate from among the directors alternates to serve on one or more committees as occasion may require. Whenever a quorum cannot be secured for any meeting of any committee from among the regular members thereof and designated alternates, the member or members of such committee present at such meeting and not disqualified from voting, whether or not he or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in place of such absent or disqualified member.

SECTION 3.18. Quorum and Manner of Acting - Committees. The presence of a majority of members of any committee shall constitute a quorum for the transaction of business at any meeting of such committee, and the act of a majority of those present shall be necessary for the taking of any action thereat.

SECTION 3.19. Committee Chairman, Books and Records, Etc. The Board of Directors shall select the chairman of each committee from among the members of the committee.

Each committee shall keep a record of its acts and proceedings, and all actions of each committee shall be reported to the Board of Directors at its next meeting.

Each committee shall fix its own rules or procedure not inconsistent with these by-laws or the resolution of the Board of Directors designating such committee and shall meet at such times and places and upon such call or notice as shall be provided by such rules.

SECTION 3.20. Fees and Compensation of Directors. Directors shall not receive any stated salary for their services as such; but, by resolution of the Board of Directors, a fixed fee, with or without expenses of attendance, may be allowed for attendance at each regular or special meeting of the Board. Members of the Board shall be allowed their reasonable traveling expenses when actually engaged in the business of the corporation. Members of any committee may be allowed like fees and expenses for attending committee meetings. Nothing herein contained shall be construed to preclude any director from serving the corporation in any other capacity and receiving compensation therefor. The Board may determine to pay the fees and expenses allowed

pursuant to this Section 3.20 to any one Class of Directors without having to pay such fees and expenses to all Classes of Directors, as well as to the Directors-Elect and/or the Advisors, if any.

SECTION 3.21. Reliance Upon Records. Every director of the corporation, or member of any committee designated by the Board of Directors pursuant to authority conferred by Section 3.14 of these by-laws, shall, in the performance of his duties, be fully protected in relying in good faith upon the books of account or reports made to the corporation by any of its officials, or by an independent certified public accountant, or by an appraiser selected with reasonable care by the Board of Directors or by such committee, or in relying in good faith upon other records of the corporation, including, without limiting the generality of the foregoing, records setting forth or relating to the value and amount of assets, liabilities and profits of the corporation or any other facts pertinent to the existence and amount of surplus or other funds from which dividends might properly be declared or paid or with which stock of the corporation might lawfully be purchased or redeemed.

ARTICLE IV

Notices

SECTION 4.1. Manner of Notice. Whenever under the provisions of the statutes, the certificate of incorporation or these by-laws, notice is required to be given to any stockholder, director or member of any committee designated by the Board of Directors, it shall not be construed to require personal delivery and such notice may be given in writing by depositing it, in a sealed envelope, in the United States mails, air mail or first class, postage prepaid, addressed (or by delivering it to a telegraph company, charges prepaid, for transmission) to such stockholder, director or member either at the address of such stockholder, director or member as it appears on the books of the corporation or, in the case of such a director or member, at his business address; and such notice shall be deemed to be given at the time when it is thus deposited in the United States mails (or delivered to the telegraph company). Such requirement for notice shall be deemed satisfied, except in the case of stockholder meetings with respect to which mandatory written notice is required by law, if actual notice is received orally or in writing by the person entitled thereto as far in advance of the event with respect to which notice is given as the minimum notice period required by law or these by-laws.

SECTION 4.2. Waiver of Notice. Whenever any notice is required to be given under the provisions of the statutes, the certificate of incorporation, or these by-laws, a

waiver thereof in writing signed by the person or persons entitled to such notice, whether before, at or after the time stated therein, shall be deemed equivalent thereto. Attendance by a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the stockholders, directors or committee of directors need be specified in any written waiver of notice unless so required by statute, the certificate of incorporation or these by-laws.

SECTION 5.3. Removal and Resignation. Any officer may be removed, either with or without cause, by a majority of the directors then in office at any regular or special meeting of the board; but such removal shall be without prejudice to the contract rights, if any, of such person so removed. To the extent a separate Chairman of the Board is not appointed by the Board, the President shall serve as Chairman of the Board.

SECTION 5.6. President. The President shall be the Chief Executive Officer of the corporation and shall have the overall supervision of the business of the corporation and shall direct the affairs and policies of the corporation, subject to such policies and directions as may be determined by the Chairman of the Board or provided by the Board of Directors. He shall have authority to designate the duties and powers of other officers and delegate special powers and duties to specified officers, so long as such designation shall not be inconsistent with the statutes, these by-laws or action of the Board of Directors. He shall also have power to execute, and shall execute, deeds, mortgages, bonds, contracts or other instruments of the corporation, except where required or permitted by law to be otherwise signed and executed and except where the signing and execution thereof shall be expressly delegated by the Board of Directors or by the President to some other officer or agent of the corporation. The President may sign with the Secretary or an Assistant Secretary, or the Treasurer or an Assistant Treasurer, certificates for shares of stock of the corporation the issuance of which shall have been duly authorized by the Board of Directors, and shall vote, or give a proxy to any other person to vote, all shares of the stock of any other corporation standing in the name of the corporation. The President in general shall have all other powers and shall perform all other duties which are incident to the chief executive office of a corporation or as may be prescribed by the Board of Directors from time to time.

SECTION 5.7. Vice Presidents. In the absence or disability of the President, the Vice Presidents in order of their rank as fixed by the Board of Directors or, if not fixed, the Vice President designated by the Board of Directors or the President, shall perform all duties of the President and, when so acting, shall have all the powers of, and be subject to all the restrictions upon, the President. The Vice President(s) shall have such other powers and perform such other duties, not inconsistent with the statutes, these by-laws, or action of the Board of Directors, as from time to time may be prescribed for them, respectively, by the Board of Directors or the President. Any Vice President may sign, with the Secretary or an Assistant Secretary, or the Treasurer

He may sign, with the President, or a Vice President, certificates for shares of stock of the corporation, the issuance of which shall have been duly authorized by resolution of the Board of Directors. He may delegate such details of the performance of duties of his office as may be appropriate in the exercise of reasonable care to one or more persons in his stead, but shall not thereby be relieved of

responsibility for the performance of such duties. If required by the Board of Directors, the Treasurer shall give a bond for the faithful discharge of his duties in such sum and with such surety or sureties, as the Board of Directors shall determine.

SECTION 5.10. Assistant Treasurers and Assistant Secretaries. The Assistant Treasurers and Assistant Secretaries shall perform all functions and duties which the Secretary or Treasurer, as the case may be, may assign or delegate; but such assignment or delegation shall not relieve the principal officer from the responsibilities and liabilities of his office. In addition, an Assistant Secretary or an Assistant Treasurer, as thereto authorized by the Board of Directors, may sign with the President, or a Vice President, certificates for shares of the corporation, the issuance of which shall have been duly authorized by resolution of the Board of Directors; and the Assistant Secretaries and Assistant Treasurers shall, in general, perform such duties as shall be assigned to them by the Secretary or the Treasurer, respectively, or by the President or by the Board of Directors. The Assistant Treasurers shall, if required by the Board of Directors, give bonds for the faithful discharge of their duties in such sums and with such surety or sureties, as the Board of Directors shall determine.

SECTION 5.11. Salaries. The salaries of the officers shall be fixed from time to time by the Board of Directors or by such officer as it shall designate for such purpose or as it shall otherwise direct. SECTION 6.2. Official Positions Within a Division. The President may appoint individuals, whether or not they are officers of the corporation to, and may, with or without cause, remove them from, official positions established within a division, but not filled by the Board of Directors.

ARTICLE VII

Loans. Checks. Deposits and Contracts

SECTION 7.1. Loans. No loans shall be contracted on behalf of the corporation or any division thereof, and no evidence of indebtedness shall be issued in the name of the corporation or any division thereof, unless authorized by a resolution of the Board of Directors. Such authority may be general or confined to specific instances.

SECTION 7.2. Checks. ARTICLE VIII

Certificates of Stock and Their Transfer

SECTION 8.1. Certificates of Stock. The certificates of stock of the corporation shall be in such form as may be determined by the Board of Directors, shall be numbered and shall be entered in the books of the corporation as they are issued. They shall exhibit the holder's name and number of shares and shall be signed by the President or a Vice President and by the Treasurer or an Assistant Treasurer or the Secretary or an Assistant Secretary. If any stock certificate is signed (a) by a transfer agent or an assistant transfer agent or (b) by a transfer clerk acting on behalf of the corporation and a registrar, the signature of any officer of the corporation may be facsimile. In case any such officer whose facsimile signature has thus been used on any such certificate shall cease to be such officer, whether because of death, resignation or otherwise, before such certificate has been delivered by the corporation, such certificate

may nevertheless be delivered by the corporation, as though the person whose facsimile signature has been used thereon had not ceased to be such officer. All certificates properly surrendered to the corporation for transfer shall be canceled and no new certificate shall be issued to evidence transferred shares until the former certificate for at least a like number of shares shall have been surrendered and canceled and the corporation reimbursed for any applicable taxes on the transfer, except that in the case of a lost, destroyed or mutilated certificate a new one may be issued therefor upon such terms, and with such indemnity (if any) to the corporation, as the Board of Directors may prescribe specifically or in general terms or by delegation to a transfer agent for the corporation. (See Section 8.2)

SECTION 8.2. Legend on Certificates. All shares of Common Stock of the corporation shall bear the following legends:

The shares represented by this certificate may not be sold, pledged or otherwise transferred without registration under the Securities Act of 1933, as amended, unless the Company has received a satisfactory opinion of counsel acceptable to it to the effect that the proposed resale, pledge or transfer does not require registration under such Act or any other applicable securities laws.

The transfer of the shares represented by this certificate is subject to the By-laws of the Company, which grant the Company and the other holders of shares of Common Stock of the Company options to purchase the shares represented by this certificate upon any proposed transfer hereof.

SECTION 8.3. Lost Stolen or Destroyed Certificates. The Board of Directors in individual cases, or by general resolution or by delegation to the transfer agent, may direct a new certificate or certificates to be issued in place of any certificate or certificates theretofore issued by the corporation alleged to have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen or destroyed. When authorizing such issue of a new certificate or certificates, the Board of Directors may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed certificate(s), or his legal representative, to advertise the same in such manner as it shall require and/or to give the corporation a bond in such sum as it may direct as indemnity against any claim that may be made against the corporation with respect to the certificate alleged to have been lost, stolen or destroyed.

SECTION 8.4. Transfers of Stock. Upon surrender to the corporation or the transfer agent of the corporation of a certificate for shares duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer, and upon payment of applicable taxes with respect to such transfer, and in compliance with any restrictions on transfer applicable to the certificate or shares represented thereby of which the corporation shall have notice and subject to such rules and regulations as the Board of Directors may from time to time deem advisable concerning the transfer and registration of certificates for shares of capital stock of the corporation, the corporation shall issue a new certificate to the person entitled thereto, cancel the old certificate and record the transaction upon its books. Transfers of shares shall be made only on the books of the corporation by the registered holder thereof or by his attorney or successor duly authorized as evidenced by documents filed with the Secretary or transfer agent of the corporation.

SECTION 8.5. Restrictions on Transfer. The following restrictions on Transfer of a stockholder's shares shall be effective until such time as the Securities and Exchange Commission has made effective a public offering of any class of the corporation's capital stock, at which time this Section 8.5 shall be null and void and of no further effect.

(a) **General**. No stockholder may dispose of any shares owned by such stockholder by sale, exchange, assignment, voluntary transfer, involuntary transfer, gift, devise, bequest, mortgage, pledge, encumbrance or otherwise, (collectively a "Transfer") except in accordance with these by-laws.

(b) **Option to Purchase**. If a stockholder intends to Transfer shares of the corporation of which the stockholder is the owner to any person other than the corporation, or if such shares are to be transferred by operation of law or otherwise to any such person, such stockholder or such stockholder's personal representative shall give written notice to the corporation and the remaining stockholders stating (i) the number of shares of common stock proposed to be transferred, (ii) the name, business and residence address of the proposed transferee and (iii) the amount of the consideration, method of payment and other terms of the proposed Transfer. Such notice shall include a copy of any and all documents associated with such Transfer.

The corporation may exercise its option to purchase all but not less than all of the shares proposed to be transferred upon written notice to such stockholder. Such notice shall be given by the corporation not later than sixty (60) days following the next regularly scheduled meeting of the Board of Directors of the corporation ("Repurchase Period"). In the event that a Transfer

of shares occurs without the giving of notice as specifically provided for herein, the corporation shall have the right to exercise its option to purchase such shares, notwithstanding the fact that such notice was not given. The corporation's decision to exercise the option to purchase a stockholder's shares shall be made by the corporation's Board of Directors, provided that no director shall vote with regard to the corporation's election to acquire shares of such director or owned by an entity with regard to which the director is a shareholder, owner, officer, director or employee. The closing on the purchase of the shares shall occur within 30 days after the end of the Repurchase Period in accordance with the provisions of Section 8.5(c) hereof and under the terms and conditions of any Stock Purchase Agreement entered into between the corporation and the stockholder.

Shares proposed to be transferred which are not purchased by the corporation may be transferred free from the restriction of these by-laws, provided, that such shares are transferred within 60 days of the expiration of the Repurchase Period to the party named in the written notice to the corporation described in this Section 8.5(b). Such party shall be bound by these Bylaws and the prohibition against transfer set forth in this Section 8.5 and must sign documents requested by the corporation acknowledging the foregoing.

(c) **Purchase Price.** The purchase price of such shares shall be the book value per share of the corporation, determined by the corporation's regularly maintained public accountant as of the end of the month which proceeds the date of such notice, adjusting for the sale of shares during such month; provided, however, that should the stockholder and the corporation be parties to a written stock purchase agreement setting forth terms and conditions for the purchase price, then the terms and conditions of such stock purchase agreement shall apply and be binding.

(d) **Additional Restrictions.** Subject to paragraphs (a), (b) and (c) of this Section 8.5, any stockholder may enter into an agreement with other stockholders or with the corporation providing for additional limitation or restriction on the right of such stockholder to transfer shares of capital stock of the corporation held by a stockholder. Any such limitation or restriction on the transfer of shares of this corporation may be set forth on certificates given to the corporation or the transfer agent, in which case the corporation or transfer agent shall not be required to transfer such shares upon the books of the corporation without receipt of satisfactory evidence of compliance with the terms of such limitation or restriction.

(e) **Breach of Contract Provision.** In the event a stockholder breaches a contract between the stockholder and the corporation, including but not limited to breach of any confidentiality agreement, distribution agreement, license agreement, consignment agreement, such breach, if unresolved to the satisfaction of the corporation, following 30 days written notice of such breach by the corporation to such stockholder, shall be considered a “transfer” of the stockholder’s shares for purposes of this Section 8.5, and shall allow the corporation the option to purchase such stockholder’s shares pursuant to this Section 8.5, which such option shall not expire until the end of the Repurchase Period.

(f) **Termination of Distributor Status.** In the event a stockholder does not have a current Distribution Agreement in effect with the corporation for any or no reason (including but not limited to non-renewal and termination for cause), the date upon which such stockholder does not have a Distribution Agreement in effect shall be deemed a “Transfer” of the stockholder’s shares for purposes of this Section 8.5, and shall allow the corporation the option to purchase such stockholder’s shares pursuant to this Section 8.5, which such option shall not expire until the end of the Repurchase Period.

(g) **Prohibition Upon Ownership Interest in Competing Organizations.** If a stockholder intends to directly or indirectly acquire or maintain an equity interest in any master private label distributor of animal biologicals and/or pharmaceuticals which is primarily owned by its customer/distributors, other than this corporation, such stockholder shall give written notice thereof to the corporation and the remaining stockholders stating (1) the name of the organization with regard to which the stockholder intends to acquire or maintain an equity interest, (2) the nature of the business of the entity with regard to which the stockholder intends to acquire or maintain an equity interest, and (3) the stockholder’s intention with regard to renewal of any existing agreements between the stockholder and the corporation, including but not limited to distribution agreements. A stockholder acquiring an equity interest and/or maintaining an equity interest in such an entity shall be deemed a “transfer” for purposes of this Section 8.5, and the corporation shall have an option to purchase such stockholder’s shares, which such option shall not expire until the end of the Repurchase Period. In the event that the stockholder acquires or maintains such an equity interest without the giving of notice as provided for herein, the corporation shall have the right to exercise its option to purchase such shares, notwithstanding the fact that such notice was not given. For purposes of this paragraph, a stockholder shall be deemed to directly or indirectly own an equity interest in a master distributor, if such stockholder, its shareholders,

employees, officers, directors, and/or spouses of the foregoing acquire or maintain such an interest.

(h) **Indirect Transfer of Ownership.** If a stockholder is other than an individual, and such stockholder undergoes a change in its majority ownership and/or majority voting control such that those persons directly or indirectly having a fifty-one percent (51%) ownership or voting interest in such stockholder prior to such change, either pursuant to a single transaction and/or a series of transactions, no longer directly or indirectly has a fifty-one percent (51%) ownership interest in the stockholder or no longer has a fifty-one percent (51%) voting interest in such stockholder, then in such event such transfer in the ownership of the stockholder shall be considered a "Transfer" within the meaning of this Section 8.5. If a stockholder intends to transfer its ownership and/or voting interests as set forth within this subparagraph, such stockholder shall give written notice to the corporation and the remaining stockholders stating: (i) the equity interest in the stockholder which is proposed to be transferred; (ii) the name, business and residential address of the proposed transferee; and (iii) the amount of the consideration, method of payment and other terms of the proposed transfer. Upon such event, the corporation may exercise its option to purchase all but not less than all of the shares of this corporation held by the stockholder upon written notice to such stockholder, which such option shall not expire until the end of the Repurchase Period. In the event that a transfer of the ownership or voting interest of the stockholder occurs without the giving of notice as provided for herein, the corporation shall have the right to exercise its option to purchase the shares of this corporation held by the stockholder, notwithstanding the fact that such notice was not given. The provisions of this Section 8.5 shall apply to the transfer referred to within this subparagraph, to the extent appropriate.

SECTION 8.6. No Fractional Share Certificates. Certificates shall not be issued representing fractional shares of stock.

SECTION 8.7. Fixing Record Date. The Board of Directors may fix in advance a date, not exceeding sixty (60) days, nor less than ten (10) days, preceding the date of any meeting of stockholders, or the date for the payment of any dividend, or the date for the allotment of rights, or the date when any change or conversion or exchange of capital stock shall go into effect, or a date in connection with obtaining any consent, as a record date for the determination of the stockholders entitled to notice of, and to vote at, any such meeting, or adjournment thereof, or entitled to receive payment of any such dividend, or to any such allotment of rights, or to exercise the rights in respect of any such change, conversion or exchange of capital stock, or to give such

consent, and in such case such stockholders and only such stockholders as shall be stockholders of record on the date so fixed shall be entitled to notice of, and to vote at, such meeting and any adjournment thereof, or to receive payment of such dividend, or to receive such allotment of rights, or to exercise such rights, or to give such consent, as the case may be, notwithstanding any transfer of any stock on the books of the corporation after any such record date fixed as aforesaid.

SECTION 8.8. Stockholders of Record. The corporation shall be entitled to treat the holder of record of any share or shares of stock as the holder in fact thereof and accordingly, shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of Delaware.

ARTICLE IX

Indemnification

SECTION 9.1. In General. NOW, THEREFORE, the parties agree as follows:

1. **SUBSCRIPTION.** Subscriber hereby subscribes for and agrees to purchase the number of shares of Class B common stock of the Company as referenced in paragraph 21. Upon receipt of the Purchase Price and acceptance by Company, Company shall deliver to Subscriber a certificate representing the number of shares purchased, registered in the name of the Subscriber.

2. **COMPANY'S REPRESENTATIONS AND WARRANTIES.** The Company makes the following representations and warranties to the Subscriber.

a. **Organization:** The Company is duly organized and is a validly existing corporation in good standing under the laws of the State of Delaware with adequate power and authority to conduct the business in which it is now engaged, and is and will be in good standing in such other states or jurisdictions as is necessary to enable it to carry on its business.

b. **Authorization:** This Agreement, when accepted, will have been duly authorized, executed, and delivered on behalf of the Company, and constitutes the valid and binding agreement of the Company, enforceable in accordance with its terms, and the Company has full power and lawful authority to issue and sell the Shares on the terms and conditions herein set forth.

3. **SUBSCRIBER'S REPRESENTATIONS AND WARRANTIES.** Subscriber makes the following representations and warranties to the Company:

a. **Subscriber's Status:** Subscriber is [an employee of Company] OR [an employee of a Class A Member/Distributor of the Company].

b. **Investment Intent:** Subscriber is purchasing the Shares pursuant to this Agreement for investment only and not with a view towards redistribution or resale.

c. **No Market for Shares:** Subscriber understands that no market will exist for the Shares of the Company and that he or she is not relying upon the facts that a market will ever develop.

d. **Litigation:** There are no actions, suits or proceedings pending or, to the knowledge of the Subscriber, threatened against the Subscriber, in any court or before any governmental or administrative agency, which can have any material or adverse effect on the business as now conducted or on the properties, the financial condition, or income of the Subscriber and the Subscriber is not in default under any order or judgment of any court, or governmental or administrative agency.

e. **Non-Voting Stock:** Subscriber acknowledges that the Shares have no voting rights with respect to any Company matter.

f. **Reliance:** Subscriber understands that the representations made by him or her in this Agreement have been made with the intention that the Company may rely upon them.

g. **No Redemption of Stock to Company.** Subscriber has not, within the past twelve (12) months, sold any stock back to the Company, by redemption or otherwise.

h. **Residence.** Subscriber represents and warrants to the Company that Subscriber is a bona fide resident of and is domiciled in the state set forth in the address provided below and that the shares are being purchased in Subscriber's name solely for Subscriber's own beneficial interest and not as a nominee for, or on behalf of, or for the beneficial interest of, or with the intention to transfer to any other person.

i. **Receipt of 1-A Offering Circular dated June __, 2008.** By execution of this Agreement, the Subscriber acknowledges receipt of a copy of the Offering Circular dated June __, 2008 at least forty-eight (48) hours prior to Subscriber's execution of this Agreement.

4. **RESTRICTIONS ON SALE.**

a. **Compliance with Company's By-laws.** Subscriber hereby agrees to comply with the terms and conditions set forth in the Company's By-Laws, a current copy of which are attached hereto as Exhibit A, as such By-Laws may be amended from time to time,

including but not limited to the sections of the By-Laws dealing with Restrictions on Transfer of the Shares, and the right of the Company to buy the Shares upon the occurrence of certain events.

b. **Termination of Employment.** In addition to the restrictions on transfer set forth in the Company's By-Laws, if Subscriber's employment with the Company or with a Class A Shareholder of the Company is terminated for any reason or no reason by either party, the Company will have the option and right to buy all of the Shares owned by the Subscriber and the Subscriber will sell such Shares pursuant to the terms and conditions of this Agreement.

c. **Company's Option to Purchase.** For the period commencing upon the final termination date of Subscriber's employment with the Company or a Class A Shareholder of the Company, and continuing for a period of sixty (60) days following the next regularly scheduled meeting of the Board of Directors (the "Repurchase Period"), the Company will have the option to purchase all, but not less than all, of the Shares owned by the Subscriber, which option and right to purchase are at the price and according to the terms and conditions provided herein. The Company may exercise its right and option to purchase by giving notice to the Subscriber of its intention to exercise its right and option before the expiration of said Repurchase Period.

d. **Failure of Company to Exercise Option.** In the event the Company does not exercise its option to purchase the Shares as provided for in this Section 4 in the time period provided, then the Subscriber will continue to be bound by the other restrictions on transfer of stock set forth in the Company's By-Laws.

e. **Purchase Price.** With regard to a purchase pursuant to this Section 4, the purchase price of such Shares will be the book value per share of the Company, determined by the Company's independent public accountant as of the end of the month which precedes the date of Subscriber's termination of employment with the Company or a Class A Shareholder of the Company. Such price will be adjusted for the sale of other Class B shares during such month.

f. **Closing Date and Terms of Purchase.** In the event of a sale and purchase by the Company pursuant to the terms of Paragraph 4 of this Agreement, the sale and purchase will close on a reasonable date, at a reasonable price, and at a reasonable time to be selected by the Company, which will be no later than thirty (30) days after the Repurchase Period. On the date of closing, the Company will pay to the Subscriber the entire purchase price for the Shares in cash. The closing will take place at the Company's principal place of business.

5. **LEGEND.** The certificate presenting the Shares delivered will bear legends in substantially the following form:

The sale, transfer or encumbrance of the Shares represented by this certificate is subject to Section 8.5 of the Company's By-Laws as amended, entitled "Restriction on Transfer" and the terms and conditions of an Agreement dated as of _____, 2008, by and between Agri-Laboratories, Ltd. and _____. A copy of the By-Laws and the Agreement are on file in the office of the Secretary of the Company. By acceptance of this Certificate, the holder hereof agrees to be bound by the terms of said By-Laws and Agreement."

and the Company may place a "Stop Transfer" order against such Shares until one of the conditions set forth in each of the foregoing legends has been met.

6. **WAIVER OF RIGHT TO COURT DECREE OF DISSOLUTION.** The parties agree that irreparable damage would be done to the good will and reputation of the Company if any party hereto should bring an action in court to involuntarily dissolve the Company. Care has been taken in this Agreement to provide what the parties feel are fair and just payments to any party terminating its interest in the Company. Accordingly, unless the Company has materially breached this Agreement or any document delivered, each of the parties accepts the provisions under this Agreement as its sole entitlement as regards the Shares in the Company. Each party hereby waives and renounces its right to seek a court decree of dissolution.

7. **RIGHT TO SPECIFIC PERFORMANCE.** In view of the fact that the Shares subject to this Agreement are Shares of a closely-held Company, and in view of the purposes of this Agreement, it is agreed that the remedy of law for failure of any party to perform would be inadequate and that the injured party or parties, at their option, will have the right to compel the specific performance of this Agreement in a court of competent jurisdiction.

8. **SUBSCRIBER'S INDEMNITY.** Subscriber agrees to indemnify, defend, and hold the Company harmless against and in respect of any and all claims, demands, losses, costs, expenses, obligations, liabilities, damages, recoveries, and deficiencies, including interest, penalties, and reasonable attorneys' fees, that the Company may incur or suffer, which arise out of, result from or relate to any breach of, or failure by Subscriber to perform any of his or her warranties, agreements, representations, commitments, or covenants in this Agreement.

9. **FINDER'S OR BROKER'S FEES.** Each party represents and warrants that it has dealt with no broker or finder in connection with any of the transactions contemplated by this Agreement, and, insofar as it knows, no broker or other person is entitled to any commission or finder's fee in connection with any of these transactions.

10. **EXPENSES.** Each party will pay for its own legal, accounting and other similar expenses incurred in negotiating and preparing this Agreement and in carrying out the transactions contemplated by this Agreement.

11. **EFFECT OF HEADINGS.** The subject headings of the sections or paragraphs of this Agreement are included for purposes of convenience only, and will not affect the construction or interpretation of any of its provisions.

12. **ENTIRE AGREEMENT; MODIFICATION; WAIVER.** This Agreement, along with the Company's By-Laws and any shareholder agreement entered into between Company and Subscriber, constitutes the entire agreement between the parties pertaining to the subject matter herein and supersedes all prior and contemporaneous agreements, representations, and understandings of the parties. No supplement, modification or amendment of this Agreement will be binding unless executed in writing by all the parties. No waiver of any of the provisions of this Agreement will be deemed, or will constitute, a waiver of any other provision, whether or not similar, nor will any waiver constitute a continuing waiver. No waiver will be binding unless executed in writing by the party making the waiver.

13. **COUNTERPARTS.** This Agreement may be executed simultaneously in one or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

14. **ASSIGNMENTS.** This Agreement will be binding on, and will inure to the benefit of the parties to it and their respective heirs, legal representatives, successors and assigns.

15. **RECOVERY OF ENFORCEMENT COSTS.** If any legal action (whether or not suit is filed) or other proceeding is threatened or brought, for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any of the provisions of this Agreement, the successful or prevailing party or parties will be entitled to recover reasonable attorneys' fees and other costs incurred in that actual or threatened action or proceeding from the nonprevailing party in addition to any other relief to which it may be entitled.

16. **DEFAULTS PERMITTING TERMINATION.** If, prior to the consummation of the sale and purchase of the Shares which shall be deemed consummated upon payment of the Purchase Price by Subscriber and issuance of a certificate by the Company representing the Shares, either the Subscriber or the Company materially defaults in the due and timely performance of any of its warranties, covenants, or agreements under this Agreement, the nondefaulting party may on or after the date of execution of this Agreement give notice of termination of this Agreement. The notice will specify with particularity the default or defaults on which the notice is based. The termination will be effective ten (10) days after the date of

such notice, unless the specified default or defaults have been cured on or before the effective date for termination.

17. SURVIVAL OF REPRESENTATIONS AND OBLIGATIONS. All representations, warranties, covenants, and agreements of the parties contained in this Agreement, or in any instrument, certificate, opinion, or other writing provided for in this Agreement, will survive the execution of this Agreement.

18. NOTICES. All notices, requests, demands, and other communications under this Agreement must be in writing and will be deemed to have been duly given on the date of service if served personally on the party to whom notice is to be given, or on the third day after mailing if mailed to the party to whom notice is to be given, by first class mail, registered or certified, postage prepaid, to the business address of the Subscriber and the Company, with a copy to:

20. ARBITRATION. Should the parties hereto be unable to amicably resolve between themselves any disagreements relating to or arising from any one or more of the provisions of this Agreement, which does not involve injunctive or equitable relief, both parties will submit such disagreement to arbitration under the rules of the American Arbitration Association in St. Joseph, Missouri. Both parties will permit said Arbitration Association or court to exercise its own judgment as to the body of law it will use in rendering its decision, which decision will be fully and finally binding on both parties. Neither party will have the right to further appeal or redress an arbitration award in any other court or tribunal except

solely for the purpose of obtaining execution of the judgment rendered by the American Arbitration Association. The parties hereto agree that the nonprevailing party will pay all costs and expenses of such arbitration or enforcement proceeding (including injunctive or equitable relief).

LEASE AGREEMENT

This Lease is made as of January 1, 2001, (the "Effective Date") by and between K HIGHWAY LIMITED PARTNERSHIP, a Missouri limited partnership ("Landlord"), and AGRI LABORATORIES, LTD., a Missouri corporation ("Tenant"), whose address is Post Office Box 3103, St. Joseph, Missouri 64503.

1. RECITALS.

WHEREAS, Landlord is the owner of that certain real property commonly known as 6221 K Highway, St. Joseph, Andrew County, Missouri, and more fully described in Exhibit A attached hereto and incorporated herein (the "Premises")

WHEREAS, Tenant desires to lease from Landlord, and Landlord agrees to lease to Tenant, the premises demised hereunder pursuant to the Lease.

2. PREMISES.

Landlord leases to Tenant and Tenant leases from the Premises, including the building and other improvements located on the property containing approximately 54,000 square feet of floor space plus mezzanine space.

3. USE.

Tenant shall use the Premises for the conduct of a sales and warehouse business, including operations allied thereto, and other lawful uses.

4. TERM.

The term shall be for a period of five (5) years commencing on January 1, 2001 and ending on December 31, 2005.

5. OPTION TO EXTEND TERM.

Tenant is given the option to extend the term of all provisions contained in the Lease, except for rent, for two separate five-year periods ("extended term") following expiration of the then term, by giving notice of exercise of the option ("option notice") to Landlord at least

nine (9) months before the expiration of such term. Provided that, if Tenant is in default on the date of giving the option notice, the option notice shall be totally ineffective, or if Tenant is in default on the date the extended term is to commence, such extended term shall not commence and this Lease shall expire at the end of the prior term.

Rent for the extended term shall be the rent pursuant to Paragraph 6 hereof adjusted upward to match the percentage increase in the Consumer Price Index, Kansas City, Missouri Area, All Price Index, from the date of the last adjustment thereof until the commencement date of the extended term.

6. RENT.

- A. Tenant shall pay to Landlord \$28,140.00 per month in advance on the first day of each month, commencing on January 1, 2001, and continuing during the term. Rent for any partial month shall be prorated at the rate of one-thirtieth (1/30) of the rent per day. All rent shall be paid to Landlord at the address at which notices to Landlord are given.
- B. If this Lease terminates before the expiration date for reasons other than Tenant's default, rent shall be prorated to the date of termination, and Landlord shall immediately repay to Tenant all rent then prepaid and unearned.
- C. Landlord shall not become or be deemed a partner or a joint venturer with Tenant by reasons of the provisions of this Lease.
- D. Tenant has provided to Landlord a rent deposit in the amount of \$15,790 ("Prepaid Rent Deposit"). Landlord shall retain said Prepaid Rent Deposit until termination of this Lease Agreement. Tenant hereby provides Landlord with the authority to deduct from the Prepaid Rent Deposit any damages caused to the Premises by Tenant provided such deductions are made pursuant to and do not conflict with application state law.

7. REQUIRED EXPANSION.

Tenant is hereby given the option to require the Landlord to expand the building and other improvements located on the property (the "Additional Space"), subject to the following terms and conditions:

- A. Landlord and Tenant shall enter into an Addendum to this Lease Agreement modifying the definition of the Premises contained in

Paragraph 2 hereof, adjusting the remaining term of the Lease in Paragraph 4 hereof to a period of five years after completion of the Additional Space and adjusting the rent for the existing Premises and Additional Space as set forth in Paragraph 6 hereof.

- B. As provided for in this Paragraph 7, this Lease Agreement shall be amended to adjust the rent for the then existing Premises as set forth in Paragraph 6 hereof, to adjust upward to match the percentage of increase in the Consumer Price Index, Kansas City, Missouri Area, All Price Index, from the date of the last adjustment thereof to the effective date of the beginning of the adjusted lease term.
- C. As provided for in this Paragraph 7, the Lease Agreement shall be modified to set forth additional rent for the Additional Space in an amount which shall be a function of construction costs for the Additional Space as described herein. The rent for the Additional Space shall be an amount equal to the cost of construction fully amortized over a period not to exceed ten (10) years at an interest rate equal to the interest rate paid by the Landlord on its permanent financing for the construction.
- D. Tenant may require Landlord to build such Additional Space, and to lease such Additional Space to Tenant by serving notice thereof prior to December 31, 2005, which notice shall include a proposed Addendum to this Lease Agreement incorporating the terms required herein, and accompanied by complete plans and specifications for the construction of the Additional Space.
- E. Landlord agrees to use its best efforts to obtain construction financing for the construction of the Additional Space and agrees to use its best efforts to obtain a five year amortized mortgage to replace the construction financing. Landlord's obligation to construct the Additional Space shall be contingent upon its ability to obtain construction and takeout or permanent financing for the Additional Space.
- F. If requested by Landlord, Tenant agrees to enter into a Subordination, Non-Disturbance and Attornment Agreement with regard to the Lease as amended with any financing entity.
- G. In the event there shall remain any option to extend the term of the Lease as provided for in Paragraph 5 hereof, such option shall also relate to the Additional space. The adjustment of rent provided for in Paragraph 5 which is intended to reflect inflation as measured by the Consumer Price Index, shall also be applied to the rent associated with the Additional Space with regard to any renewal thereof.

- H. Landlord agrees to commence construction on the Additional Space within thirty (30) days from the date of obtaining construction and takeout or permanent financing for the Additional Space and to diligently pursue such construction to completion, and, subject to the provisions of this Agreement, to supply such monies and to perform such duties as may be necessary to complete the construction of the Additional Space pursuant to the plans and specifications provided by Tenant.
- I. For purposes of this Agreement construction costs shall mean all costs paid to construct and complete the Additional space including, but not limited to, demolition costs, site preparation costs, architectural fees, contractor's fees, engineering fees, all loan fees and carrying costs, construction period interest, legal fees, accounting fees and all costs of labor materials paid or necessarily incurred by Landlord.

8. PERSONAL PROPERTY TAXES.

Tenant shall pay before delinquency all taxes and assessments that are levied and assessed against Tenant's personal property installed or located in or on the Premises and that become payable during the term. On demand by Landlord, Tenant shall furnish Landlord with satisfactory evidence of these payments.

9. REAL PROPERTY TAXES.

Tenant shall pay all real property taxes and general and special assessments ("real property taxes") levied and assessed against the Premises.

Each year Landlord shall notify Tenant of the real property taxes and immediately upon receipt of the tax bill shall furnish Tenant with a copy of the tax bill. Tenant shall pay the real property taxes not later than ten (10) days before the taxing authority's delinquency date or ten (10) days after receipt of the tax bill, whichever is later.

If any general or special assessment is levied and assessed against the Premises, Landlord can elect to either pay the assessment in full, or allow the assessment to go to bond. If Landlord pays the assessment in full, Tenant shall pay to Landlord each time a payment of real property taxes is made a sum equal to that which would have been payable (as to both principal and interest) had Landlord allowed the assessment to go to bond.

Tenant's liability to pay real property taxes shall be prorated on the basis of a 365-day year to account for any fractional portion of a fiscal tax year included in the term at its commencement and expiration.

Tenant at its cost shall have the right, at any time, to seek a reduction in the assessed valuation of the Premises or to contest any real property taxes that are to be paid by Tenant. If Tenant seeks a reduction or contests the real property taxes, the failure on Tenant's part to pay its share of any real property taxes shall not constitute a default as long as Tenant complies with the following provisions of this Paragraph. Landlord may require from Tenant a bond or other security, reasonably satisfactory to Landlord, in an amount equal to the real property taxes so contested, or in such amount as the taxing authority might require, plus any penalty or interest resulting from nonpayment thereof.

Landlord shall not be required to join in any proceeding or contest brought by Tenant unless the provisions of any law require that the proceeding or contest be brought by or in the name of Landlord or any owner of the Premises. In that case Landlord shall join in the proceeding or contest or permit it to be brought in Landlord's name as long as Landlord is not required to bear any cost. Tenant, on final determination of the proceeding or contest, shall immediately pay or discharge its share of any real property taxes determined by any decision or judgment rendered, together with all costs, charges, interest, and penalties incidental to the decision or judgment.

10. MAINTENANCE.

- A. Landlord's Maintenance. Except as provided in Paragraphs 10A, 18, 19 and 32, Landlord at its cost, shall maintain, in good condition, the structural parts of the building and other improvements in which the Premises are located, which structural parts include only the foundations, bearing and exterior walls (excluding glass and doors), subflooring, and roof (excluding skylights).

Landlord shall repair the Premises if they are damaged by (a) acts or omissions of Landlord, or its authorized representatives; or (b) Landlord's failure to perform its obligations under this Paragraph. Tenant shall repair the Premises if they are damaged by acts of Tenant, or its authorized representatives. Repairs to be made because of acts of God are covered in Paragraph 18 hereof.

Landlord shall have thirty (30) days after notice from Tenant to commence to perform its obligations under this Paragraph 10A, except that Landlord shall perform its obligations immediately if the nature of the problem presents a hazard or emergency. If Landlord does not perform its obligations within the time limitations in this Paragraph, Tenant can perform the obligations as they apply to Premises and have the right to be reimbursed for the sum it actually expends in the performance of Landlord's obligations. If Landlord does not reimburse Tenant within thirty (30) days after demand from Tenant, Tenant shall

have the right to withhold from future rent due the sum Tenant has expended until Tenant is reimbursed in full.

- B. Tenant's Maintenance. Except as provided in Paragraphs 10A, 18, 19 and 32, Tenant at its sole cost shall maintain, in good condition, all portions of the Premises, including all of Tenant's personal property and signs.

11. ALTERATIONS.

Tenant shall not make any structural or exterior alterations to the Premises without Landlord's consent. Tenant at its Cost shall have the right to make, with Landlord's consent, nonstructural alterations to the interior of the Premises that Tenant requires in order to conduct its business on the Premises.

If Tenant is not then in default of any provisions of this Lease, Tenant shall have the right to remove from the Premises immediately before the expiration of the term, or within thirty (30) days after termination of the term, any alterations Tenant has made to the Premises, as long as the removal will not cause any structural damage to the Premises, and Tenant at its cost promptly restores any damage caused by the removal.

12. MECHANICS' LIENS.

Tenant shall pay all costs for construction done by it or caused to be done by it on the Premises as permitted by this Lease. Tenant shall keep the building, other improvements, and land on which the Premises are a part, free and clear of all mechanics' liens resulting from construction done by or for Tenant.

13. UTILITIES AND SERVICES.

Tenant shall make all arrangements for and pay all utilities and services furnished to or used by it, including, without limitation, gas, electricity, water, telephone service, and trash collection. Landlord will pay for all connection charges (excluding deposits)

14. INDEMNITY AND EXCULPATION.

Landlord shall not be liable to Tenant for any damage to Tenant or Tenant's property from any cause. Tenant waives all claims against Landlord for damage to person or property arising from any reason, except that Landlord shall be liable to Tenant for damage to Tenant resulting from the acts or omissions of Landlord or its authorized representative.

Tenant shall hold Landlord harmless from all damages arising out of any damage to any person or property occurring in, on, or about the Premises, except that Landlord shall be liable to Tenant for damage resulting from the acts or omissions of Landlord or its authorized representatives. Landlord shall hold Tenant harmless from all damages arising out of any such damage. A party's obligation under this paragraph to indemnify and hold the other party harmless shall be limited to the sum that exceeds the amount of insurance proceeds, if any, received by the party being indemnified.

15. PUBLIC LIABILITY AND PROPERTY DAMAGE INSURANCE.

Tenant at its cost shall maintain public liability and property damage insurance with a single combined liability limit of not less than Two Million Dollars (\$2,000,000.00) and property damage limits of not less than Five Hundred Thousand Dollars (\$500,000.00) insuring against all liability of Tenant and its authorized representatives arising out of and in connection with Tenant's use or occupancy of the Premises. Tenant shall provide Landlord, at Landlords' request, the proof of the maintenance of such insurance. If Tenant shall at any time fail to maintain such insurance, Landlord may, at its option, obtain such insurance in which case Tenant's monthly rent shall be increased by the appropriate monthly amount.

All public liability insurance and property damage insurance shall insure performance by Tenant of the indemnity provisions of Paragraph 14.

16. FIRE INSURANCE.

Tenant at its cost shall maintain on the building and other improvements that are a part of the Premises a policy of standard fire and extended coverage insurance, with vandalism and malicious mischief endorsements, to the extent of at least full replacement value (\$500,000.00 minimum). Tenant shall provide Landlord, at Landlords' request, the proof of the maintenance of such insurance. If Tenant shall at any time fail to maintain such insurance, Landlord may, at its option, obtain such insurance in which case Tenant's monthly rent shall be increased by the appropriate monthly amount.

The insurance policy shall provide that any proceeds shall be made payable to Landlord and Tenant, and that the insurance policy shall be issued in the name of both Landlord and Tenant.

The "full replacement value" of the building and other improvements to be insured under this Paragraph 16 shall be determined by the company issuing the insurance policy at the time the policy is initially obtained. Not more frequently than once every three (3) years, either party shall have the right to notify the other party that it elects to have the replacement value redetermined by an insurance company. The redetermination shall be made promptly and in

accordance with the rules and practices of the Board of Fire Underwriters, or a like Board recognized and generally accepted by the insurance company and, each party shall be promptly notified of the results. The insurance policy shall be adjusted according to the redetermination.

17. WAIVER OF SUBROGATION.

The parties release each other, and their respective authorized representatives, from any claims for damage to any person or to the Premises, and to the fixtures, personal property, Tenant's improvements, and alterations of either Landlord or Tenant in or on the Premises that are caused by or result from risks insured against under any insurance policies carried by the parties and in force at the time of any such damage.

Each party shall cause each insurance policy obtained by it to provide that the insurance company waives all right of recovery by way of subrogation against either party in connection with any damage covered by any policy. Neither party shall be liable to the other for any damage caused by fire or any of the risks insured against under any insurance policy required by this Lease. If any insurance policy cannot be obtained with a waiver of subrogation, or is obtainable only by the payment of an additional premium charge above that charged by insurance companies issuing the policies without waiver of subrogation, the party undertaking to obtain the insurance shall notify the other party of this fact. The other party shall have a period of ten (10) days after receiving the notice either to place the insurance with a company that is reasonably satisfactory to the other party and that will carry the insurance with waiver of subrogation, or to agree to pay the additional premium if such a policy is obtainable at additional cost. If the insurance cannot be obtained or the party in whose favor a waiver of subrogation is desired refuses to pay the additional premium charges, the other party is relieved of the obligation to obtain a waiver of subrogation rights with respect to the particular insurance involved.

18. DESTRUCTION.

If, during the term, the Premises are totally or partially destroyed from any cause, rendering the Premises totally or partially inaccessible or unusable, Landlord shall restore the Premises to substantially the same condition as they were immediately before destruction, if the restoration can be made under the existing laws and can be completed within ninety (90) working days after the date of the destruction. Such destruction shall not terminate this Lease.

If the restoration cannot be made in the time stated in this Paragraph, Tenant can terminate this Lease immediately by giving notice to Landlord. If Tenant fails to terminate this Lease and if restoration is permitted under the existing laws, Landlord, at its election, can either terminate this Lease or restore the Premises within a reasonable time and this Lease shall continue in full force and effect. If the then existing laws do not permit the restoration, either party can terminate this Lease immediately by giving notice to the other party.

In case of destruction there shall be an abatement or reduction of rent between the date of destruction and the date of completion of restoration, based on the extent to which the destruction interferes with Tenant's use of the Premises.

If destruction to the Premises occurs during the last six (6) months of the term, Landlord can terminate this Lease by giving' notice to Tenant not more than fifteen (15) days after the destruction. Except that, if the destruction occurs during the last six (6) months of the term and if within fifteen (15) days after the destruction Tenant exercises the option or has already exercised the option to extend the term as provided in Paragraph 5 (if the time within which the option can be exercised has not expired), Landlord shall restore the Premises as provided in this Paragraph 18.

19. CONDEMNATION.

A. Definitions. As used in this Paragraph the following words and phrases shall have the following meanings:

- (1) "Condemnation" means (i) the exercise of any government power, whether by legal proceedings or otherwise, by a condemnor and (ii) a voluntary sale or transfer by Landlord to any condemnor, either under threat of condemnation or while legal proceedings for condemnation are pending.
- (2) "Date of taking" means the date the condemnor has the right to possession of the property being condemned.
- (3) "Award" means all compensation, sums, or anything of value awarded, paid, or received on a total or partial condemnation.
- (4) "Condemnor" means any public or quasi-public authority, or private corporation or individual, having the power of condemnation.

B. Parties' Rights and Obligations. If, during the term of the Lease, there is any taking of the Premises or any interest in this Lease by condemnation, the rights and obligations of the parties shall be determined pursuant to this Paragraph 19.

If the Premises are totally taken by condemnation, this Lease shall terminate on the date of taking.

If any portion of the Premises is taken by condemnation, this Lease shall remain in effect, except that Tenant can elect to terminate this Lease if the remaining portion of the Premises, or the parking areas that are a part of the Premises, are rendered unsuitable for Tenant's continued use of the Premises. If Tenant elects to terminate this Lease, Tenant must exercise its right to terminate pursuant to this Paragraph by giving written notice to Landlord within thirty (30) days after the nature and the extent of the taking have been finally determined and communicated in writing to Tenant. If Tenant elects to terminate this Lease as provided in this Paragraph, Tenant also shall notify Landlord of the date of termination, which date shall not be earlier than thirty (30) days nor later than ninety (90) days after Tenant has notified Landlord of its election to terminate; except that this Lease shall terminate on the date of taking if the date of taking falls on a date before the date of termination as designated by Tenant. If Tenant does not terminate this Lease within the thirty (30) day period, this Lease shall continue in full force and effect, except that the monthly rent shall be reduced pursuant to this Paragraph 19.

If any portion of the Premises is taken by condemnation and this Lease remains in full force and effect on the date of taking, then rent shall be reduced by an amount that is in the same ratio to rent as the value of the area of the portion of the Premises taken bears to the total value of the Premises immediately before the date of taking, as determined by Landlord.

If there is a partial taking of the Premises and this Lease remains in full force and effect pursuant to this Paragraph 19, Landlord at its cost shall accomplish all necessary restoration.

Rent shall be abated or reduced during the period from the date of taking until the completion of restoration, but all other obligations of Tenant under this Lease shall remain in full force and effect. The abatement or reduction of rent shall be based on the extent to which the restoration interferes with Tenant's use of the Premises.

The award shall belong to and be paid to Landlord, except that Tenant shall receive from the award the following:

- (1) A sum attributable to Tenant's improvements or alterations made to the Premises by Tenant in accordance with this Lease, which Tenant's improvements or alterations Tenant has the right to remove from the Premises pursuant to the provisions of this Lease but elects not to remove; or if Tenant elects to remove any such Tenant's improvements or alterations, a Sum for reasonable removal and relocation costs not to exceed the market value of such improvements and alterations; and
- (2) A sum attributable to any excess of the market value of the Premises, exclusive of Tenant's improvements or alterations for which Tenant is compensated under this Paragraph, for the remainder of the term, over the present value at the date of taking of the rent payable for the remainder of the term; and

- (3) A sum attributable to that portion of the award constituting severance damages for the restoration of the Premises; and
- (4) A sum paid to Tenant from the Condemnor for loss of goodwill.

The taking of the Premises or any part of the Premises by military or other public authority shall constitute a taking of the Premises by condemnation only when the use and occupancy by the taking authority has continued for longer than one hundred eighty (180) consecutive days. During the one hundred eighty (180) day period all the provisions of this Lease shall remain in full force and effect, except that rent shall be abated or reduced during such period of taking based on the extent to which the taking interferes with Tenant's use of the Premises, and Landlord shall be entitled to whatever award may be paid for the use and occupation of the Premises for the period involved.

20. ASSIGNMENT AND SUBLETTING.

Tenant shall not voluntarily assign or encumber its interest in this Lease or in the Premises, or sublease all or any part of the Premises, or allow any other person or entity (except Tenant's authorized representatives) to occupy or use all or any part of the Premises without first obtaining Landlord's consent, which consent shall not be unreasonably withheld. Any assignment, encumbrance, or sublease without Landlord's consent shall be voidable, and, at Landlord's election, shall constitute a default. No consent to any assignment, encumbrance, or sublease shall constitute a further waiver of the provisions of this Paragraph.

Tenant shall have the right, without Landlord's consent, to assign this Lease to a corporation with which it may merge or consolidate, or sublease all or any portion of the Premises, to any parent or subsidiary of Tenant or subsidiary of Tenant's parent, or to a purchaser of substantially all of Tenant's assets, if the assignee executes an agreement required by Landlord assuming Tenant's obligations.

21. DEFAULT.

A. Tenant's Default. The occurrence of any of the following shall constitute a default by Tenant:

- (1) Failure to pay rent when due if the failure continues for ten (10) days after notice has been given to Tenant;
- (2) Failure to perform any other provisions of the Lease if the failure to perform is not cured within thirty (30) days after notice has been given to Tenant. If the default cannot reasonably be cured within thirty (30) days, Tenant shall not be in default of this

Lease if Tenant commences to cure the default within the thirty (30) day period and diligently and in good faith continues to cure the default;

- (3) Desertion or vacation of the Premises;
- (4) Filing of any Petition by or against Tenant under any section or chapter of the Federal Bankruptcy Act, as amended, or under any similar law or statute of the United States or any state thereof;
- (5) Insolvency of Tenant or if Tenant makes a transfer in fraud or creditors;
- (6) Tenant makes an assignment for benefit of creditors; or
- (7) A receiver is appointed for Tenant or any of the assets of Tenant.

Notices given under this Paragraph shall specify the alleged default and the applicable lease provisions, and shall demand that Tenant perform the provisions of this Lease or pay the rent that is in arrears, as the case may be, within the applicable period of time, or quit the Premises. No such notice shall be deemed a forfeiture or a termination of this Lease unless Landlord so elects in the notice.

B. Landlord's Remedies. Landlord shall have the following remedies if Tenant commits a default. These remedies are not exclusive; they are cumulative in addition to any remedies now or later allowed by law.

- (1) Upon ten (10) days prior written notice, excepting the payment of rent or additional rent for which no demand or notice shall be necessary, in addition to and not in limitation of any other remedy permitted by law, to enter upon the Premises either with or without process of law, and to expel, remove and put out Tenant or any other persons who might be thereon, together with all personal property found therein; or
- (2) Landlord may from time to time, without terminating this Lease, rent said Premises or any part thereof for such term or terms (which may be for a term extending beyond the Term) at such rental or rentals and upon such other terms and conditions as Landlord in its sole discretion may deem advisable, with the right to repair, renovate, remodel, redecorate, alter and change said Premises. At the option of Landlord, rents received by Landlord from such reletting shall be applied first to the payment of any indebtedness from Tenant to Landlord other than rent and additional rent due hereunder; second to payment of any costs

and expenses of such reletting including but not limited to attorney's fees, advertising fees and brokerage fees, and to the payment of any repairs, renovations, remodeling, redecorations, alterations and changes in the Premises; third to the payment of rent and additional rent due and payable hereunder and interest thereon; and, if after applying said rentals there is any deficiency in the rent and additional rent and interest to be paid by Tenant under this Lease, Tenant shall pay any such deficiency to Landlord and such deficiency shall be calculated and collected by Landlord monthly. No such reentry or taking possession of said Premises shall be construed as an election of Landlord's part to terminate this Lease unless a written notice of such intention is given to Tenant.

- (3) Notwithstanding any such reletting without termination, Landlord may terminate Tenant's right to possession of the Premises for such previous breach and default. No act by Landlord other than giving notice to Tenant shall terminate this Lease. On termination, Landlord has the right to recover from Tenant:
 - (a) The unpaid rent that had been earned at the time of termination of this Lease;
 - (b) The amount by which the unpaid rent that would have been earned after the date of termination of this Lease until the time of award exceeds the amount of the loss of rent that Tenant proves could have been reasonably avoided;
 - (c) Any other amount, and court costs, necessary to compensate Landlord for all detriment proximately caused by Tenant's default.

Landlord shall have the right and remedy to seek redress in the courts at any time to correct or remedy any default of Tenant by injunction or otherwise, without such resulting or being deemed a termination of this Lease, and Landlord, whether this Lease has been or its terminated or not, shall have the absolute right by court action or otherwise to collect any and all amounts of unpaid rent or unpaid additional rent or any other sums due from Tenant to Landlord under this Lease which were or are unpaid at the date of termination. In case it should be necessary for Landlord to bring any action under this Lease, to consult or place said Lease or any amount payable by Tenant hereunder with an attorney concerning or for the enforcement of any of Landlord's rights hereunder, then Tenant agrees in each and any such case to pay to Landlord, Landlord's reasonable attorney's fees.

C. Landlord's Default.

Landlord shall be in default of this Lease if it fails or refuses to perform any provision of this Lease that it is obligated to perform if the failure to perform is not cured within thirty (30) days after notice of the default has been given by Tenant to Landlord.

If the default cannot reasonably be cured within thirty (30) days, Landlord shall not be in default of this Lease if Landlord commences to cure the default within the thirty (30) day period and diligently and in good faith continues to cure the default.

Tenant, at any time after Landlord commits a default, can either cure the default at Landlord's cost or terminate this Lease. If Tenant at any time, by reason of Landlord's default, pays any sum or does any act that requires the payment of any sum, the sum paid by Tenant shall be due immediately from Landlord to Tenant at the time the sum is paid, and if paid at a later date shall bear interest at the maximum rate permitted by law from the date the sum is paid by Tenant until Tenant is reimbursed by Landlord.

If Landlord fails to reimburse Tenant as required by this paragraph, Tenant shall have the right to withhold from future rent due the sum Tenant has paid until Tenant is reimbursed in full for the sum plus interest.

22. SIGNS AND ADVERTISING.

Tenant at its cost shall have the right to place, construct and maintain on the Premises one or more exterior signs advertising its business on the Premises. Tenant shall also have the right to place, construct, and maintain any signs it deems advisable on the interior of the building that is a part of the Premises.

Any sign that Tenant shall place, construct, or maintain shall comply with all applicable laws and ordinances, and Tenant shall obtain any approval or permits required by such laws. Landlord makes no representation with respect to Tenant's ability to obtain such approval or permits.

23. LANDLORD'S ENTRY ON PREMISES.

Landlord and its authorized representatives shall have the right to enter the Premises after giving Tenant five (5) days written notice, for any of the following purposes:

- A. To do any necessary maintenance and to make any restoration to the Premises or the building and other improvements in which the Premises are located that Landlord has the right or obligation to perform;

- B. To serve, post, or keep posted any notices required or allowed under the provisions of this Lease;
- C. To shore the foundations, footings, and walls of the Premises and to erect scaffolding and protective barricades around and about the Premises, but not so as to prevent entry to the Premises, and to do any other act or thing necessary for the safety or preservation of the Premises or the building and other improvements in which the Premises are located if any excavation or other construction is undertaken or is about to be undertaken on any adjacent property or nearby street.

Tenant shall be entitled to an abatement or reduction of rent if Landlord exercises any rights reserved in this Paragraph to the extent that Landlord's entry and activities interfere with Tenant's business on the Premises, except that if Landlord's entry and activities on the Premises result from Tenant's default, Tenant shall not be entitled to any abatement or reduction of rent.

Landlord shall conduct its activities on the Premises as allowed in this Paragraph in a manner that will cause the least possible inconvenience, annoyance, or disturbance to Tenant.

24. SUBORDINATION.

This Lease is and shall be prior to any encumbrance now of record and any encumbrance recorded after the date of this Lease affecting the Premises.

If, however, a lender requires that this Lease be subordinate to any such encumbrance, this Lease shall be subordinate to that encumbrance if Landlord first obtains from the lender a written agreement that provides substantially the following:

"As long as Tenant performs its obligations under this Lease, no foreclosure of, deed given in lieu of foreclosure of, or sale under the encumbrance, and no steps or procedures taken under the encumbrance, shall affect Tenant's rights under this Lease.

The provisions in Paragraph 18 of this Lease concerning the disposition of insurance proceeds on destruction of the Premises, and the provision in Paragraph 19 of this Lease concerning the disposition of any condemnation award, shall prevail over any conflicting provisions in the encumbrance."

Tenant shall execute the written agreement and any other documents required by the lender to accomplish the purposes of this Paragraph.

25. NOTICE.

Tenant shall execute and deliver to Landlord on the expiration or termination of this Lease, immediately on Landlord's request, a quit claim deed to the Premises, in recordable form, designating Landlord as transferee.

27. ATTORNEYS' FEES.

If either party becomes a party to any litigation concerning this Lease, the Premises, or the building or other improvements in which the Premises are located, by reason of any act or omission of the other party or its authorized representatives, and not by any act or omission of the party that becomes a party to that litigation or any act or omission of its authorized representatives, the party that causes the other party to become involved in the litigation shall be liable to that party for reasonable attorneys' fees, including fees for attorneys regularly employed by said party, and court costs incurred by it in the litigation.

All provisions of this Lease except those pertaining to term and option to extend shall apply to the month-to-month tenancy.

30. MISCELLANEOUS PROVISIONS.

A. General Conditions.

Time is of the essence of each provision of this Lease. Whenever consent or approval of either party is required, that party shall not unreasonably withhold such consent or approval. Rent and all other sums payable under this Lease must be paid in lawful money of the United States of America. Except as provided in Paragraph 21, if a party elects to terminate this Lease as allowed in this Lease, on the date the Lease terminates, the parties shall be released from further liabilities and obligations, and Landlord shall return to Tenant any unearned rent, as long as Tenant is not in default on the date the Lease terminates. The unenforceability, invalidity, or illegality of any provision shall not render the other provisions unenforceable, invalid, or illegal. EXHIBIT 6.2

DISTRIBUTION AGREEMENT

THIS AGREEMENT is made effective as of this 1st day of January 2008 by and between **AGRI-LABORATORIES, LTD.**, a Delaware corporation ("AgriLabs"), and _____, a company (the "Distributor").

NOW, THEREFORE, for good and valuable consideration, the sufficiency and existence of which is hereby acknowledged, the parties agree as follows:

I. Definitions.

- (a) "Authorized Distributor" means Distributor and other distributors of Product now or hereafter approved by AgriLabs in writing.
- (b) "Back Order" shall mean Product as herein defined, which is not available at the time a Purchase Order, as herein defined, is received by AgriLabs from an Authorized Distributor as herein defined.
- (c) "Contract Period" means the period commencing on January 1 and ending on December 31 of the year the contract is effective. Notwithstanding the foregoing, this agreement will be effective on the date of execution if later or earlier than the beginning of the First Contract Period. This paragraph is subject to the limitations set forth in this Agreement.
- (d) "Purchase Order" shall mean an order for Product as herein defined and received by AgriLabs from an Authorized Distributor as herein defined.
- (e) "Product" or "Products" means any or all products listed on Exhibit "A" attached hereto and incorporated herein. Products may be added to or deleted from Exhibit A from time to time by AgriLabs without notice.
- (f) "Pro-Labs Products" means any and all products which bear the brand name "Pro-Labs" or "Pro-Labs, Ltd." and any derivation thereof or substitute name thereto.
- (g) "Shipper" means a reputable common carrier of goods who customarily ships goods of a similar nature to the Products.

- 2. Appointment and Acceptance.** AgriLabs appoints Distributor as an Authorized Distributor of Products and Distributor accepts such appointment. Distributor understands and agrees that it only has a right to purchase Products to the extent that this Agreement, or an amendment, renewal or replacement hereto, is in effect. As of the beginning of the Contract Period, this Agreement replaces and supersedes all previous distribution agreements, addendums to such agreements, and supplements thereto. Notwithstanding the foregoing, the execution of this Agreement will not terminate the right of Distributor to receive any Promotional Allowance or returned goods allowance which has accrued and is due pursuant to a previous distribution agreement executed prior to the First Contract Period.

3. Marketing of Products. Distributor will exert its best efforts to sell and achieve a distribution of Products. Distributor will only sell Pro-Labs Products to licensed veterinarians and/or customers on the prescription or the order of licensed veterinarians. Distributor will not sell the Pro-Labs Products in the over-the-counter and/or non-veterinary markets. Distributor agrees that any sale of the Pro-Labs Products in the over-the-counter market would be detrimental to the Pro-Labs Products and would not be in the best interests of AgriLabs. Distributor recognizes that this restriction will apply to the Pro-Labs Products regardless of whether such products are designated as "script" or "non-script." In addition, the Pro-Labs Products may only be advertised in catalogs (for sale to veterinarians or by prescriptions of veterinarians) under generic product names, without reference to "Pro-Labs" or "Pro-Labs, Ltd." or any similar name or mark.
4. Term of Agreement. This Agreement will become effective as of the date hereof and continue through the Contract Period, unless earlier terminated as provided for herein.
5. Renewal of Term. Subject to the provisions of paragraph 18 hereof, and provided that Distributor has not breached this Agreement or any other agreement with AgriLabs, Distributor will have the right to renew this Agreement for a subsequent Contract Period by signing a Distribution Agreement covering the next Contract Period. Failure to renew this Agreement by the method set forth in the previous sentence will automatically terminate this Agreement at the end of the then current Contract Period or the then applicable Contract Period if previously renewed.
6. Effect of Termination or Non Renewal. In the event this Agreement is terminated (whether pursuant to paragraph 18 or otherwise) or is not renewed for any reason, such occurrence will be deemed a "Transfer" pursuant to Section 8.5 of AgriLabs' Bylaws such that AgriLabs will have certain purchase rights with respect to the AgriLabs stock owned by Distributor as set forth in the Bylaws. The parties acknowledge that the purpose of this provision is to maintain the ownership of AgriLabs in its active distribution members and that such a result is fair and just under the circumstances. This provision shall survive termination or nonrenewal.
7. Prices and Terms. Attached hereto as Exhibit "A" and incorporated herein is a current price list for Products. AgriLabs reserves the right to revise the price list, at its sole discretion, from time to time. AgriLabs, further reserves the right to reject any Purchase Order or any portion of a Purchase Order, at its sole discretion, from time to time, if the Purchase Order is for a Product or Products which is on Back Order at the time of receipt of the Purchase Order. If AgriLabs elects to reject any Purchase Order or any portion of a Purchase Order, it shall provide notice by mail, facsimile transmission or pursuant to paragraph 30 of the Agreement to the Authorized Distributor within five (5) days from receipt and rejection of the Purchase Order or any portion thereof. Contained in said notice shall be a contract to reinstate the cancelled Back Ordered Product. The Authorized Distributor shall have at its option the right to execute the contract and return it to AgriLabs to reinstate the order subject to the terms of the contract or to not enter into the contract. AgriLabs will

sell Products to Distributor at a price which is equal to the lesser of the price reflected in its then current price list for similar quantities of Product or the best price which it sells to any of its Authorized Distributors for similar quantities of Product. Unless otherwise stated on the invoice, payment in full for all Products ordered by Distributor will be due thirty (30) days after the date of the invoice (the "Due Date") sent by AgriLabs to Distributor. If payment is not received by AgriLabs on or before the Due Date, the past due balance will accrue interest from the Due Date at the rate of one and one-half percent (1½%) for each calendar month and any part thereof in which such balance remains unpaid. AgriLabs may, in its sole discretion, stop shipping Product to Distributor if payment for an invoice is not received by the Due Date and/or set off any said balance due against amounts owed to Distributor under this Agreement, including but not limited to amounts owed for Promotional Allowances, and under any other agreement between Distributor and AgriLabs, any amounts owed by Distributor to AgriLabs under this Agreement and any other agreement between AgriLabs and Distributor. Payment terms are subject to change by AgriLabs upon notice to Distributor.

8. Credit Limits. AgriLabs has established a credit limit for Distributor as set forth on Exhibit B. Distributor may request a higher credit limit or a temporary waiver of the credit limit, however, it is in AgriLabs' sole discretion as to whether it will grant such a request. AgriLabs reserves the right to revise Distributor's credit limit upon notice, to take effect as of the date mailed or faxed to Distributor.
9. Security. Payment for each order placed by Distributor will be secured by a pledge of stock in AgriLabs held by the Distributor pursuant to the form of Pledge Agreement required by AgriLabs. Distributor will execute the Pledge Agreement and deliver its AgriLabs stock certificate(s) along with a fully executed assignment separate from certificate in the form provided by AgriLabs to AgriLabs to perfect AgriLabs' security interest in such Distributor's AgriLabs stock. If requested by AgriLabs, Distributor will execute such financing statements and take such other action as AgriLabs deems appropriate to perfect said security interest. In the event that Distributor is unable to pledge its AgriLabs stock due to contractual arrangements which cannot be modified at a reasonable cost to Distributor and Distributor provides AgriLabs with a copy of such documents, Distributor may provide AgriLabs with a letter of credit from a financial institution acceptable to AgriLabs having a dollar amount equal to the book value of such member's AgriLabs stock pursuant to terms and arrangements satisfactory to AgriLabs in its sole discretion, in lieu of the stock pledge set forth above. This provision shall survive termination or nonrenewal.
10. Product Complaints. Any Product complaints received by Distributor relative to the Products will be referred directly to AgriLabs for handling and to the manufacturer of the Product. No formal evaluation of the complaint by Distributor will be required although Distributor agrees to fully cooperate with any evaluation by AgriLabs or the manufacturer of the Product. A copy of any evaluation or response to a complaint made by AgriLabs will be sent to the Distributor.
11. Risk of Loss. After receipt of Products by Distributor from the Shipper, Distributor will bear all risk of loss or damage to the Products, and AgriLabs will bear all risk of loss or damage prior thereto.

12. Acceptance and Claims. All Products will be received subject to Distributor's inspection during a ten (10) day quarantine and may be rejected if found substantially defective. The inspection will be conducted promptly after the Products' arrival at the Distributor's warehouse and in no event later than ten (10) days after the arrival date. All claims for alleged defects which may be discovered by inspection will be reported in writing to AgriLabs as soon as possible, but in any event, no later than ten (10) days after the date of arrival of the Products. At AgriLabs' request, Distributor will promptly supply either some of the units of the allegedly defective Products or some other evidence of a deficiency as specified by AgriLabs. AgriLabs reserves the right, at its discretion, to replace Products found to be defective with such quantity of Products in good, salable condition, as will satisfy Distributor's purchase order requirements by delivering such replacements to Distributor's warehouse or by issuing a credit to Distributor for the pro rated invoice amount plus such costs and expenses incurred in situating unsalable Products in Distributor's warehouse. Distributor will return to AgriLabs all or part of the defective Products at AgriLabs' expense or dispose of such Products as AgriLabs directs. In the alternative to Distributor returning defective Products to AgriLabs, AgriLabs may pay Distributor a return goods allowance which AgriLabs estimates is reasonable to compensate its distributors for not less than the approximate amount the distributors would have received for returned goods. Payment of the returned goods allowance will be subject to the provisions of paragraph 20 hereof.
13. Warranties. AgriLabs warrants that the Products are of merchantable quality, are free from defects in material and workmanship, and are fit for the purposes for which produced or apparently intended. **THE WARRANTY SET FORTH IN THIS PARAGRAPH IS EXCLUSIVE AND IS IN LIEU OF ANY OTHER EXPRESS OR IMPLIED WARRANTY, INCLUDING ANY IMPLIED WARRANTY OF FITNESS, AND CONSTITUTES THE SOLE REMEDY OF DISTRIBUTOR AND LIABILITY OF AGRILABS WITH RESPECT TO ANY PRODUCTS DELIVERED PURSUANT TO THIS AGREEMENT, WHETHER ON WARRANTY, CONTRACT OR NEGLIGENCE THEORIES OF LIABILITY.** The warranties set forth in this paragraph will be voided and of no further force and effect if Products are subjected to accident, misuse, abuse, alterations, improper storage, or other negligent handling or operations. AgriLabs will not in any event be liable for special or consequential damages.
14. Limitation on Damages. Neither party to this Agreement will be liable by reason of termination, expiration, nonrenewal, or breach of this Agreement to the other for consequential and/or incidental damages, which include but are not limited to compensation, reimbursement or damages on account of any loss of prospective profits, anticipated sales or on account of expenditures, investments, leases, or other commitments relating to the business or goodwill of either party. This provision shall survive termination or nonrenewal.
15. Information, Data and Materials. AgriLabs will supply Distributor with product literature and such other promotional materials as may be available to other Authorized Distributors from time to time.

16. Packaging Materials. Distributor will not alter or change any product packaging, descriptive literature, advertising, etc. pertaining to Products without AgriLabs' advance written consent. Distributor will include AgriLabs' Product trademark and AgriLabs name and address as the supplier of Products on all Product promotional materials, Product write-ups, and similar items.
17. Confidential Information. Distributor and Company agree to maintain in strict confidence and secrecy and shall duly safeguard to the best of their ability and in compliance with any specific procedures requested by either party, and shall cause their employees, directors, shareholders and agents to do the same, any and all trade secrets and/or confidential information pertaining to products and operations of the other party hereto, and Distributor and Company shall not at any time knowingly disclose such information to others. Confidential information includes, but is not limited to all distribution lists, customer lists, marketing plans, marketing information, proprietary product information, financial information regarding AgriLabs or Distributor, information regarding research and development, new animal drug applications, abbreviated new animal drug applications, new product information, information regarding Promotional Allowances (as hereinafter defined), price lists, and any other information AgriLabs or Distributor considers confidential so long as the other party is on notice that the information is considered confidential. This obligation will commence as of the date of this Agreement and will continue for five (5) years after the termination or nonrenewal of this Agreement and any renewals thereof, regardless of the reason for termination or nonrenewal. This provision shall survive or nonrenewal.
18. Termination. This Agreement may be terminated by:
- (a) Written instrument duly executed by the Distributor and delivered to AgriLabs by certified mail;
 - (b) AgriLabs on ten (10) days notice if Distributor should
 - (i) cease to function as a going concern or cease to conduct its operations in the normal course of business; or
 - (ii) is indicted or charged with a criminal violation in any jurisdiction; or
 - (iii) attempt to assign, convey or otherwise transfer in whole or in part any of Distributor's rights hereunder to any third party without AgriLabs' express prior written consent, which consent will be based on Distributor's full, true and correct disclosure of the proposed transaction to AgriLabs and AgriLabs' desires to accept such assignment, conveyance or transfer; or
 - (iv) without AgriLabs' advance written consent, which consent will be given or withheld in AgriLabs' sole discretion, undergo a change in majority ownership, such that the persons currently having a fifty-one percent (51%) ownership and voting interest in Distributor prior to

such change in ownership will no longer have a fifty-one percent (51%) interest in ownership or voting after such change in ownership (Distributor will notify AgriLabs in writing of any proposed or actual change in ownership of Distributor); or

- (v) sell a majority of its assets outside of the ordinary course of business; or
- (vi) become involved in financial difficulties involving the appointment of a receiver or the like, a moratorium on indebtedness or a petition in bankruptcy or the like filed by or against Distributor or an assignment on behalf of Distributor's creditors; or
- (vii) submit fraudulent reports or information or continue to submit false or untrue reports or information to AgriLabs; or
- (viii) breach any of the terms of this Distribution Agreement; or
- (ix) breach any of the terms of any other instrument or agreement between AgriLabs and Distributor.

19. Repurchase Option. Within ninety (90) days after termination of this Agreement or nonrenewal hereof, AgriLabs may, at its option, repurchase from Distributor at Distributor's net warehouse cost all or any portion of Products which are commercially usable or saleable, as well as any usable advertising and/or promotional materials previously purchased by Distributor. Within thirty (30) days after termination of this Agreement or expiration without renewal hereof, Distributor will deliver to AgriLabs free of charge any and all Product samples, packaging, components, sales promotional materials and the like, which AgriLabs previously made available to Distributor at no charge.

20. Sales Rebates, Spiffs and Incentives. Distributor may from time to time become entitled to certain special promotions, sales spiffs, promotional allowances, member promotional allowances, sales rebates and similar incentives from AgriLabs based on the sale of Products and/or based upon other performance factors (the "Promotional Allowances"). Promotional Allowances may vary by Product and by season. Distributor will have a right to receive any Promotional Allowance for which Distributor has qualified, however, in the event Distributor is in breach of any portion of this Agreement or any other agreement or instrument between Distributor and AgriLabs, AgriLabs will have the right to suspend or eliminate any Promotional Allowance that has not yet been paid. Upon termination of this Agreement or nonrenewal hereof, AgriLabs may set off against any amounts owed to Distributor under this Agreement, including but not limited to amounts owed for Promotional Allowances, and under any other agreement between Distributor and AgriLabs, any amounts owed by Distributor to AgriLabs under this Agreement and any other agreement between AgriLabs and Distributor. One of the Promotional Allowances is the sales rebate which is structured as a black box incentive (the "Black Box Incentive"). The method of calculating and the amount of the Black Box Incentive will be determined early in or prior to a Contract Period by AgriLabs management and will be kept strictly confidential and will not be made available to Distributor.

The Black Box Incentive will be a binding obligation of AgriLabs to the extent provided for herein, notwithstanding the fact that the aggregate amount of the Black Box Incentive due to Distributor is announced after the end of the Contract Period. The Black Box Incentive will be paid within seventy-five (75) days of the end of a Contract Period and shall be paid within seventy-five (75) days from the end of the first six (6) months of the Contract Period. AgriLabs may pay any Promotional Allowance (including the Black Box Incentive) and may pay the returned goods allowance in the form of a credit against amounts due or to become due from Distributor to AgriLabs. One of the Promotional Allowances is the "Member Promotional Allowance." Pursuant to the Member Promotional Allowance, Distributor will be entitled to reimbursement of "Qualified Promotional Expenditures" in an amount not to exceed one-half of one percent (.5%) of Product sales made by Distributor. Qualified Promotional Expenditures will be expenditures by the Distributor which comply with rules established from time to time by AgriLabs and were preapproved in writing by AgriLabs.

21. Discontinuance of Use of Proprietary Rights. Upon termination or expiration of this Agreement, Distributor will cease all use of the name, trade name and all trademarks and service marks of AgriLabs and any and all proprietary rights of AgriLabs and will thereafter duly and promptly refer to AgriLabs any and all inquiries, orders, correspondence and the like, whether in written or oral form, pertaining to the Products or AgriLabs.
22. Equitable Relief. Distributor and AgriLabs acknowledge that because of the unique nature of their respective obligations and rights herein and the unique nature of the proprietary rights pertaining to the Products, irreparable harm will be caused by a breach by Distributor of its obligations under this Agreement and monetary damages may be inadequate to compensate AgriLabs for such harm; therefore, the parties agree that injunctive or other equitable relief may be an appropriate remedy to enforce this Agreement and may be sued for without AgriLabs first or concurrently bringing and without limiting an action at law. The parties further agree that except as provided in paragraph 25, any suit not involving claims subject to arbitration will be venued in the courts located within Kansas City, Missouri.
23. Default. No failure or omission by either of the parties hereto in the performance of any non-monetary obligation contained in this Agreement will be deemed a breach hereof if the same arises from any causes beyond the control and without fault or negligence of, such party, including, but not restricted to, acts of God, acts of federal, state or local government or any agency thereof, request of any governmental authority or any officer, department, agency or instrumentality thereof, fire, storm, flood, earthquake, explosion, accident, acts of the public enemy, war, rebellion, insurrection, riot, sabotage, epidemic, quarantine, restrictions, strike, lockout, dispute with workmen, labor shortages, transportation embargoes or failures or delays in transportation, or exhaustion or unavailability or delays in the delivery of any transportation facility, product or material necessary to the performance hereof, except that all actions of Distributor's shareholders, directors, employees and agents are hereby deemed to be within Distributor's control.

24. Non-Waiver. AgriLabs' and Distributor's right to require strict observance in performance of each of the terms and provisions hereof shall not be affected by concurrent waiver of any other term or provision or any other previous waiver, forbearance or course of dealing.
25. Arbitration. Should the parties hereto be unable to amicably resolve between themselves any disagreements relating to or arising from any one or more of the provisions of this Agreement, which does not involve injunctive or equitable relief, both parties will submit such disagreement to arbitration under the commercial rules of the American Arbitration Association in Kansas City, Missouri, with any hearing to be held in St. Joseph, Missouri. Said Arbitration Association or court will apply Missouri law in rendering its decision, which decision will be fully and finally binding on both parties. Neither party has the right to further appeal or redress an arbitration award in any state or federal court or tribunal except solely for the purpose of obtaining execution of the judgment rendered by the American Arbitration Association. The parties agree that the nonprevailing party will pay all costs and expenses of such arbitration or enforcement proceeding (including injunctive or equitable relief).
26. Choice of Law. It is the intention of the parties hereto that this Agreement and the performance hereunder and all suits and special proceedings hereunder, whether at law or in equity, and regardless of forum, be construed in accordance with and under and pursuant to the laws of the State of Missouri.
27. Successors and Assigns. The Agreement will inure to the benefit of and be binding upon the permitted successors and permitted assigns of the parties hereto, but it may not be assigned in whole or in part by either party without prior written consent of the other. Any purported assignment of this Agreement or any interest therein without the written consent of the other will be void.
28. Adoption of Additional Rules and Regulations. AgriLabs may at any time, without prior notice to Distributor, adopt additional rules and regulations in connection with the distribution of Products to which Distributor hereby agrees to be bound, provided such additional rules and regulations do not materially change Distributor's rights under this Agreement.
29. Compliance With Laws. Distributor and AgriLabs will conduct their respective business under this Agreement in compliance with all applicable laws, regulations and orders and the like prevailing in their respective places of business.

30. Notices. Unless otherwise provided for herein, all notices provided for by this Agreement will be considered to have been received three (3) days after being sent, unless otherwise provided for herein, and will be sent by certified mail, return receipt requested, addressed as provided for herein:

SECTION 1. PRODUCTION, SALE AND DISTRIBUTION

- 1.01 Manufacture and Sale. Diamond agrees to manufacture and sell

to Distributor, and Distributor agrees to purchase from Diamond, Products and additional products as referenced herein for distribution in the Territory pursuant to and in accordance with the terms and conditions of this Agreement.

Notwithstanding the foregoing, (i) Distributor's rights under this Agreement shall be non-exclusive for distribution in Canada for all Products; (ii) Distributor shall have no distribution rights outside the United States for any Products containing [***] antigens listed on Exhibit C, without the prior written consent

and agreement of [***] (it being understood that Diamond does not have rights to such [***] antigens outside the United States); (iii) Distributor shall not have any right to distribute products consisting of the [***] antigens listed on Exhibit C in combination with any antigens

other than the viral antigens listed on Exhibit A, without the prior

written consent and agreement of [***]; (iv) Distributor acknowledges that [***] has exclusive rights to distribute in Canada the product combinations (and lesser fallout products containing [***] antigens) described in Exhibit C; (v) Diamond and its Affiliates may sell,

have sold and otherwise distribute to [***] without restriction the individual [***] antigens listed in Exhibit C; (vi) Diamond and its

- It is furthermore recognized by the parties hereto that the parties will make good faith efforts to hereafter negotiate fair and equitable agreements as between them for the sale of bulk antigens to other vaccine companies which sales should be included in the Qualified Revenue requirements as set forth in Section 1.04(ii). If the parties hereto cannot agree for the sale of Bulk Antigens to other vaccine companies, then Diamond shall be prohibited from making any Bulk Sales, except as set forth in Section 1.02.

Upon Distributor's receipt of the Foreign Notice,

Distributor shall have thirty (30) days to respond in writing to Diamond of its acquiescence to Diamond pursuing said opportunity.

1.04 Purchase of Requirements; Minimum Purchases.

(i) Requirements. Distributor agrees to purchase its total requirements of Products from Diamond for bovine veterinary biologic products of the type described on Exhibit A but only to

the extent Diamond has the Products reasonably available for Distributor's delivery directions that conform to Section 4 hereof. Distributor may purchase any additional requirement from any source, but only during such period that Diamond is unable to meet such requirements and the reasonable costs thereof shall be included in Minimum Qualified Revenues and to the extent contemplated by Section 13.08, Minimum Initial Product Revenue, for purposes of Section 1.04(ii)(A) and Section 1.04(ii)(B), respectively.

(ii) Minimums.

(A) All Products.

(1) During the term of this Agreement Distributor shall cause the Qualified Revenues for each Contract Year to equal or exceed the following amounts (the "Minimum Qualified Revenue"):

provided, however, that Distributor may permit the Qualified Revenues to

be less than the Minimum Qualified Revenue in any Contract Year and in lieu thereof pay to Diamond an amount ("Additional Payment") equal to (x)

the difference between such Minimum Qualified Revenue and the actual Qualified Revenues for such Contract Year, multiplied by (y) the Contract Year Factor. If an Additional Payment is due hereunder for any Contract Year, and not paid by Distributor within (30) days after the end of such Contract Year, Distributor's exclusivity rights under Section 1.02 of this Agreement shall automatically terminate with respect to all Products; provided, however, that nothing in this Agreement shall

impair or terminate Distributor's exclusivity rights with respect to any antigens supplied to Diamond by Distributor or through Distributor's agreements with third party suppliers of antigens and included in Products. Distributor's distribution rights shall then continue on a non-exclusive basis consistent with the terms of this Section, subject to all the remaining terms of this Agreement not inconsistent therewith, which shall remain in full force and effect.

(2) Notwithstanding Section 1.04(ii)(A)(1), however, the Minimum Qualified Revenue shall be equal to the following amounts during any Sterile Filled Facility Period for purposes of determining Distributor's exclusivity rights and applicable Additional Payment amounts under Section 1.04(ii)(A)(1):

provided, however, that the Minimum Qualified Revenue amount specified in

the foregoing table for the first Contract Year of any Sterile Filled Facility Period shall be prorated based on the number of days in such Contract Year remaining after the commencement of the Sterile Filled Facility Period. Diamond shall have the right, but not the obligation, in its discretion, to develop a Sterile Filled Facility at any time during the term of this Agreement. This Section shall not be construed as

notice by Diamond to Distributor of its intention to develop a sterile filled facility under Section 13.17 of this Agreement.

(B) Initial Products. During the term of this Agreement, Distributor

shall cause the Initial Product Qualified Revenues for each Contract Year to equal or exceed the following amounts ("Minimum Initial Product Revenue"):

<table>

Notwithstanding the foregoing, however, Distributor may permit the Initial Product Qualified Revenues to be less than the Minimum Initial Product Revenue in any Contract Year and in lieu thereof pay to Diamond an amount ("Additional Initial Product Payment") equal to (x) the difference between

such Minimum Initial Product Revenue and the actual Initial Product Qualified Revenues for such Contract Year, multiplied by (y) the Contract Year Factor. If an Additional Initial Product Payment is due hereunder for any Contract Year, and not paid by Distributor within thirty (30) days after the end of such Contract Year, Distributor's exclusivity rights under Section 1.02 of this Agreement shall automatically terminate with respect to all Initial Products (but not other Products, subject to Section 1.04(ii)(A) of this Agreement). Distributor's distribution rights shall then continue with respect to all Initial Products on a non-exclusive basis consistent with Section 1.04(ii)(A) subject to all the remaining terms of this Agreement not inconsistent therewith, which shall remain in full force and effect.

(C) Counting Revenues. Qualified Revenues attributable to Initial

Products and counted for purposes of Section 1.04(ii)(B) of this Agreement shall also count for purposes of determining Minimum Qualified Revenues under Section 1.04(ii)(A) of this Agreement. Any Additional Initial Product Payment paid for any Contract Year shall be credited against Distributor's obligation to pay an Additional Payment pursuant to Section 1.04(ii)(A) of this Agreement for such Contract Year (but not for any other Contract Year). An example of these calculations is set forth in Exhibit E to this Agreement.

1.05 Responsibilities of Distributor; Diamond Technical Support. Distributor

shall use reasonable efforts to market and sell Products in the Territory and shall adhere to reasonable industry practice in connection therewith. Distributor shall be responsible, at its sole expense, for advertising and promotion, technical support and customer service. At Distributor's request, Diamond shall provide reasonable technical support

for Distributor's marketing, sales and customer service efforts, and shall pay the support costs thereof.

1.06 Registration and Licensing. Diamond shall use reasonable efforts to -----

obtain Licenses in the United States with respect to all Products and will pay all Registration Costs associated with obtaining and maintaining such Licenses, except as set forth in Section 2.02. Diamond will use reasonable efforts to assist Distributor in the registration of Products (bulk or packed form) outside the United States at Distributor's expense. Distributor shall pay all Registration Costs associated with obtaining and maintaining any Licenses required in the Territory outside the United States and said cost shall be included in the Qualified Revenue requirements as set forth in Section 1.04(ii)(A) and, to the extent contemplated by Section 13.08, the requirements of Section 1.04(ii)(B).

1.07 Specifications. Diamond and Distributor agree that all Products will be -----

manufactured in accordance with the Specifications and applicable USDA regulations. The Specifications may be changed at any time by mutual agreement of the parties, subject to applicable regulatory requirements, notices and approvals. Any disagreement concerning revisions to the Specifications shall be first addressed by mutual discussion and negotiation. Except to the extent the parties may otherwise agree in writing, any increases in costs resulting from Specification changes (including, but not limited to, those relating to packaging and raw materials) may be reflected in a direct cost increase to the Purchase.

1.08 Labeling: Trademarks. Diamond shall affix labeling to all Products, such -----

labeling to bear one or more Distributor trademarks, as specified in writing by Distributor. Nothing contained herein shall give Diamond any right to use any Distributor trademark except on all Products manufactured and delivered for Distributor. Diamond shall not obtain any right, title or interest in any Distributor trademark by virtue of this Agreement. Distributor shall not use, nor shall Distributor obtain any right, title or interest in, any Diamond trademark or any [***] trademark, including without limitation "Pneumo-Star," "Somnu-Star" and "Somnu-Star

PH." All Product labeling shall in addition to the Distributor trademark, --

contain the notation "Manufactured by Diamond Animal Health, Inc." with its address, or such similar notation as may be necessary or advisable under applicable law, and shall contain the notation "Distributed by Agri Laboratories, Inc.," with its address. Distributor shall cause All Product labeling to contain only such claims as are permitted under applicable Licenses for such Products and to otherwise comply with applicable law. All labeling and packaging of All Products shall be subject to the prior written approval of both parties, which shall not be unreasonably withheld. Diamond will order quantities of labeling and packaging sufficient to perform its obligations hereunder in its reasonable discretion. Distributor shall be responsible for the costs of developing and changing packaging for All Products, including costs of obsolete labeling and packaging due to changes requested by Distributor but only those occurring after initial License for the same. Furthermore, Diamond shall be responsible for the cost occasioned by any changes required by a government agency.

1.09 Location of Manufacture. All Products shall be manufactured by Diamond at -----

its plant located in Des Moines, Iowa.

SECTION 2. ADDITIONAL PRODUCTS

2.01 Additional Products. At Distributor's request, additional Products may be

added to Exhibit A to this Agreement, providing for additional

combinations of the antigens listed in Exhibit A and/or combinations of

such antigens and new antigens specified by Distributor. Diamond shall
have the right, in its discretion, to approve or disapprove any such
additional Products and if approved, to establish reasonable Purchase
Prices therefor. Any such approved additional Products and the Purchase
Prices therefor shall be set forth in an amended Exhibit A signed by both

parties to be collectively known as "All Products". Any such approved

additional Product shall be included in the requirements of Section 1.04
(ii)(A) and, to the extent contemplated by Section 13.08, the requirements
of Section 1.04(ii)(B).

2.02 Registration Costs: Ownership. Distributor shall advance to Diamond the

Registration Costs for any additional Products approved pursuant to
Section 2.01, which are added at Distributor's request. Each of
Distributor and Diamond shall retain ownership of any antigens it supplies
for any such additional Products and the addition of additional Products
to Exhibit A shall not be deemed to transfer any right, title, interest or

license in or to the antigens supplied by either party to the other party
for such Products, except as necessary to manufacture and sell Products
under this Agreement. Each of Distributor and Diamond shall retain joint
ownership of any jointly produced antigens developed by the parties
hereto, and the addition of said Products to Exhibit A shall not be deemed

to transfer any right, title, interest or license in or to the jointly
developed antigens or Products, except as necessary to manufacture and
sell Products under this Agreement. It is contemplated that a separate
agreement would be entered into for the joint development of antigens or
Products between the parties hereto.

2.03 Additional Products Previously Added to Agreement. Distributor and

Diamond acknowledge and agree that certain additional Products identified
in Appendix 1 (but not other Products) shall be subject to the respective
terms and conditions set forth in such Appendix, which are incorporated by

reference in this Agreement.

SECTION 3. PRICE; PAYMENT; LOAN

3.01 Purchase Prices. Distributor agrees to purchase the Products at prices

shown in Exhibit A hereto, subject to adjustment from time to time as

specified below (the "Purchase Price"). All prices are F.O.B. Diamond's

manufacturing plant and are exclusive of taxes, freight and insurance, if
any, which shall be invoiced to and paid by Distributor.

3.02 Annual Price Adjustment. Purchase Prices for each Product set forth in

Exhibit A shall be in effect for Products having specified delivery dates

during Contract Years [***] and [***]. Purchase Prices to be in
effect for Products to be delivered in each subsequent Contract year
shall be negotiated by the parties in good faith, taking into account
factors including, but not limited to, cost changes, volume changes and
plant utilization. In the event that Purchase Price changes are not agreed
upon as a result of such good faith negotiations, then the Purchase Prices
in effect for the preceding Contract Year shall remain in effect.

3.03 Cost Increases. Diamond may also notify Distributor in writing during any

Contract Year of any cost increases for raw materials and packaging
components for All Products to the extent such increases, individually or
in the aggregate, would cause total finished cost of goods of such Product
to increase by more than 2%. Upon Distributor's request, Diamond will
furnish reasonable supporting documentation therefor. Upon such
notification, the parties shall negotiate in good faith to adjust the
applicable Purchase Prices to account for such increases. In the event
that Purchase Price changes are not agreed upon as a result of such good
faith negotiations, then the Purchase Prices then in effect shall remain
in effect.

3.04 Payment Terms.

(i) In General. Diamond shall notify Distributor of the date when

Products are ready for shipment. Diamond shall invoice the
Distributor for Products on the later of (i) the date Diamond
notifies Distributor that the Products are ready for shipment or (ii)
the delivery date specified in Distributor's purchase order accepted
by Diamond. Diamond shall invoice Distributor for the Additional
Payment, if any, within thirty (30) days after the end of any
Contract Year for which it is due. Diamond shall invoice
Distributor for Registration Costs, Support Costs and other amounts
payable by Distributor under this Agreement, if applicable, monthly
as incurred. Payment terms shall be net 30 days from the date of
each such invoice. An interest charge of one and one-half percent
(1 1/2%) per month or portion of a month shall be charged for late
payments. Diamond shall be entitled to place Distributor on shipment
hold and otherwise suspend performance under this Agreement if
Distributor shall be materially late or in default of its payment
obligations.

(ii) Prepayments. On or before [***], Distributor shall pay to

Diamond an amount equal to [***], which amount shall be credited against the invoice prices for Products to be shipped on or after October 1, 2003. On or before [***], Distributor shall pay to Diamond an amount equal to (A) [***], minus (B) the quotient determined by dividing (x) the amount, if any, by which Qualified Revenues for Contract Year 2003 exceeded the Minimum Qualified Revenue for Contract Year 2003, if any, by (y) [***] (the "2004 Prepayment"). The 2004 Prepayment shall be

credited against the invoice prices for Products to be shipped on or after October 1, 2004.

3.05 Packaging. Purchase Prices include packaging for bulk palletized shipment

for Distributor by common carrier for next-day delivery. Distributor shall pay to Diamond the additional charges for labor and materials costs for special or additional packaging or shipping requested by Distributor.

3.06 Distributor Loan to Diamond.

- (i) The parties acknowledge that pursuant to Amendment No. 4, Distributor advanced to Diamond an amount equal to One Million Dollars (\$1,000,000.00) ("Loan Proceeds") as a loan ("Loan") on the

terms and conditions of a promissory note dated as of April 15, 2002 (the "Original Note"). Upon execution and delivery of this

Agreement, the parties shall cancel the Original Note and execute and deliver a substitute note in the form attached hereto as Exhibit F (the "New Note") to evidence the Loan. The Original Note

is secured, and the New Note shall be secured, by a subordinated security interest in certain assets of Diamond on the terms and conditions of that certain security agreement dated as of April 15, 2002 (the "Security Agreement"), those certain mortgages dated as

of April 15, 2002 ("Mortgages") and that certain subordination agreement dated as of April 15, 2002 (the "Subordination Agreement")

(the Security Agreement, Mortgages and Subordination Agreement collectively referred to as the "Security Documents").

- (ii) Distributor acknowledges that Diamond has supplied the receipts required by Amendment No. 4 evidencing that Diamond has applied the Loan Proceeds toward the uses set forth on Exhibit G attached hereto.

- (iii) Diamond agrees to obtain lien releases from all contractors, subcontractors or vendors who provide services and/or materials in accordance with Exhibit G. In the event any lien is filed against

the property secured by the Security Agreement and Mortgages, Distributor shall have the right to pay said lien amount and seek immediate repayment of said amount with interest at the statutory rate from Diamond. Diamond hereby agrees to indemnify and hold

Distributor harmless for any and all claims by contractors, subcontractors and vendors providing services to Diamond for the improvements listed on Exhibit G.

SECTION 4. FORECASTS; ORDER PROCEDURES; DELIVERIES

4.01 Firm Orders. Except to the extent that the parties otherwise agree

in writing with regard to a particular order, Distributor shall submit to Diamond a firm written purchase order or orders specifying the types, quantities and delivery dates and instructions of Products that it desires to purchase at least five (5) months prior to the requested delivery date(s). Diamond will review each purchase order within five (5) business days of receipt and either issue in writing its confirmation or its proposal for changes and modifications for delivery to accommodate, to the extent reasonable, Diamond's scheduling requirements. Diamond will use reasonable commercial efforts to accommodate and to minimize changes and modifications to the delivery dates requested by Distributor. Each purchase order shall be binding on Distributor upon written confirmation by Diamond or, if Diamond has made a proposal for changes or modifications to delivery, upon Distributor's written acceptance of such changes or modifications; provided, that no material modification or change will become effective after confirmation without the written approval of both parties. Diamond agrees that with respect to Products covered by a purchase order confirmed by it in writing, the Products shall be available for shipment on the specified delivery dates, except to the extent it is prevented from doing so due to conditions beyond its reasonable control as provided in Section 8. The applicable delivery schedules shall be suspended during any period that Products have been selected for testing by a regulatory authority.

4.02 Standard Batch Size. Distributor will order Products in standard batch

sizes as shown on Exhibit A. If specified order amounts for Distributor

would result in a batch which is thirty percent (30%) or more below the applicable standard batch size set forth in Exhibit A, Diamond will so

notify Distributor and at Distributor's option (i) the parties will mutually agree to an increased Purchase Price for such Products; (ii) Distributor will agree to accept and pay for the entire standard batch size of the ordered Products or (iii) Distributor may submit a revised purchase order for a quantity of Products within the permitted parameters.

4.03 Forecasts. Within fifteen (15) days after the first day of each calendar

quarter during the term of this Agreement, Distributor will furnish Diamond a revised written forecast of the quantities and types of Products that the Distributor anticipates it will order from Diamond during each month of the succeeding twelve (12) month period. Such forecasts will not be deemed binding commitments, but are for the purpose of enabling Diamond to more effectively schedule the use of its facilities.

4.04 Delivery; Title. Diamond shall ship the Products at the Distributor's

expense and in accordance with Distributor's written instructions. Written shipping instructions shall be provided by Distributor in each purchase order or not later than two (2) days prior to the specified delivery date. Title and risk of loss of the Products shall pass to the

Distributor upon receipt of the Products at the location directed by Distributor.

4.05 Warehousing. Diamond agrees to store the Products as required by the

Distributor for a period of not to exceed thirty (30) days from the later of (i) the date Diamond notifies Distributor the Products are ready for shipment or (ii) the delivery date specified in Distributor's purchase order accepted by Diamond. With respect to Products that are not picked up by the common carrier designated by Distributor's shipping instructions within thirty (30) days from the date Diamond notifies Distributor the Products are ready for shipment, Diamond shall charge a warehousing fee of one and one-half percent (1 1/2%) of the invoice amount per month or portion thereof until such Products are shipped.

4.06 Order of Precedence. In the event of conflict between the typewritten

terms of Distributor's purchase orders and the terms and conditions of this Agreement, the order of precedence shall be first, the typewritten terms of Distributor's accepted purchase orders and then this Agreement. All other terms and conditions contained in Distributor's and Diamond's standard form purchasing and selling documents shall be disregarded.

SECTION 5. LABEL CODES: QUALITY ASSURANCE; DATING

5.01 Label Codes. Diamond shall code all labels affixed to each unit of the

packaged Products to identify the Product batch. Distributor shall not remove or obliterate label codes or patent marking on any Products.

5.02 Product Analysis. Prior to shipping any Product for the Distributor,

Diamond shall analyze the Product for the purpose of determining whether it conforms with the Specifications.

5.03 Audit. Once during each Contract Year, Diamond shall provide to

Distributor reasonable access, during normal business hours, upon reasonable notice to Diamond's manufacturing facilities to permit Distributor to examine, audit and copy Diamond's records with respect to manufacture, quality control and regulatory compliance of the Products, at Distributor's sole expense. Such audit rights shall not extend to financial and other records of Diamond not pertinent hereto.

5.04 Dating. Unless otherwise approved by Distributor prior to shipment,

Products will have a dating at time of shipment as follows; provided, that in the event that retesting is required for a Product, the minimum dating otherwise required shall be reduced by a period of sixty (60) days:

(i) Products released for sale with twenty-four (24) months dating will be shipped for Distributor with a minimum of twenty (20) months dating remaining.

(ii) Products released for sale with eighteen (18) months dating will be shipped for Distributor with a minimum of fourteen (14) months dating remaining.

(iii) Products released for sale with twelve (12) months dating will be shipped for Distributor with a minimum of eight (8) months dating

remaining.

- 5.05 Outdates. Should Product remain undistributed beyond the date permitted

by regulation or other government agency requirement, Diamond will accept redelivery to it at Distributor's shipping costs, with Distributor to receive credit for same at the price paid to Diamond up to a maximum cumulative credit of 1% of the aggregate Purchase Prices of the products ordered for shipment within a Contract Year, to be included in the calculation of the Qualified Revenue Requirement in Section 1.04(A) and, to the extent contemplated by Section 13.08, the requirements of Section 1.04(ii)(B). Diamond agrees to destroy said returned Product at its cost and in compliance with all regulatory requirements.

SECTION 6. TERM; TERMINATION

- 6.01 Term. The initial term of this Agreement shall be for a period commencing

on the Effective Date and ending on December 15, 2013. This Agreement shall automatically renew thereafter for additional renewal terms of one year each, unless either party gives at least twelve (12) months prior written notice to the other that it does not wish to renew this Agreement.

- 6.02 Extension Fee Paid to Diamond. The parties acknowledge that pursuant to

Amendment No. 4, Distributor paid in full to Diamond an amount equal to [***] as a non-refundable fee for extending the term of this Agreement.

- 6.03 Termination for Breach. Subject to the provisions of Section 8, if either

party shall breach any material obligation required under this Agreement the other party may give written notice of its intention to terminate this Agreement describing in reasonable detail the breach. If the breaching party fails to remedy such material breach within thirty (30) days (ninety (90) days in the case of any failure by Diamond to deliver any Product) following such written notice, or if such breach is not reasonably capable of cure within such thirty (30)-day or ninety (90)-day period, as the case may be, and the breaching party fails to commence cure procedures within such thirty (30)-day or ninety (90)-day period and diligently prosecute such procedures until the breach is cured, then the non-breaching party may, in addition to all other remedies available at law or in equity, terminate this Agreement forthwith upon written notice.

- 6.04 Performance on Termination. Upon termination of this Agreement,

(i) Products manufactured pursuant to confirmed purchase orders shall be delivered no later than the requested delivery dates in the approved purchase order and Distributor shall pay Diamond therefor as provided in Section 3.04 (provided, that prepayment shall be required upon termination due to Distributor's payment default); (ii) all raw materials furnished by Distributor shall be returned at Distributor's expense; and (iii) all reasonable costs of unused raw materials, containers, labeling and packaging previously ordered by Diamond in its reasonable discretion and not reusable for other purposes by Diamond shall be paid by Distributor.

SECTION 7. REPRESENTATIONS AND WARRANTIES; NOTIFICATIONS

- 7.01 Of Diamond. Diamond represents and warrants to Distributor that:

- (i) the Products delivered to Distributor hereunder shall conform to the Specifications and all other requirements and shall be free from material defects in workmanship and materials through their respective expiration dates;
- (ii) the execution and delivery of this Agreement by Diamond, and the performance of its obligations hereunder, do not require the consent of any third party and will not violate, with or without notice, the lapse of time or both, any agreement, contract, license or permit to which Diamond is a party or its organizational documents; and
- (iii) prior to delivery of any Product hereunder it will have, and will thereafter maintain, all required manufacturing establishment designations, permits and Licenses required to perform its obligations with respect to such Product under this Agreement.

7.02 Of Distributor. Distributor represents and warrants to Diamond that:

- (i) the execution and delivery of this Agreement by Distributor, and the performance of its obligations hereunder, do not require the consent of any third party and will not violate, with or without notice, the lapse of time or both, any agreement, contract, license or permit to which Distributor is a party or its organizational documents; and
- (ii) it has, and will maintain, all permits and licenses required to perform its obligations under this Agreement and Products distributed hereunder will bear labels conforming to the requirements of this Agreement.

7.03 Non-Conforming Products. The Distributor shall have 30 days after receipt

of the Product to inspect the Product for gross visual defects and reject the same. If the Product is rejected, written notice must be given to Diamond no later than 30 days after receipt by the Distributor. The parties within 30 days after rejection will endeavor in good faith negotiations to determine whether or not the Product conforms to Diamond's warranties. If the parties conclude it does conform, it will be treated as conforming in all respects under this Agreement with time requirements to be adjusted to cover the time required by this process. If the parties conclude it does not conform with Diamond's warranties in Section 7.01(i), at the Distributor's option, (i) Diamond shall be relieved of any obligation to deliver any Product with respect to the non-conforming shipment and in such case Diamond shall credit against future purchases by Distributor the purchase price of such non-conforming Product paid by Distributor together with any shipping costs paid by the Distributor for delivery of such non-conforming Product, or (ii) Diamond shall replace the non-conforming Product with substitute Product which conforms with said warranties, within the time agreed to by both parties, in which case the Distributor shall pay to Diamond amounts in accordance with Section 3 hereof based on the substitute shipment, net of the purchase price and shipping costs, if any, previously paid by Distributor for such non-conforming Products. The non-conforming Product shall become the property of and be returned to Diamond at Diamond's expense. Diamond shall dispose of such Product at its own expense according to all appropriate regulations. The Purchase Price of non-conforming product shall be treated as Minimum Qualified Revenue in the Contract Year the product is ordered for shipment.

7.04 Recall. Diamond shall replace Product at no cost to the Distributor to

 complete any Product recall or stop-sale required by a subsequent determination that the Product (i) was not produced in accordance with Specifications when released to the Distributor, (ii) failed to remain in compliance with Specifications through the dating period of such Product, (iii) contained any material defect in workmanship and materials not detectable by Distributor's inspection testing, or (iv) was not produced in compliance with applicable USDA regulations. The reasonable costs of any such recall or stop-sale shall be borne by Diamond. Any such recall or stop-sale shall be conducted in accordance with USDA Veterinary Services Memorandum No. 800.57 or any successor regulations. The Distributor shall be responsible for all other recalls related to marketing, handling or storage of Product by Distributor or its agents, including voluntary recalls made by Distributor. Minimum Qualified Revenue and, to the extent contemplated by Section 13.08, Minimum Initial Product Revenue, for any Contract Year shall include the Purchase Price for product recalled under the first sentence of this Section 7.04.

7.05 Exclusive Remedy. THE REMEDIES DESCRIBED IN THIS AGREEMENT ARE EXCLUSIVE

 AND IN LIEU OF ANY OTHER REMEDY DISTRIBUTOR WOULD OTHERWISE HAVE AGAINST DIAMOND WITH RESPECT TO DEFECTIVE PRODUCTS OR ANY BREACH OF DIAMOND'S LIMITED WARRANTY UNDER SECTION 7.01(i) OF THIS AGREEMENT; PROVIDED, THAT THIS SECTION SHALL NOT LIMIT DIAMOND'S INDEMNITY OBLIGATION SET FORTH IN SECTION 11 WITH RESPECT TO THIRD PARTY CLAIMS.

AMENDED AND RESTATED
PROMISSORY NOTE

\$1,000,000.00

as of April 15, 2002
Des Moines, Iowa

FOR VALUE RECEIVED, the undersigned DIAMOND ANIMAL HEALTH, INC., an Iowa corporation ("MAKER"), promises to pay to AGRI LABORATORIES, LTD., a Delaware corporation ("HOLDER"), or order, at such place as the Holder of this Note shall designate in writing, the sum of One Million Dollars (\$1,000,000.00) in lawful money of the United States of America. Beginning from the date hereof interest

shall accrue on the outstanding principal balance at the "prime rate" plus one quarter percent (0.25%) per annum. Accrued interest shall be paid quarterly on each quarterly anniversary of the date of this Note, and shall accrue based upon a thirty-day month and a 360-day year. Principal under this Note shall be paid in three (3) annual installments on the first, second and third anniversaries of the date of this Note as follows:

<table>
<caption>

<s>	<c>
April 15, 2003	\$250,000
April 15, 2004	\$250,000
April 15, 2005	\$500,000

</table>

All principal and any accrued but unpaid interest shall be due and payable on the third anniversary of the date of this Note.

Notwithstanding any provision of this Note to the contrary, all principal and unpaid accrued interest shall be due and payable on the ninetieth (90th) day following the date that either (i) Holder's exclusivity rights under that certain Amended and Restated Bovine Vaccine Distribution Agreement dated as of September 30, 2002, (the "Distribution Agreement") are terminated due to

Distributor's nonpayment of any Additional Payment under the Distribution Agreement or (ii) in the event of a merger, sale or fifty percent (50%) change in ownership of Maker; provided, however, that no such amounts shall be due and payable under clause (i) of this paragraph prior to January 1, 2005.

The "prime rate" shall be the annual rate of interest announced from time to time by Wells Fargo Business Credit, Inc. ("WELLS FARGO") as its prime rate.

The interest accruing on the principal balance of this Note shall fluctuate from time to time concurrently with changes in the prime rate, effective as of the date any change in the prime rate is publicly announced. If Wells Fargo ceases to announce the prime rate, the prime rate as published in the Wall Street Journal in its "Money Rates" section or a similar financial publication shall be used, as reasonably determined by Maker.

Maker shall have the right at any time or from time to time to prepay all or a portion of the principal or interest without premium or penalty, and such prepayments shall be applied first to accrued interest and then to principal.

If default be made in the payment of any of the installments of principal, interest, or other amounts when due under this Note, the entire principal sum and accrued interest and all other amounts due hereunder shall become due at the option of Holder if not paid within ten (10) days of written notice to Maker.

Maker waives demand, diligence, presentment for payment, protest and notice of demand, protest, nonpayment and exercise of any option hereunder. Maker agrees that the granting without notice of any extension or extensions of time for payment of any sum or sums due hereunder, or for the performance of any covenant, condition or agreement hereof shall in no way release or discharge the liability of Maker hereof.

Distributor's obligation to make the take-or-pay payments pursuant to paragraphs (C) and (D) above shall be absolute, regardless of whether or not Distributor elects to make an Additional Payment or Additional Initial Product Payment to maintain its exclusivity under the Agreement and regardless of whether Distributor's exclusivity under the Agreement shall have terminated for any other reason.

(a) If a License has not issued for one or more of the ["**"] Products on or before June 15, 2008, Diamond shall pay to Distributor, in eighteen (18) equal and consecutive monthly installments beginning July 15, 2008 and ending December 15, 2009, an amount equal to one-half (¹/₂) of the ["**"] Spending as of June 15, 2008 (the "Interim Reimbursement").

(b) If a License has not issued for one or more of the ["**"] Products on or before December 15, 2009, Diamond shall pay to Distributor no later than January 1, 2010, an amount equal to one-half (¹/₂) of the ["**"] Spending as of December 15, 2009 less the Interim Reimbursement (the "Final Payment") (see *Example 3 of Exhibit C*).

13. *Confidentiality of Agreement.* Notwithstanding any provision of the Agreement to the contrary, this Second Amendment shall be publicly available information for SEC filing, press release and other discussion purposes; provided, that the highlighted items set forth in *Exhibit D* attached hereto shall be redacted from any initial SEC filings and shall be deemed Confidential Information under Section 13.05 of the Agreement. as of April 15, 2002
Des Moines, Iowa

FOR VALUE RECEIVED, the undersigned DIAMOND ANIMAL HEALTH, INC., an Iowa corporation ("**Maker**"), promises to pay to AGRI LABORATORIES, LTD., a Delaware corporation ("**Holder**"), or order, at such place as the Holder of this Note shall designate in writing, the sum of Five Hundred Thousand Dollars (\$500,000.00) in lawful money of the United States of America. Beginning from the date hereof interest shall accrue until the effective date of that certain Second Amendment to the Distribution Agreement (defined below) on the outstanding principal balance at the "prime rate" plus one-quarter percent ($\frac{1}{4}\%$) per annum and thereafter, at the "prime rate" plus one percent (1%) per annum. Accrued interest shall be paid quarterly on each quarterly anniversary of the date of this Note, and shall accrue based upon a thirty-day month and a 360-day year. Principal under this Note shall be paid in one annual installment on May 31, 2006.

All principal and any accrued but unpaid interest shall be due and payable on the maturity date of this Note.

Notwithstanding any provision of this Note to the contrary, all principal and unpaid accrued interest shall be due and payable on the ninetieth (90th) day following the date that either (i) Holder's exclusivity rights under that certain Amended and Restated Bovine Vaccine Distribution Agreement dated as of September 30, 2002, as amended (the "**Distribution Agreement**") are terminated due to Distributor's nonpayment of any Additional Payment under the Distribution Agreement or (ii) in the event of a merger, sale or fifty percent (50%) change in ownership of Maker.

The "prime rate" shall be the annual rate of interest announced from time to time by Wells Fargo Business Credit, Inc. ("**Wells Fargo**") as its prime rate. The interest accruing on the principal balance of this Note shall fluctuate from time to time concurrently with changes in the prime rate, effective as of the date any change in the prime rate is publicly announced. If Wells Fargo ceases to announce the prime rate, the prime rate as published in the Wall Street Journal in its "Money Rates" section or a similar financial publication shall be used, as reasonably determined by Maker.

Maker shall have the right at any time or from time to time to prepay all or a portion of the principal or interest without premium or penalty, and such prepayments shall be applied first to accrued interest and then to principal.

If default be made in the payment of any of the installments of principal, interest, or other amounts when due under this Note, the entire principal sum and accrued interest and all other amounts due hereunder shall become due at the option of Holder if not paid within ten (10) days of written notice to Maker.

In the event garnishment, attachment, levy or execution is issued against any substantial or material portion of the property or assets of Maker, or any of them if more than one, or upon the happening of any

event which constitutes a default pursuant to the terms of any agreement or other instrument entered into or given in connection herewith, or upon the adjudication of Maker, or any of them if more than one, a bankrupt, such event shall be deemed a default hereunder and Holder may declare this Note immediately due and payable without notice to Maker or exercise any of its remedies hereunder or at law or equity. Should suit be brought to recover on this Note, or should the same be placed in the hands of an attorney for collection, Maker promises to pay all reasonable attorneys' fees and costs incurred in connection therewith.

Failure of Holder to exercise any option hereunder shall not constitute a waiver of the right to exercise the same in the event of any subsequent default, or in the event of continuance of any existing default.

Maker waives demand, diligence, presentment for payment, protest and notice of demand, protest, nonpayment and exercise of any option hereunder. Maker agrees that the granting without notice of any extension or extensions of time for payment of any sum or sums due hereunder, or for the performance of any covenant, condition or agreement hereof shall in no way release or discharge the liability of Maker hereof.

This Note shall be governed by the laws of the State of Iowa.

Time is of the essence of this Note and each and every term and provision hereof.

This Note is secured by that certain Security Agreement, dated as of even date herewith, by and between Maker and Holder. Heska Corporation Announces Amended Agreement with AgriLabs

FORT COLLINS, CO, December 13, 2004—Heska Corporation (NASDAQ:HSKA) today announced that an amendment to the current distribution agreement with Agri Laboratories, Ltd., or AgriLabs, has been signed. Under the amendment, currently outstanding prepayments from AgriLabs will be considered an upfront fee and the pricing on certain products has been increased. AgriLabs' minimums to maintain exclusivity on certain bovine vaccines have been significantly reduced and no longer increase annually, although the minimums are subject to adjustment in certain circumstances.

Under the amendment, AgriLabs will continue to enjoy access to these bovine vaccines in the United States, Africa, China, Mexico and Taiwan to December 2013. Subject to minimum purchase requirements, AgriLabs' rights in these regions will be exclusive at least to December 2009 and could remain exclusive up to December 2013 based on other contractual arrangements. Heska will be free to sell these bovine vaccines to any party of its choosing in other regions of the world. AgriLabs will also maintain non-exclusive rights to these bovine vaccines in Canada to December 2009.

In addition, two separate research and development agreements have been signed with AgriLabs. These agreements specified risk sharing provisions where AgriLabs has agreed to fund the initial research and development expenditures, but will be entitled to certain additional product rights and/or reimbursement of expenditures under certain circumstances. The research and development programs are intended to enhance the quality of the current line of bovine vaccines.

"We are pleased we have found a mutually agreeable solution to this matter," said Robert Grieve, Heska's Chairman and CEO. "AgriLabs has been an excellent customer of ours in the past and we are happy we will continue to benefit from their livestock market expertise in the future."

"We have long been impressed with these vaccines, which we sell under our label and tradenames Titanium® and MasterGuard®", said Steve Schram, AgriLabs' President and CEO. "We are hopeful that the research and development agreements we have signed will allow us to maintain the leadership position we have established in the marketplace with these vaccines."

Des Moines, Iowa

FOR VALUE RECEIVED, the undersigned DIAMOND ANIMAL HEALTH, INC., an Iowa corporation ("**Maker**"), promises to pay to AGRI LABORATORIES, LTD., a Delaware corporation ("**Holder**"), or order, at such place as the Holder of this Note shall designate in writing, the sum of Five Hundred Thousand Dollars (\$500,000.00) in lawful money of the United States of America. Beginning from the date hereof interest shall accrue until the effective date of that certain Second Amendment to the Distribution Agreement (defined below) on the outstanding principal balance at the "prime rate" plus one-quarter percent (1/4%) per annum and thereafter, at the "prime rate" plus one percent (1%) per annum. Accrued interest shall be paid quarterly on each quarterly anniversary of the date of this Note, and shall accrue based upon a thirty-day month and a 360-day year. Principal under this Note shall be paid in one annual installment on May 31, 2006.

All principal and any accrued but unpaid interest shall be due and payable on the maturity date of this Note.

Notwithstanding any provision of this Note to the contrary, all principal and unpaid accrued interest shall be due and payable on the ninetieth (90th) day following the date that either (i) Holder's exclusivity rights under that certain Amended and Restated Bovine Vaccine Distribution Agreement dated as of September 30, 2002, as amended (the "**Distribution Agreement**") are terminated due to Distributor's nonpayment of any Additional Payment under the Distribution Agreement or (ii) in the event of a merger, sale or fifty percent (50%) change in ownership of Maker.

The "prime rate" shall be the annual rate of interest announced from time to time by Wells Fargo Business Credit, Inc. ("**Wells Fargo**") as its prime rate. The interest accruing on the principal balance of this Note shall fluctuate from time to time concurrently with changes in the prime rate, effective as of the date any change in the prime rate is publicly announced. If Wells Fargo ceases to announce the prime rate, the prime rate as published in the Wall Street Journal in its "Money Rates" section or a similar financial publication shall be used, as reasonably determined by Maker.

Maker shall have the right at any time or from time to time to prepay all or a portion of the principal or interest without premium or penalty, and such prepayments shall be applied first to accrued interest and then to principal.

If default be made in the payment of any of the installments of principal, interest, or other amounts when due under this Note, the entire principal sum and accrued interest and all other amounts due hereunder shall become due at the option of Holder if not paid within ten (10) days of written notice to Maker.

In the event garnishment, attachment, levy or execution is issued against any substantial or material portion of the property or assets of Maker, or any of them if more than one, or upon the happening of any event which constitutes a default pursuant to the terms of any agreement or other instrument entered into or given in connection herewith, or upon the adjudication of Maker, or any of them if more than one, a bankrupt, such event shall be deemed a default hereunder and Holder may declare this Note immediately due and payable without notice to Maker or exercise any of its remedies hereunder or at law or equity. Should suit be brought to recover on this Note, or should the same be placed in the hands of an attorney for collection, Maker promises to pay all reasonable attorneys' fees and costs incurred in connection therewith.

PAGE 1 OF PROMISSORY NOTE DATED APRIL 15, 2002

Failure of Holder to exercise any option hereunder shall not constitute a waiver of the right to exercise the same in the event of any subsequent default, or in the event of continuance of any existing default.

Maker waives demand, diligence, presentment for payment, protest and notice of demand, protest, nonpayment and exercise of any option hereunder. Maker agrees that the granting without notice of any extension or extensions of time for payment of any sum or sums due hereunder, or for the performance of any covenant, condition or agreement hereof shall in no way release or discharge the liability of Maker hereof.

This Note shall be governed by the laws of the State of Iowa.

Heska Announces Amended Agreement with AgriLabs

LOVELAND, CO, November 30, 2007 — Heska Corporation (NASDAQ: HSKA) today announced its Des Moines-based subsidiary ("Heska Des Moines") has amended its bovine vaccine distribution agreement with Agri Laboratories, Ltd. ("AgriLabs"). Heska Corporation ("Heska" or the "Company") reports revenue generated under this agreement in Heska's Other Vaccines, Pharmaceuticals and Products segment. Under the terms of the amended agreement, Heska Des Moines agreed to fund a portion of development spending under the remaining research and development agreement with AgriLabs in return for certain distribution rights.

Under the amendment, AgriLabs will continue to market the underlying bovine vaccines in the United States, Africa and Mexico through December 15, 2013. Subject to minimum purchase requirements, AgriLabs' rights in these regions will be exclusive through December 15, 2009. Heska Des Moines is free to sell these bovine vaccines to any party of its choosing in other regions of the world. AgriLabs will also maintain non-exclusive rights to these bovine vaccines in Canada through December 15, 2008.

"The vaccines underlying this agreement are well known in the United States and Africa cattle markets where they are sold under AgriLabs' label and tradenames Titanium® and MasterGuard®. We were pleased when AgriLabs began to sell these vaccines in new markets, first in Africa and most recently in Mexico," said Robert Grieve, Heska's Chairman and CEO. "We are pleased to continue our positive working relationship with AgriLabs and continue to benefit from their livestock market expertise."

"We are proud of the leadership position we have established for these vaccines. Our research and development agreement with Heska Des Moines is the cornerstone of our commitment to maintain the preeminence of these vaccines in the marketplace," commented Steve Schram, AgriLabs' President and CEO. "We are pleased Heska Des Moines has agreed to fund a portion of this effort. We view this as another installment in a long history of mutually beneficial agreements between our companies."

2005 RESTATED EXECUTIVE SHARE APPRECIATION PLAN**

INTRODUCTION AND PURPOSE

Effective as of January 1, 2005 ("the Effective Date"), Agri-Laboratories, Ltd (the "Plan Sponsor") hereby establishes the Agri-Laboratories, Ltd. 2005 Restated Executive Share Appreciation Plan (the "Plan"), which modifies and restates the Agri-Laboratories, Ltd. Restated Executive Share Appreciation Plan (the "Original Restated Plan"), which modified and restated the original Agri-Laboratories, Ltd. Executive Share Appreciation Plan (the "Original Plan"), adopted January 1, 1995 (the "Initial Effective Date"), for the benefit of eligible Employees of the Plan Sponsor and its participating subsidiaries (collectively called the "Employer").

The purpose of the Plan is to provide a limited number of the Employer's executive management Employees with a share in the future profitability of the Plan Sponsor, in a manner similar to ownership of its Class A voting common stock (the "Stock"). To accomplish this purpose, the Plan awards incentive compensation units ("Share Units") which will have a value related to future growth in the value of the Stock. The Plan is also intended to benefit the Employer by creating an incentive for improved performance by all eligible Employees. Eligibility under the Plan is limited to Employees who are "highly compensated and selected management employees," as defined under Federal pension laws.

At all times the Plan Sponsor should operate the Plan in good faith compliance with the provisions of Internal Revenue Code ("Code") Section 409A, Notice 2005-1, and any proposed or final regulations under Section 409A.

**ARTICLE I
GENERAL DEFINITIONS**

1.01 "Plan" means the equity incentive compensation plan established by the Employer in the form of this document, designated as the Agri-Laboratories, Ltd. 2005 Restated Executive Share Appreciation Plan.

1.02 "Employer" means Agri-Laboratories, Ltd. and any other related employer that adopts this Plan with the written consent of the Plan Sponsor.

1.03 "Plan Sponsor" means Agri-Laboratories, Ltd. or any other employer that assumes that position with the written consent of the Plan Sponsor.

1.04 "Plan Administrator" is the Plan Sponsor unless the Plan Sponsor designates another person to hold the position of Plan Administrator. In addition to its other duties, the Plan Administrator has full responsibility for compliance with any reporting and disclosure rules that may be applicable under Federal law with respect to this Plan.

1.05 "Advisory Committee" means the Advisory Committee as from time to time appointed by the Plan Sponsor under Article IX. If no Advisory Committee is specifically appointed, the Board of Directors of the Plan Sponsor shall act as the Advisory Committee.

1.06 "Employee" means any employee (except temporary and seasonal employees) of the Employer, other than non-U.S. citizens who are residents of countries other than the United States. The term "Employee" also excludes any individual who is treated by the Employer as an outside consultant or other independent contractor.

1.07 "Participant" is an Employee who is eligible to be and becomes a Participant in accordance with the provisions of Section 2.01.

1.08 "Beneficiary" is a person designated under Article VIII who is or may become entitled to a deceased Participant's benefit under the Plan. A Beneficiary who becomes entitled to a benefit under the Plan remains a Beneficiary under the Plan until the Employer has fully distributed the benefit to him or her. A Beneficiary's right to (and the Plan Administrator's or the Advisory Committee's duty to provide to the Beneficiary) information or data concerning the Plan does not arise until he or she first becomes entitled to receive a benefit under the Plan.

1.09 "Plan Year" means the fiscal year of the Plan, a 12 consecutive month period ending every December 31. The first Plan Year began on the Initial Effective Date.

1.10 "Initial Effective Date" is January 1, 1995. "Effective Date" of this Plan is January 1, 2005.

1.11 "Accounting Date" means February 1, 1997 and the last day of each Plan Year beginning December 31, 1997.

1.12 "Valuation Date" means any Valuation Date specified by Section 4.02.

1.13 "Change in Control Event" replaces the "Sale Transaction" term defined in the Original Restated Plan, and means the earliest of a change in the ownership of the Plan Sponsor (as defined in Prop. Reg. Section 1.409A-3(g)(5)(v)), a change in effective control of the corporation (as defined in Prop. Reg. Section 1.409A-3(g)(5)(vi)), or a change in the ownership of a substantial portion of the assets of the corporation (as defined in Prop. Reg. Section 1.409A-3(g)(5)(vii)).

1.14 "Stock" means Class A voting common stock of the Plan Sponsor, or any securities issued in substitution thereof as adjusted pursuant to Section 3.04.

1.15 "Share Unit" means a unit of future incentive compensation credited to a Participant's Unit Account under Article III, and measured by the growth in the book value of a share of the Plan Sponsor's Stock, as determined under Article IV, above such value as of the initial Accounting Date for the Share Unit.

1.16 "Unit Account" means a deferred compensation account established and maintained solely for accounting purposes by a Participant's Employer as the record of the number and value of

Share Units credited to the Participant under Article III and valued under Article IV, less any amounts forfeited under Article V or transferred to a Distribution Account under Section 6.03.

1.17 "Distribution Account" means a deferred compensation account established and maintained solely for accounting purposes by a Participant's Employer as the record of the net sum (not less than zero) transferred from the Participant's Unit Account for distribution to the Participant pursuant to Section 6.03, plus interest credited on the remaining balance of that sum pursuant to Section 6.03, less payments from the Distribution Account to the Participant or Beneficiary, as applicable.

1.18 "Account" means a Participant's Unit Account or his or her Distribution Account, or one or both of them, as the context requires.

1.19 "Accrued Benefit" means the net sum (not less than zero) of the amounts standing in a Participant's Account or Accounts.

1.20 "Nonforfeitable" (or "vested") means a Participant's or Beneficiary's claim, legally enforceable against the Employer and the Plan, to the value of Share Units and Accounts included in the Participant's Accrued Benefit; provided, however, that a Share Unit or an Account described under this Plan as Nonforfeitable may nevertheless be forfeited under Section 5.04 or 9.10.

1.21 "Service" means any period of time the Employee is in the employ of the Employer, including any period the Employee is on an unpaid leave of absence authorized by the Employer under a uniform, nondiscriminatory policy applicable to all Employees but excluding any period in which an individual is not an Employee as defined in Section 1.06.

1.22 "Separation from Service" means the Employee no longer has an employment relationship as an Employee of the Employer maintaining this Plan, due to the Employee's death, discharge by the Employer, voluntary resignation, failure to return from an approved leave of absence or change to a status in which he or she is not treated as an Employee under Section 1.06.

1.23 "Disability" means the Participant, because of a physical or mental disability, will be unable to perform the duties of his or her customary position of employment (or is unable to engage in any substantial gainful activity) for an indefinite period as determined in its sole discretion by the Advisory Committee. A continuous disability period of six (6) months shall be deemed to be such an indefinite period. The Advisory Committee may require a Participant to submit to a physical examination by a licensed physician acceptable to the Committee, in order to confirm disability. The Advisory Committee will apply the provisions of this Section 1.23 in a nondiscriminatory, consistent and uniform manner.

ARTICLE II EMPLOYEE PARTICIPANTS

2.01 ELIGIBILITY. Any Employee who is recommended by the Chief Executive Officer of the Plan Sponsor and approved by the Plan Sponsor's Board of Directors for a grant of Share

Units under Section 3.01 as of an Accounting Date shall be eligible to become a Participant as of that Accounting Date; provided, however, that such an Employee does not actually become a Participant unless he or she remains employed by the Employer as an Employee until the date on which the Participant receives from the Employer a written notice of a grant of Share Units pursuant to Section 3.01 for that Accounting Date.

Notwithstanding the foregoing, no Employee shall be eligible to receive a grant of Share Units under this Plan unless he or she has been determined by the Advisory Committee to be part of a "select group of management or highly compensated employees," as that term is defined for purposes of certain regulatory exemptions under Sections 201, 301 and 401 of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and regulations issued by the U.S. Department of Labor with respect to ERISA.

ARTICLE III SHARE UNIT GRANTS

3.01 GRANT OF SHARE UNITS. As of the Accounting Date for each Plan Year, the Employer may grant, subject to the limitations of Section 3.03, to each Participant eligible on that Accounting Date under Section 2.01, a number of Share Units designated for him or her by the Advisory Committee upon the recommendation of the chief executive officer of the Plan Sponsor.

The Employer shall send a written notice and a copy or summary of this Plan to each Participant receiving a grant of Share Units as of an Accounting Date, within the three (3) month period beginning on the Accounting Date, but not before the value of the Plan Sponsor's Stock has been determined under Section 4.01 for that Accounting Date. The notice shall contain the Participant's name, the number of Share Units granted and the Book Share Value of a share of Stock, determined under Section 4.03 as of the Accounting Date specified in the notice. However, notices shall not be sent to Employees who fail to become Participants because they have a Separation from Service on or prior to the date on which the Employer would otherwise send the notices for a Plan Year.

3.02 CREDITING OF SHARE UNITS. Share Units granted to a Participant under Section 3.01 shall be credited to the Participant's Unit Account, as of the Accounting Date for that grant.

The Unit Account of a Participant shall be the record of Share Units granted to him or her under the Plan, but shall be created solely for accounting purposes and shall not require a segregation of any Employer assets, nor the creation of any trust.

3.03 LIMITATION ON OUTSTANDING SHARE UNITS. The Board of Directors of the Plan Sponsor may at any time establish a limit on the total number of Share Units outstanding under this Plan, and the same Board may from time to time amend any such limit. The initial limit is a number of Share Units equal to seven percent (7%) of the authorized and outstanding Stock of the Plan Sponsor on the Initial Effective Date.

Whenever the number of outstanding Share Units is adjusted under Section 3.04, the limit established under this Section 3.03 shall be adjusted in the same manner.

Each Share Unit shall be treated as outstanding under this Section from the time the eligible Participant receives written notice of the grant of the Share Unit retroactive to the last Accounting Date, until the date as of which such Share Unit is forfeited or transferred to a Distribution Account under the respective Plan. Share Units that are forfeited or transferred to a Distribution Account may be canceled, or become available for a later grant to other Participants, to the extent authorized by the limit then in effect under this Section 3.03.

3.04 CHANGES IN CAPITAL AND CORPORATE STRUCTURE. In the event of any change in the outstanding shares of Stock of the Plan Sponsor by reason of an issuance of additional shares without fair consideration (except for conversion of warrants outstanding on the Initial Effective Date), or a recapitalization, reclassification, reorganization, stock split, reverse stock split, combination of shares, stock dividend or similar transaction, the Advisory Committee shall proportionately adjust, in an equitable manner, the total number of Share Units held by Participants under the Plan and the limit set by Section 3.03. The foregoing adjustment shall be made in a manner that will cause the economic relationship between (a) the appreciation per share of Stock of the Plan Sponsor, and (b) the value of each Share Unit determined hereunder, to remain unchanged as a result of the applicable transaction.

ARTICLE IV VALUATION OF SHARE UNITS AND ACCOUNTS

4.01 SHARE UNIT VALUE. As of the Accounting Date on which a Share Unit becomes effective, the Share Unit shall be valued at zero. As of any subsequent Accounting Date or other Valuation Date, the value of each outstanding Share Unit shall be equal to the Book Share Value (as determined under Section 4.03) as of that Valuation Date, less the Book Share Value on the Accounting Date as of which the Share Unit was first granted to the Participant. Notwithstanding the foregoing, no Share Unit shall be valued at less than zero.

4.02 VALUATION DATE. For purposes of any distribution of Accrued Benefits resulting from one of the following events, "Valuation Date" means (a) the last day of the month ending before the Participant's Separation from Service, (b) the last day of the month before the date specified in the Participant's distribution date election, as described in Section 6.03, or (c) the closing date of any Change in Control Event, as defined in Section 1.13. Otherwise, "Valuation Date" means each Accounting Date.

4.03 BOOK SHARE VALUE. Solely for purposes of this Plan, the "Book Share Value" of a Share Unit is a dollar amount determined by dividing one hundred percent (100%) of the book value (as determined and adjusted pursuant to Section 4.04) of the Plan Sponsor's entire Stock equity as of the Valuation Date, by the number of outstanding shares of Stock of the Plan Sponsor (determined on a fully-diluted basis) after any adjustments pursuant to Section 3.04, as of the applicable Valuation Date.

4.04 FINANCIAL ACCOUNTING PRINCIPLES. For purposes of this Article IV, the book value of the Plan Sponsor's Stock equity (the "equity value") shall be determined and adjusted as follows:

(a) The equity value shall be based upon consolidated financial statements including the consolidated assets, liabilities, equity, net income and net losses, and income taxes of the Plan Sponsor and all of its subsidiaries.

(b) The consolidated financial statements from which the equity value is taken shall be those prepared on the accrual basis, in accordance with generally accepted accounting principles applied consistently with prior periods, by the Plan Sponsor for its shareholders and lenders, and certified by the Plan Sponsor's chief financial officer (or its chief executive officer in the case of any valuation of the chief financial officer's Plan benefits if any). "Generally accepted accounting principles" mean those published and in use by the Plan Sponsor as of the applicable Valuation Date.

ARTICLE V ACCRUED BENEFIT VESTING AND FORFEITURES

5.01 ACCELERATED VESTING. Subject to Section 5.04, each Participant's entire Accrued Benefit, Share Units and Stock granted to a Participant will be 100% Nonforfeitable as of the earliest of the following dates:

(a) if a Change in Control Event occurs, upon the closing date of the Change in Control Event;

(b) upon the Participant's Separation from Service as a result of death or after attainment of age sixty-five (65); or

(c) upon the Participant's Separation from Service as a result of or during a period of Disability (as defined in Section 1.23).

5.02 SHARE UNIT VESTING SCHEDULE. Except as otherwise provided in Sections 5.01 and 5.04, all Share Units granted to a Participant as of a particular Accounting Date shall become Nonforfeitable according to the following vesting schedule, if the Participant has remained an Employee until the applicable anniversary of that Accounting Date:

<u>Anniversary of Unit Accounting Date</u>	<u>Percent of Nonforfeitable Share Units</u>
First	20%
Second	40%
Third	60%
Fourth	80%%
Fifth	100

Notwithstanding the foregoing, all Share Units granted as of the Accounting Date immediately on or prior to the Initial Effective Date shall be treated (for vesting purposes only) as having been granted one year earlier, so that such Share Units are 20% vested as of the Initial Effective Date.

5.03 FORFEITURE OCCURS. If a Participant has a Separation from Service, he or she shall forfeit the non-vested portion of his or her Share Units under Section 5.02, as the case may be, and the forfeiture shall occur on the date of the Separation from Service (as determined under Section 1.22). Whenever any percentage of a Share Unit is forfeited, the value of the related portion of the Participant's Unit Account shall be reduced by the forfeited percentage.

The Advisory Committee shall determine the percentage of a Participant's Share Unit forfeiture, if any, under this Section 5.03 solely by reference to the vesting schedule of Section 5.02. A Participant will not forfeit any portion of his or her Accrued Benefit for any other reason or cause, except as expressly provided by this Section 5.03, Section 5.04, Section 9.10 or upon Plan termination under Section 11.03.

Forfeited Share Units are not re-allocated to other Participants, but forfeited Share Units may become available for discretionary grants pursuant to Section 3.01.

5.04 FORFEITURE FOR MISCONDUCT. Notwithstanding any other provision of the Plan, all rights to any Accrued Benefit and payments due hereunder to a Participant will be discontinued and forfeited, and the Employer will have no further obligation hereunder to such Participant, if any of the following circumstances occur:

(a) the Participant is responsible for an act or omission constituting willful malfeasance or gross negligence in a matter of material importance to the Employer;

(b) the Participant commits a fraud or dishonest act or omission adversely affecting the Company, or any of its employees, vendors or customers; or

(c) except with the consent of the Employer or properly within the scope of his duties for the Employer, the Participant discloses to any third party or uses for his own benefit any trade secret or other confidential information that is owned by or licensed to the Employer, is material to its business and has not become public knowledge through no fault of the Participant.

The Advisory Committee shall have sole discretion with respect to interpreting the provisions of this Section 5.04, and determining all facts hereunder, and such exercise of discretion shall be conclusive and binding upon the Participant and all other persons.

ARTICLE VI TIME AND METHOD OF PAYMENT OF BENEFITS

6.01 PAYMENT OF VESTED SHARE UNIT DIVIDENDS. As of each date that any cash dividend is paid (the "actual dividend payment date") with respect to Stock of the Plan

Sponsor, an identical amount shall be paid with respect to each Share Unit that is treated below as Nonforfeitable and outstanding on that date, as follows:

(a) To the extent that a Participant has any outstanding Share Units that have become partially or wholly Nonforfeitable on or prior to the actual dividend payment date, the Employer shall pay to the Participant, as cash compensation for employment services, an amount equal to the cash dividend amount that would be payable to the Participant if the Nonforfeitable portion of his or her remaining Share Units were Stock of the Plan Sponsor as of the actual dividend payment date.

(b) To the extent that a Participant has any outstanding Share Units that have not yet become 100% Nonforfeitable as of an actual dividend payment date, the Employer shall not make any payments to the Participant with respect to the portion of such Share Units that are not yet Nonforfeitable.

(c) Except for any Share Units granted by a notice dated after the actual dividend payment date, Share Units shall be treated as outstanding as of that payment date if they are allocated to a Participant as of an Accounting Date prior to that payment date, subject to the following paragraph (d).

(d) No cash payment shall be made to a Participant under this Section 6.01 with respect to any Share Units that have either (i) been forfeited on or before the actual dividend payment date or (ii) transferred to a Distribution Account as of a Valuation Date before that payment date.

6.02 MANDATORY PAYMENTS ON SEPARATION FROM SERVICE. Upon a Participant's Separation from Service, the Employer shall commence payment, pursuant to Section 6.03, with respect to any of the Participant's Share Units that are not forfeited under Article V.

6.03 DISTRIBUTION DATES, DISTRIBUTION ACCOUNT AND PAYMENT METHOD.

Distribution Date. A "distribution date" under this Plan is:

(a) In the case of a Participant's Separation from Service, the first day of the third month beginning after the Separation from Service;

(b) pursuant to Notice 2005-1, Q&A, 19(c), as extended by the proposed regulations under Code Section 409A, prior to December 31, 2006, Participants will have a one-time opportunity to elect a specified distribution date, provided that the election applies only to amounts that would not otherwise be payable in 2006 and does not cause an amount to be paid in 2006 that would not otherwise be payable in such year; or

(c) in the case of a Share Unit designated under this Article VI for payment in connection with a Change in Control Event, the closing date of the Change in Control Event, or as soon as practicable thereafter, provided that in the event the Plan Sponsor terminates the Plan preceding or following a Change in Control Event, this distribution date does not violate Prop. Reg. Section 1.409A-3(h)(2)(viii)(B)

Transfer to Distribution Account. Whenever a Share Unit is designated for payment under this Article VI, (a) the Share Unit shall be valued pursuant to Article IV as of the Valuation Date, (b) the net value of the Share Unit (but not less than zero) shall be transferred as of that Valuation Date from the Participant's Unit Account to a Distribution Account established by the Employer for the Participant and (c) the Employer shall commence payment of the Distribution Account on the distribution date, according to the schedule set forth below.

Subject to Sections 5.04 and 9.10, each Distribution Account shall be 100% Nonforfeitable and shall not be combined with any other Distribution Account of the Participant.

Interest. Beginning as of the distribution date, interest shall be accrued on the remaining balance of each Distribution Account that is payable in installments, at the rate of seven percent (7%) per year, and payable annually as of each anniversary of the distribution date; provided, however, that the Advisory Committee may change the rate of interest as of any distribution date to any lawful rate that is not less than the current rate for one-year savings deposits; and provided further that interest may be determined under paragraph (d) of the following payment schedule.

Payment Schedule. Payment shall be scheduled from Distribution Accounts as follows:

(a) All Distribution Accounts that do not exceed \$100,000 in value when payment commences, shall be payable in a single lump sum on the distribution date; or

(b) If a Distribution Account exceeds \$100,000 in value, the principal balance shall be payable in two (2) equal annual installments, the first due on the distribution date and the other due on the first anniversary of the distribution date, plus the amount of interest accrued on the Account as of the payment date after the distribution date.

(c) Notwithstanding the foregoing provisions of this Section 6.03, any Account payable as a result of a change in the ownership of the Plan Sponsor (as defined in Prop. Reg. Section 1.409A-3(g)(5)(v)) or a change in the ownership of a substantial portion of the assets of the corporation (as defined in Prop. Reg. Section 1.409A-3(g)(5)(vii)) shall be payable on terms no more favorable than those under which the Plan Sponsor's shareholders receive payment or other consideration for their Stock, and the Board of Directors may pay such Accounts by using any non-cash consideration payable to such shareholders, in the same proportion received by them. To comply with Prop. Reg. Section 1.409A-3(g)(5)(iv), such amounts must be paid no later than five years after either of the two Change in Control Events mentioned above in this paragraph.

Employer's Rights. The Employer shall have the right to deduct, from all permissible distributions to a Participant under the Plan, any debts owed to the Employer by the Participant, and any taxes required by law to be withheld with respect to such payments, including payments under the dividend provisions of Section 6.01.

ARTICLE VII EMPLOYER ADMINISTRATIVE PROVISIONS

7.01 INFORMATION TO COMMITTEE. The Employer must supply current information to the Advisory Committee as to the name, date of birth, date of employment, leaves of absence, Years of Service, Plan Entry Date and date of termination of employment of each Employee who is, or who will be eligible to become, a Participant under the Plan, together with any other information which the Advisory Committee considers necessary. The Employers records as to the current information the Employer furnishes to the Advisory Committee are conclusive as to all persons.

7.02 NO LIABILITY. The Employer assumes no obligation or responsibility to any of its Employees, Participants or Beneficiaries for any act of, or failure to act, on the part of its Advisory Committee (unless the Employer is the Advisory Committee) or the Plan Administrator (unless the Employer is the Plan Administrator).

7.03 INDEMNITY OF CERTAIN FIDUCIARIES. The Employer indemnities and saves harmless the Plan Administrator and the members of the Advisory Committee, and each of them, from and against any and all loss resulting from liability to which the Plan Administrator and the Advisory Committee, or the members of the Advisory Committee may be subjected by reason of any act or conduct (except willful misconduct or gross negligence) in their official capacities in the administration of this Trust or Plan or both, including all expenses reasonably incurred in their defense, in case the Employer fails to provide such defense.

ARTICLE VIII PARTICIPANT ADMINISTRATIVE PROVISIONS

8.01 BENEFICIARY DESIGNATION. Any Participant may from time to time designate, in writing, any person or persons, contingently or successively, to whom the Employer will pay his or her Nonforfeitable Accrued Benefit in the event of the Participant's death. The Advisory Committee will prescribe the form for the written designation of Beneficiary and, upon the Participant's filing the form with the Advisory Committee, the form effectively revokes all designations filed prior to that date by the same Participant.

8.02 NO BENEFICIARY DESIGNATION/DEATH OF BENEFICIARY. If a Participant fails to name a Beneficiary in accordance with Section 8.01, or if the Beneficiary named by a Participant predeceases him, then the Employer will pay the Participant's Nonforfeitable Accrued Benefit in accordance with Section 6.02 in the following order of priority to:

- (a) The Participant's surviving spouse;
- (b) The Participant's surviving children, including adopted children, in equal shares;
- (c) The Participant's surviving parents, in equal shares; or
- (d) The Participant's estate.

If the Beneficiary does not predecease the Participant, but dies prior to distribution of the Participant's entire Nonforfeitable Accrued Benefit, the Employer will pay the remaining Nonforfeitable Accrued Benefit to the Beneficiary's estate unless the Participant's Beneficiary designation provides otherwise. The Advisory Committee will direct the Employer as to the method and to whom the Employer will make payment under this Section 8.02.

8.03 ADDRESS FOR NOTIFICATION. Each Participant and each Beneficiary of a deceased Participant must file with the Advisory Committee from time to time, in writing, his or her post office address and any change of post office address. Any communication, statement or notice addressed to a Participant, or Beneficiary, at his or her last post office address filed with the Advisory Committee, or as shown on the records of the Employer, binds the Participant, or Beneficiary, for all purposes of this Plan.

8.04 NON-TRANSFERABILITY. Except as provided under Sections 8.01 and 8.02 in the case of a deceased Participant, no Share Units granted under the Plan, nor any Accrued Benefit or rights and privileges pertaining thereto, may be anticipated, alienated, sold, transferred, assigned, pledged, encumbered or hypothecated in any manner, by operation of law or otherwise, other than by will or by the laws of descent and distribution, and shall not be subject to execution, garnishment, attachment or similar process by creditors of a Participant or his or her Beneficiary.

8.05 LIMITED PARTICIPANT RIGHTS. The Plan shall be entirely unfunded, and no provision shall at any time be made with respect to segregating assets of the Employer for payment of any benefits hereunder. No Participant or other person shall have any interest in any particular assets of the Employer by reason of the right to receive a benefit under the Plan and any such Participant or other person shall have only the rights of a general unsecured creditor of the Employer with respect to any benefits under the Plan.

Except as provided under Section 6.01, no Participant shall be entitled to any voting rights, to receive any dividends, or to have his or her Account credited or increased as a result of any dividends or other distribution with respect to the Stock of the Plan Sponsor or Employer.

8.06 APPEAL PROCEDURE FOR DENIAL OF BENEFITS. A Participant or a Beneficiary ("Claimant") may file with the Advisory Committee a written claim for benefits, if the Participant or Beneficiary determines the distribution procedures of the Plan have not provided him or her with his or her proper Nonforfeitable Accrued Benefit. The Advisory Committee must render a decision on the claim within ninety (90) days of the Claimant's written claim for benefits. The Plan Administrator must provide adequate notice in writing to the Claimant whose claim for benefits under the Plan the Advisory Committee has denied. The Plan Administrator's notice to the Claimant must set forth:

- (a) The specific reason for the denial;
- (b) Specific references to pertinent Plan provisions on which the Advisory Committee based its denial;
- (c) A description of any additional material and information needed for the Claimant to perfect his claim and an explanation of why the material or information is needed; and

(d) Any appeal the Claimant wishes to make of the adverse determination must be in writing to the Advisory Committee within ninety (90) days after receipt of the Plan Administrator's notice of denial of benefits. The Plan Administrator's notice must further advise the Claimant that his or her failure to appeal the action to the Advisory Committee in writing within the 90-day period will render the Advisory Committee's determination final, binding and conclusive.

If the Claimant should appeal to the Advisory Committee, he or she, or a duly authorized representative, may submit, in writing, whatever issues and comments the Claimant or the duly authorized representative feels are pertinent. The Claimant, or the duly authorized representative, may review pertinent Plan documents. The Advisory Committee will re-examine all facts related to the appeal and make a final determination as to whether the denial of benefits is justified under the circumstances. The Advisory Committee must advise the Claimant of its decision within sixty (60) days of the Claimant's written request for review, unless special circumstances (such as a hearing) would make the rendering of a decision within the 60-day limit unfeasible, but in no event may the Advisory Committee render a decision respecting a denial for a claim for benefits later than 120 days after its receipt of a request for review.

The Plan Administrator's notice of denial of benefits shall identify the name of each member of the Advisory Committee and the name and address of the Advisory Committee member to whom the Claimant may forward any appeal.

ARTICLE IX

ADVISORY COMMITTEE - DUTIES WITH RESPECT TO PARTICIPANTS' ACCOUNTS

9.01 MEMBERS' APPOINTMENT, EXPENSES. The Employer may appoint an Advisory Committee to administer the Plan, the members of which may or may not be Participants in the Plan, or which may be the Plan Administrator acting alone. In the absence of an Advisory Committee appointment, the Plan Administrator assumes the powers, duties and responsibilities of the Advisory Committee. The members of the Advisory Committee will serve without compensation for services as such, but the Employer will pay all expenses of the Advisory Committee.

9.02 TERM. Each member of the Advisory Committee serves until the appointment of a successor.

9.03 POWERS. In case of a vacancy in the membership of the Advisory Committee, the remaining members of the Advisory Committee may exercise any and all of the powers, authority, duties and discretion conferred upon the Advisory Committee pending the filling of the vacancy.

9.04 GENERAL. The Advisory Committee has the following discretionary powers and duties:

- (a) To select a Secretary, who need not be a member of the Advisory Committee;

(b) To determine the rights of eligibility of an Employee to participate in the Plan, the value of a Participant's Accrued Benefit and the Nonforfeitable percentage of each Participant's Accrued Benefit;

(c) To adopt rules of procedure and regulations necessary for the proper and efficient administration of the Plan provided the rules are not inconsistent with the terms of this Agreement;

(d) To construe and enforce the terms of the Plan and the rules and regulations it adopts, including interpretation of the Plan documents and documents related to the Plan's operation;

(e) To determine all relevant facts and to review and render decisions respecting a claim for (or denial of a claim for) a benefit under the Plan;

(f) To furnish the Employer with information which the Employer may require for tax or other purposes; and

(g) To engage the service of agents whom it may deem advisable to assist it with the performance of its duties.

9.05 MANNER OF ACTION. The Advisory Committee shall act by vote of a majority of the members appointed and qualified.

9.06 AUTHORIZED REPRESENTATIVE. The Advisory Committee may authorize any one of its members, or its Secretary, to sign on its behalf any notices, directions, applications, certificates, consents, approvals, waivers, letters or other documents. The Advisory Committee must evidence this authority by an instrument signed by all members and filed with the Employer.

9.07 INTERESTED MEMBER. No member of the Advisory Committee may decide or determine any matter concerning the valuation, distribution, nature or method of settlement of his or her own benefits under the Plan, except in exercising an election available to that member in his or her capacity as a Participant, unless the Plan Administrator is acting alone in the capacity of the Advisory Committee.

9.08 INDIVIDUAL ACCOUNTS. The Advisory Committee will maintain, or direct the Employer to maintain, a separate Account, or multiple separate Accounts, in the name of each Participant to reflect the Participant's Accrued Benefit under the Plan.

9.09 INDIVIDUAL STATEMENT. After the Accounting Date of each Plan Year, the Plan Administrator may deliver to each Participant (and to each Beneficiary of a deceased Participant) a statement reflecting the condition of his or her Accrued Benefit under the Plan as of that date. No Participant, except a member of the Advisory Committee and any individual designated by the Plan Administrator or Advisory Committee to assist in their duties, has the right to inspect the records reflecting the Accrued Benefit of any other Participant.

9.10 UNCLAIMED BENEFIT PROCEDURE. The Plan does not require either the

Plan Administrator or the Advisory Committee to search for, or to ascertain the whereabouts of, any Participant or Beneficiary. At the time the Participant's or Beneficiary's benefit becomes distributable under Article VI, the Advisory Committee, by certified or registered mail addressed to his or her last known address of record with the Advisory Committee or the Employer, must notify any Participant, or Beneficiary, that he or she is entitled to a distribution under this Plan. The notice must quote the provisions of this Section 9.10. If the Participant, or Beneficiary, fails to claim his or her distributive share or make his or her whereabouts known in writing to the Advisory Committee within 6 months from the date of mailing of the notice, the Advisory Committee will treat the Participant's or Beneficiary's unclaimed payable Accrued Benefit as forfeited. A forfeiture under this paragraph will occur at the end of the notice period.

If a Participant or Beneficiary who has incurred a forfeiture of his or her Accrued Benefit under the provisions of the first paragraph of this Section 9.10 makes a claim, within 6 years after the end of the notice period, for his or her forfeited Accrued Benefit, the Advisory Committee must restore the Participant's or Beneficiary's forfeited Accrued Benefit to the same dollar amount as the dollar amount of the Accrued Benefit forfeited, unadjusted for any gains or losses occurring subsequent to the date of the forfeiture. The Advisory Committee will make the restoration during the Plan Year in which the Participant or Beneficiary makes the claim. The Advisory Committee must direct the Employer to distribute the Participant's or Beneficiary's restored Accrued Benefit to him or her not later than 60 days after the close of the Plan Year in which the Advisory Committee restores the forfeited Accrued Benefit.

ARTICLE X MISCELLANEOUS

10.01 EVIDENCE. Anyone required to give evidence under the terms of the Plan may do so by certificate, affidavit, document or other information which the person to act in reliance may consider pertinent, reliable and genuine, and to have been signed, made or presented by the proper party or parties. Both the Advisory Committee and the Employer are fully protected in acting and relying upon any evidence described under the immediately preceding sentence.

10.02 NO RESPONSIBILITY FOR EMPLOYER ACTION. The Advisory Committee has no obligation or responsibility with respect to any action required by the Plan to be taken by the Employer, any Participant or eligible Employee, or for the failure of any of the above persons to act or make any payment or contribution, or to otherwise provide any benefit contemplated under this Plan. Neither the Employer nor the Advisory Committee need inquire into or be responsible for any action or failure to act on the part of the other, or on the part of any other person who has any responsibility regarding the management, administration or operation of the Plan, whether by the express terms of the Plan or by a separate agreement authorized by the Plan. Any action required of a corporate Employer must be by its Board of Directors or its designate.

10.03 WAIVER OF NOTICE. Any person entitled to notice under the Plan may waive the notice.

10.04 SUCCESSORS. The Plan is binding upon all persons entitled to benefits under the Plan, their respective heirs and legal representatives, upon the Employer, its successors and assigns,

and upon the Advisory Committee, the Plan Administrator and their successors.

10.05 WORD USAGE. Words used in the masculine or feminine also apply to the other where applicable, and wherever the context of the Plan dictates, the plural includes the singular and the singular includes the plural.

10.06 STATE LAW. Missouri law will determine all questions arising with respect to the provisions of this Agreement, except to the extent that Federal law applies.

10.07 EMPLOYMENT NOT GUARANTEED. Nothing contained in this Plan, or any modification or amendment to the Plan, or in the creation of any Share Unit or any Account, or the payment of any benefit, gives any Employee, Employee-Participant or any Beneficiary any right to continue employment, any legal or equitable right against the Employer, or Employee of the Employer, or against its agents or employees, or against the Plan Administrator, except as expressly provided by the Plan, or by a separate written agreement.

ARTICLE XI AMENDMENT AND TERMINATION

11.01 AMENDMENT BY EMPLOYER. The Board of Directors of the Plan Sponsor has the right at any time and from time to time to amend this Plan in any manner it deems necessary or advisable, but no amendment will be effective to the extent it violates Code Section 409A. No amendment to the Plan may alter, impair or reduce the number of Share Units granted under the Plan, or the amount of any Nonforfeitable Accrued Benefits outstanding prior to the date such amendment is effective, without the written consent of any affected Participant.

11.02 DISCONTINUANCE. Each participating Employer has the right, at any time, to suspend or discontinue its granting of Share Units under the Plan. The Plan Sponsor has the discretion to terminate this Plan in three circumstances, as described in Prop. Reg. Section 1.409A-3(h)(2)(viii)(A), (B) and (C). However, in the event of a merger of the Plan Sponsor into another corporation (to which Prop. Reg. Section 1.409A-3(h)(2)(viii)(B) would apply), if another participating Employer or a successor to the Plan Sponsor assumes the role of Plan Sponsor with the consent of the existing Plan Sponsor, the Plan shall be amended to have the number and value of all Share Units determined with respect to the common stock of the new Plan Sponsor.

11.03 FORFEITURE OF NON-VESTED BENEFITS. Upon termination of the Plan, an affected Participant's right to his Accrued Benefit shall be forfeited, except to the extent it is already Nonforfeitable, by applying the Nonforfeitable percentage which would then apply under Article V if the Participant had a Separation from Service as of the date of Plan termination.

11.04 TERMINATION. Upon termination of the Plan, the date of termination shall be a Valuation Date under Section 4.02, the Nonforfeitable portion (if any) of all Unit Accounts shall be transferred to Distribution Accounts bearing interest pursuant to Section 6.03 after that Valuation Date, any portions of Unit Accounts that have not become vested (Nonforfeitable) shall be automatically forfeited, and the distribution provisions of Article VI shall remain operative, with the

additional requirement that the Plan Sponsor can only distribute amounts in a manner that is consistent with both Section 11.02 and the requirements of Code Section 409A.

IN WITNESS WHEREOF, the participating Employer has executed this Plan in St. Joseph, Missouri effective on the first day of January 2005, pursuant to a duly adopted resolution of the Board of Directors of the Employer.
